 The Microsoft Word text editing program is one of the most popular programs used today for writing letters, reports, flyers, and more. It is embraced by business, education, health care, and government institutions. This concise, step-by-step instructions and exercises in this book will get users thoroughly and efficiently acquainted with this valuable program. After working through the books, users have the opportunity to take the Microsoft Office Specialist ® (MOS) exam and receive an official certificate -- a useful document in the workplace or on a resume. For optimal exam preparation, various additional materials are available, including an ample assortment of practice files. Even aside from the exam, this is the ideal book for learning crucial Word skills, including: creating and editing text;

creating lists and tables; working with pictures; using WordArt, shapes, and SmartArt; formatting documents; adding captions, footnotes, and a table of contents; adjusting document views; and more.
