The Congressional Record is the official record of the proceedings
and debates of the United States Congress. It is published daily
when Congress is in session. The Congressional Record began
publication in 1873. Debates for sessions prior to 1873 are
recorded in The Debates and Proceedings in the Congress of the
United States (1789-1824), the Register of Debates in Congress
(1824-1837), and the Congressional Globe (1833-1873)

How to Pass [the] Medical College Admission Test

This country study is an important output of the regional FAO
project on Empowering Smallholders and Family Farms. This
report aims to analyse the development trend and current state
of smallholders and family farms in the country and to study the
current political priorities and policies affecting smallholders and
family farms. Ultimately, based on the conclusions made, the aim
of the report is to provide recommendations, mainly at the policy
level, on how to further support the development of commercial
family farms in Georgia and at the same time ensure, in general,
inclusive growth, improved rural livelihoods, and reduction of
rural poverty.
