## MAHONEY NIXON

**Multimodal Literacy in School Science** Biology in Focus Biology in Focus HSC Course covers the HSC Core Modules and is supported by the award winning Biology Options series (Communication, The Human Story and Genetics: The Code Broken? - see overleaf). A free student CD-ROM includes a copy of the text, answers to all revision questions, Module Overview Mind Maps and a wide range of useful weblinks. Biology in Focus Biology Options The Biology Options series has been written in response to the demand for individual option books that cover the requirements of the HSC Biology Syllabus. The three most popular options, Communication, The Human Story and Genetics: The Code Broken? have been addressed in a student friendly, in-depth and accessible format, which provides students and teachers with a clear, concise coverage of the requirements of all three columns of the syllabus. Communication The Biology Options series has been written in response to the demand for books that cover the

HSC Biology syllabus options individually. The three most popular options -- Communication, The Human Story and Genetics: The Code Broken? -- have been addressed in an in-depth but accessible format, providing students and teachers with a clear, concise coverage of the requirements of all three strands of the syllabus. These titles are ideal to use in conjunction with the new Biology in Focus series. Biology in Focus: Skills and Assessment Workbook Year 11 The Science in Focus Biology Skills and Assessment Workbook approaches the Biology NESA Stage 6 syllabi sequentially. The workbook is organised by inquiry question and has a skills focused worksheet approach. The workbook helps students build capacity to work scientifically, complete high-quality depth studies and succeed in formal school-based assessment and the HSC exam. Biology in Focus: Skills and Assessment Workbook Year 12 The Science in Focus Biology Skills and Assessment Workbook approaches the Biology NESA Stage 6 syllabi sequentially. The workbook is organised by inquiry question and has a

skills focused worksheet approach. The workbook helps students build capacity to work scientifically, complete high-quality depth studies and succeed in formal school-based assessment and the HSC exam. Nelson iScience 10 for NSW The Nelson iScience NSW for the Australian Curriculum series has been designed in consultation with practising teachers from NSW schools. Authored by experienced teachers, this series captures the depth and scope of the NSW syllabus for the Australian Curriculum. This series is designed for the 21st Century classroom, with the integration of Web 2.0 technology suggestions for students for investigating, analysing, summarising and presenting. Higher-order thinking skills, inquiry and student-centred learning are reinforced in every chapter through creative activities and questions that follow Bloom's revised taxonomy. Teacher resources will be available to support each year level. These are available as a printed teacher book or as the full digital suite through NelsonNet. Get Psyched! Heinemann Physics Third Edition Enhanced has

been updated with the latest developments and applications of physics, while still retaining the market-leading features that make this series so popular. The student book includes: A brand-new look is designed to make learning accessible for students; All questions have been checked and updated to reflect current VCE exams; On-page references to online support and activities are available through Pearson Reader.

#### 101 Dalmatians

Cambridge University Press

The new Queensland Physics syllabus affects all aspects of teaching and learning - new teaching content, new course structure and a new approach to assessment. As EPAA Secondary Publisher of the Year 2017, 2018 and 2019, Oxford University Press is committed to helping teachers and students in Queensland reach their full potential. New Century Physics for Queensland 3E Student workbooks are standalone resources designed to help students succeed in their internal and external assessments. With an engaging design, full-colour photos and relevant diagrams

throughout, the Student workbooks include: a Toolkit chapter focused on internal assessments and cognitive verbs Data drill activities that help students develop the key skills in analysis and interpretation required for the Data test Experiment explorer activities that support the modification of a practical as required in the Student experiment Research review activities that allow students to practise how to evaluate a claim and identify credible sources for the Research investigation Exam excellence activities that allow students to practice multiple choice and short answer questions in preparation for the external examination handy study tips throughout the chapters practice internal assessments for the Data test, Student experiment and Research investigation write-in worksheets for all mandatory and suggested practicals appendices such as the periodic table and formulas answers to all activities and practice assessments.

Get Psyched! Heinemann Nature of Biology 1, 5th Edition, VCE Units 1 and 2 provides comprehensive coverage of the new VCE

Study Design for 2016-2021. It includes Jacaranda's unique exam preparation tool, studyON, which has been fully integrated with the text to maximise every student's opportunity for exam success. Features and benefits \* New HTML5 interactivities are available. These are designed to engage, excite and enhance understanding by bringing difficult concepts to life.

*Oxford Psychology* Nelson Australia

Fully updated and matched to the Cambridge syllabus, this stretching Student Book is trusted by teachers around the world to support advanced understanding and achievement at IGCSE. The popular, stretching approach will help students to reach their full potential. Written by an experienced author, Ron Pickering, this updated edition is full of engaging content with up-to-date examples to cover all aspects of the Cambridge syllabus. The step-by-step approach will lead students through the course in a logical learning order building knowledge and practical skills with regular questions and practical activities. Extension

material will stretch the highest ability students and prepare them to take the next step in their learning. Practice exam questions will consolidate student understanding and prepare them for exam success. Each book is accompanied by online access to a wealth of extra support for students including practice exam questions, revision checklists and advice on how to prepare for an exam.

*Pearson Chemistry Queensland 11 Skills and Assessment Book*  
Cambridge University Press

Write-in workbooks with a focus on key science skills. They are designed to consolidate concepts learnt in class. They also provide students with Sample Assessment tasks worksheets. Fully aligned to the VCE Units 1&2 Study Design. Key knowledge Worksheets Practical activities Sample assessment tasks. Designed so that they are able to be used independently from the Student Books. Fully worked solutions and suggested answers to the workbook can be found on the Teacher ProductLink.

*Nelson iScience 9 Teacher Edition* John Wiley & Sons  
Nelson Peak Performance is a write-in workbook/

study guide to assist students with VCE exam success. Providing full coverage of the VCE Physical Education course and content that mirrors the Year 12 exam, Nelson Peak Performance is the essential resource for students preparing for their end-of-year exam.

*Earth and Environmental Science: The HSC Course* Disney Electronic Content  
Biology in Focus HSC Course covers the HSC Core Modules and is supported by the award winning Biology Options series (Communication, The Human Story and Genetics: The Code Broken? - see overleaf). A free student CD-ROM includes a copy of the text, answers to all revision questions, Module Overview Mind Maps and a wide range of useful weblinks.

[Complete Biology for Cambridge IGCSE®](#)  
Routledge

Set students up for exam success with Macmillan Biology. Macmillan Biology guarantees complete course coverage. These accessible and engaging books navigate the new syllabus units, modules and dot-points logically and comprehensively. Students are supported with clear learning

outcomes, revision questions and mini exams, preparing them fully for Year 11 assessment, and giving them the skills and confidence for success in Year 12.

*Biology in Focus: Skills and Assessment Workbook Year 11*

Jacaranda  
Incorporating contemporary case studies and the latest in Australian and international research, Get Psyched is the ideal introduction to the fascinating world of psychology. This textbook combines topics that will intrigue and beguile - ranging from the art of happiness to the dark side of human nature - with a strong science focus that reflects current approaches to psychology. Additional online student support resources, including an electronic version of the student textbook and links to a range of up-to-date articles, case studies, interactive sites and YouTube® experiments, are available free for users of Get Psyched. Teachers also have online access to a range of activities with answers, PowerPoint presentations, answers to all the questions from this

textbook and more. Visit [www.cambridge.edu.au/GO](http://www.cambridge.edu.au/GO).

#### Nelson Introducing

#### Technology Routledge

This BRAND NEW guide is directly linked to the new syllabus with every single dot point of the Preliminary Chemistry syllabus appearing in the margin of the book. Now in a full-colour format has even more features than before to help students succeed in Year 11. You can write in the guide, so your study is focused and your notes are structured! It includes up-to-date coverage of all the core topics.

#### *Nelson iScience 10 for NSW* Oxford University Press - Children

The Nelson iScience NSW for the Australian Curriculum series has been designed in consultation with practising teachers from NSW schools. Authored by experienced teachers, this series captures the depth and scope of the NSW syllabus for the Australian Curriculum. This series is designed for the 21st Century classroom, with the integration of Web 2.0 technology suggestions for students for investigating, analysing, summarising and presenting. Higher-order

thinking skills, inquiry and student-centred learning are reinforced in every chapter through creative activities and questions that follow Bloom's revised taxonomy.

Teacher resources will be available to support each year level. These are available as a printed teacher book or as the full digital suite through NelsonNet.

#### *Biology in Focus*

Written to the highest achievement standard, this visually engaging series brings Biology to life with clear language and relevant examples. New case studies and Scientific Literacy boxes in every chapter help students to connect with the study of Biology to the real world.

#### **Pearson Mathematics for New South Wales 9, Stages 5. 1, 5. 2 and 5. 3 Student Book**

A new text, with a fresh approach tailored specifically for Queensland's Senior Physical Education course. Incorporating topical research, up-to-date articles and statistics, striking imagery and the knowledge and expertise of a market-leading author team, this series brings PE to a new generation of students. With an explicit focus on

assessment, Oxford Senior Physical Education for Queensland will ensure success for your students.

#### New Century Maths 12

The Biology Options series has been written in response to the demand for books that cover the HSC Biology syllabus options individually. The three most popular options -- Communication, The Human Story and Genetics: The Code Broken? -- have been addressed in an in-depth but accessible format, providing students and teachers with a clear, concise coverage of the requirements of all three strands of the syllabus. These titles are ideal to use in conjunction with the new Biology in Focus series.

#### Biology in Context

'Routledge Performance Practitioners' is a series of introductory guides to the key theatre-makers of the last century. This text looks at Robert Lepage, one of Canada's most foremost playwrights and directors.

#### *Dot Point Biology - Preliminary*

The Science in Focus Biology Skills and Assessment Workbook approaches the Biology NESA Stage 6 syllabi sequentially. The

workbook is organised by inquiry question and has a skills-focused worksheet approach. The workbook helps students build capacity to work scientifically, complete high-quality depth studies and succeed in formal school-based assessment and the HSC exam.

#### Mathematics

Physics in Focus Year 12 Student Book meets the complete requirements of the 2017 NSW NESA Stage 6 Physics syllabus in intent, content and sequence. The student book is written in accessible language and provides clear explanation of concepts throughout. Scenario-style questions at the end of each module and review quizzes at the end of each chapter allow students to review, analyse and evaluate content, to develop a clear understanding across the curriculum areas.

#### Conquering Chemistry: HSC course (book with CD-ROM)

The fourth edition of the highly regarded

Conquering Chemistry series addresses the revised New South Wales Stage 6 Chemistry syllabus. Written by experienced author Roland Smith, the new full-colour editions include a range of features that reflect the syllabus amendments, with a clear focus on chemical applications in the real world. Each book also includes a free student CD-ROM featuring the whole text in electronic format.

#### **Jacaranda Outcomes 2 Personal Development, Health and Physical Education HSC Course 6E EBookPLUS and Print**

The Science in Focus Biology Skills and Assessment Workbook approaches the Biology NESA Stage 6 syllabi sequentially. The workbook is organised by inquiry question and has a skills-focused worksheet approach. The workbook helps students build capacity to work scientifically, complete high-quality depth studies

and succeed in formal school-based assessment and the HSC exam.

#### **Nelson Technology Activity Manual Workbook**

This comprehensive and exciting new text covers all of the syllabus requirements of the NSW Board of Studies HSC course in Earth and Environmental Science. Featuring global, Australian and NSW contexts it provides extensive coverage of core and elective topics and contains up-to-date information with special attention given to providing material for those areas of the syllabus that teachers have found difficult to resource. Also it gives clear sets of outcomes for each section of the text and includes numerous exercises and practical activities with a range of difficulty to address the needs of all students. Students will develop an appreciation of natural phenomena and human interactions with the natural world.
