In *The Power of the Actor*, a Los Angeles Times bestseller, premier acting teacher and coach Ivana Chubbuck reveals her cutting-edge technique, which has launched some of the most successful acting careers in Hollywood. The first book from the instructor who has taught Charlize Theron, Brad Pitt, Elisabeth Shue, Djimon Hounsou, and Halle Berry, *The Power of the Actor* guides you to dynamic and effective results. For many of today's major talents, the Chubbuck Technique is the leading edge of acting for the twenty-first century. Ivana Chubbuck has developed a curriculum that takes the theories of the acting masters, such as Stanislavski, Meisner, and Hagen, to the next step by utilizing inner pain and emotions, not as an end in itself, but rather as a way to drive and win a goal. In addition to the powerful twelve-step process, the book takes well-known scripts, both classic and contemporary, and demonstrates how to precisely apply Chubbuck's script-analysis process. *The Power of the Actor* is filled with fascinating and inspiring behind-the-scenes accounts of how noted actors have mastered their craft and have accomplished success in such a difficult and competitive field.

I Said Yes to Everything Allegro Editions

The subject of this book is theatre directing in four internationally famous instances. The four directors—Konstantin Stanislavsky, Bertolt Brecht, Elia Kazan, and Peter Brook—all were monarchs of the profession in their time. Without their work, theatre in the twentieth century—so often called "the century of the director" —would have a radically different shape and meaning. The four men are also among the dozen or so modern directors whose theatrical achievements have become culture phenomena. In histories, theories, hagiographies, and polemics, these directors are conferred classic stature, as are the four plays on which they worked. Chekhov's *The Seagull*, Brecht's *Mother Courage and Her Children*, and Williams's *A Streetcar Named Desire* have long been recognized, in the theatre and in the study, as masterpieces. They are anthologized, quoted, taught, parodied, read, and produced constantly and globally. The culturally conservative might question the presence of *Marat/Sade* in such august company, but Peter Weiss's play stands every chance of figuring in Western repertoires, classroom study, and theatrical histories until well into the twenty-first century. In their quite different ways, these are all classics of that Western drama which is part of our immediate heritage.

The Director's Idea Allyn & Bacon

A veteran film critic offers a lively, opinionated guide to thinking and talking about movies -- from Casablanca to Clueless Whether we are trying to impress a date after an art house film screening or discussing Oscar nominations among friends, we all need ways to look at and talk about movies. But with so much variety between an Alfred Hitchcock thriller and a Nora Ephron romantic comedy, how can everyday viewers determine what makes a good movie? In *Talking Pictures*, veteran film critic Ann Hornaday walks us through the production of a typical movie -- from script and casting to final sound edit -- and explains how to evaluate each piece of the process. How do we know if a film has been well-written, above and beyond snappy dialogue? What constitutes a great screen performance? What goes into praiseworthy cinematography, editing, and sound design? And what does a director really do? In a new epilogue, Hornaday addresses important questions of representation in film and the industry and how this can, and should, effect a movie-watching experience. Full of engaging anecdotes and interviews with actors and filmmakers, *Talking Pictures* will help us see movies in a whole new light--not just as fans, but as film critics in our own right.

From a master of cinema comes this "gold mine of a book . . . a rocket ride to the potential future" of filmmaking (Walter Murch). Celebrated as an "exhilarating account" of a revolutionary new medium (Booklist), Francis Ford Coppola's indispensable guide to live cinema is a boon for moviegoers, film students, and teachers alike. As digital movie-making, like live sports, can now be performed by one director—or by a collaborative team online— it is only a matter of time before cinema auteurs will create "live" movies to be broadcast instantly in faraway theaters. "Peppered with brilliant personal observations" (Wendy Doniger), *Live Cinema and Its Techniques* offers a behind-the-scenes look at a consummate career: from Coppola's formative boyhood obsession with live 1950s television shows and later attempts to imitate the spontaneity of live performance on set, the book usefully includes a guide to presenting state-of-the-art techniques on everything from rehearsals to equipment. A testament to Coppola's prodigious enthusiasm for reinvigorating the form, *Live Cinema* is an indispensable guide that "reenergizes . . . the search for a new way of storytelling" (William Friedkin).

On Directing Dramatists Play Service, Inc.

Now that directors such as Stephen Spielberg, George Lucas, and Francis Ford Coppola are celebrated along-side movie stars, it is hard to imagine that little more than a century ago the director was a nameless, faceless entity—an overseer of workflow in the shuffle of shadows offstage. In surveying the pioneers who transformed theater into the dynamic art form it is today, *Directors on Directing* presents a timeless collection of writings offering insight into what it means to direct and how to better appreciate theatrical performances.

THE ANATOLIAN Vintage

Elia Kazan is the director responsible for films such as *On the Waterfront*, *A Streetcar Named Desire*, *Viva Zapata!* and *East of Eden* - to name but a few. With Marlon Brando and James Dean he inaugurated a new age of screen acting - one closely connected to the New York Method school - which has left a lasting impression on American movies. A Greek immigrant - who immortalized his family's struggle to reach the New World in his film *America, America* - he was ferociously committed to dealing with the problems that beset American society - trade unions in *On the Waterfront*; anti-semitism in *The Gentlemen's Agreement*; media manipulation in *A Face in the Crowd*; and ecology in *Wild River*. His demand for an authentic intensity of performance from his actors brought a powerful emotionalism to American movies and created moments of cinema that live forever in the memory. This book chronicles, in his own words, the career of a director who re-defined American film acting.

Directors on Directing Univ of California Press

From Elia Kazan, the celebrated writer and director: a huge, stunning story of a word in tumult and an immigrant's life redeemed. It is a pivotal moment in history. The First World War has barely ended. Greek forces are reclaiming Anatolia from the Turks. And Stavros Topouzoglou—who twenty years earlier, escaping oppression of Turkish rule, fled to America only to discover the venality of his dream of an American life—disembarks to reclaim his homeland. Here he will recast his life and

rid himself of his obsession with the elegant American woman who has become for him the ultimate symbol of success. He will marry an Anatolian girl who will treat him like an "agha." He will have the life his father had. Stavros's energy and arrogance propel him to an astonishing success in his war-torn country. Deep in the interior of Anatolia, he meets the woman who he thinks will complete this new vision of himself—the fiercely independent Thomna. But he does not know that her passion matches his own twenty years before—to get to America at any cost. His passion now is for Anatolia, and bringing his mother and sister back from America, he pursues his fortune further into dangerous areas, behind the lines of combat—even when learns that the Allies have deserted the Greeks, even after he loses his brother to the Greco-Turkish war. As the novel unfolds, we see Stavros and his dreams of wealth and home becoming inextricably entwined with the Greek cause—compelling him, at the risk of sacrificing his life with Thomna, to a level of selflessness and heroism he has never before imagined. Beyond the Aegean is a novel dramatically, historically, and emotionally powerful, a novel that both stands uncompromisingly on its own and brings to a close Elia Kazan's commanding saga of one immigrant life.

Creating Life on Stage Harper Collins

"This Introduction is an exciting journey through the different styles of theatre that twentieth-century and contemporary directors have created. It discusses artistic and political values, rehearsal methods and the diverging relationships with actors and designers, treatment of dramatic material and approaches to audiences. Offering a compelling analysis of theatrical practice, Christopher Innes and Maria Shevtsova explore the different rehearsal and staging principles and methods of such earlier groundbreaking figures as Stanislavsky, Meyerhold and Brecht, revising standard perspectives on their work, as well as analysing a diverse range of innovative contemporary directors, including Ariane Mnouchkine, Lev Dodin, Peter Brook, and Peter Sellars. While tracing the different roots of directorial practices across time, and discussing their artistic, cultural and political significance, the authors provide significant examples of the major directorial approaches and reveal comprehensive patterns in the craft of directing and the influence and collaborative relationships of directors"--

Notes on Directing Knopf

Elia Kazan was the twentieth century's most celebrated director of both stage and screen, and this monumental, revelatory book shows us the master at work. Kazan's list of Broadway and Hollywood successes—*A Streetcar Named Desire*, *Death of a Salesman*, *On the Waterfront*, to name a few—is a testament to his profound impact on the art of directing. This remarkable book, drawn from his notebooks, letters, interviews, and autobiography, reveals Kazan's method: how he uncovered the "spine," or core, of each script; how he analyzed each piece in terms of his own experience; and how he determined the specifics of his production. And in the final section, "The Pleasures of Directing"—written during Kazan's final years—he becomes a wise old pro offering advice and insight for budding artists, writers, actors, and directors.
