This book is designed as a manual for the study of fundamental moral theology. It is addressed primarily to those who are undertaking a required course of study in Catholic theology at seminaries or ecclesiastical colleges. The editorial and typographical style, the choice of topics, and the extent of material covered are intended to meet the needs of such students. Nevertheless, we trust that the book will likewise be of interest for those who pursue theological and moral studies at a non specialist, though nonetheless serious level.

[Familias modernas](#) SAP PRESS

En Familias modernas Susan Golombok sintetiza más de dos décadas de innovadora investigación sobre la crianza de los niños en las nuevas formas de familia: las de madres lesbianas, las de padres gays, las encabezadas por mujeres sin pareja o las formadas mediante técnicas de reproducción asistida como la fecundación in vitro, la donación de óvulos, la donación de esperma, la donación de embriones y la gestación subrogada. En su labor, Golombok examina el contexto social en que crecen los niños y compara distintos modos de familia para dar respuesta a las preocupaciones planteadas sobre su correcto desarrollo. Sus hallazgos no solo desmienten mitos y suposiciones populares sobre las consecuencias psicológicas y sociales que tienen para los niños el criarse en estas nuevas familias, sino que refuta categóricamente las teorías establecidas sobre el desarrollo infantil que se basan en la supremacía de la familia tradicional. El presente libro demuestra que la estructura de la familia no es decisiva para el bienestar de los niños ni define el cariño y el afecto que se les brinda.

Jake Winroy had no looks, no education, and little else before he'd worked his way to the top of a million-dollar-a-month horse-betting ring. But when the state's latched onto his game, the feds take a bite and the lawyer fees eat away at the rest, all Jake's got left is the bottle and a beautiful wife whose every word is ugly. Jake's to be the top witness in a major case against organized crime -- if he hasn't already kicked the bucket before the trial has its day in court. But an enigmatic mafioso known only as The Man has a plan to make dead certain Jake never gets the chance to testify. The Man's hired Charlie "Little" Bigger, a hit man barely five feet tall, to infiltrate the Winroy residence as a tenant and murder Winroy in cold blood. To Little, it seems like the easiest job on Earth. Until he lays eyes on the beautiful and dangerous Fay and the Winroy's young housemaid Ruth, a woman as sensual as she is vulnerable. *Savage Night* is Jim Thompson at his most unpredictable and deeply suspenseful, in a claustrophobic thriller of one man's fractured mind.

[Los trillizos traviesos](#) Jack Lee

From the celebrated New Yorker cartoonist and acclaimed author of *Cancer Vixen*, a brilliant, funny, and wildly imaginative first novel: the story of an influential gossip columnist brought face-to-face with her higher self—and a challenge to change her life for the better. Glamorous, superconnected Ann Tenna is the founder of Eyemauler, a New York City-based Web site that's always the first to dish the most up-to-the-minute dirt on celebrities and ordinary folks alike. Ann has ascended to the zenith of the New York media scene, attended by groups of grovelers all too willing to be trampled on by her six-inch Giuseppe Zanottis if it means better seats at the table. But as high as her success has taken her, Ann has actually fallen far—very far—from her true self. It takes a near-fatal freak accident on her birthday—April Fool's Day—and an intervention from her cosmic double in a realm beyond our own to make Ann realize the full cost of the humanity she has

lost. Told with laugh-out-loud humor, spot-on dialogue (including via cameo appearances from

Coco Chanel, Gianni Versace, and Jimi Hendrix, to name just a few), and stunning, full-color artwork, Ann Tenna is a timely, necessary tale for our overly "media-cated" times: the newest,

much-anticipated adventure from a supremely gifted artist at the height of her powers.
