[The Deathlord of Ixia](#) Little, Brown Spark From the creators of Lone Wolf and Cub comes Samurai Executioner. It's true! Before Koike and Kojima created Itto Ogami, they created Kubikiri Asa, better known to Lone Wolf readers as Decapitator Asaemon. He was the equal to Itto, bearer of the sword Onibocho, the man charged with the duty of testing the swords for the shogun. Samurai Executioner is based on the decapitator himself, in life before his fatal duel with Lone Wolf. Expect the same legendary drama, frantic action, and stoic samurai stature, combined with the exemplary art and storytelling that made Lone Wolf and Cub one of the most popular and influential comic books in the world! • Never before published in America, Samurai Executioner was the

precursor to one of the most seminal works of manga, Lone Wolf and Cub! • Since the inception of its Lone Wolf and Cub publishing program in 2000, Dark Horse has sold over 800,000 copies! And the series continues to sell thousands per month! • FOR MATURE READERS. For fans of Cheryl Strayed, the gripping story of a biologist's human-powered journey from the Pacific Northwest to the Arctic to rediscover her love of birds, nature, and adventure. During graduate school, as she conducted experiments on the peculiarly misshapen beaks of chickadees, ornithologist Caroline Van Hemert began to feel stifled in the isolated, sterile environment of the lab. Worried that she was losing her passion for the scientific research she once loved, she was compelled to experience wildness again, to be guided by the sounds of birds and to follow the trails of animals. In March of 2012, she and her husband set off on a 4,000-mile wilderness journey

from the Pacific rainforest to the Alaskan Arctic, traveling by rowboat, ski, foot, raft, and canoe. Together, they survived harrowing dangers while also experiencing incredible moments of joy and grace -- migrating birds silhouetted against the moon, the steamy breath of caribou, and the bond that comes from sharing such experiences. A unique blend of science, adventure, and personal narrative, *The Sun is a Compass* explores the bounds of the physical body and the tenuousness of life in the company of the creatures who make their homes in the wildest places left in North America. Inspiring and beautifully written, this love letter to nature is a lyrical testament to the resilience of the human spirit. Winner of the 2019 Banff Mountain Book Competition: Adventure Travel

And Yagyu's jailer is none other than the poisoner himself, determined to feed Retsudo the dose that will end his life in a pit of dishonor. But Yagyu has spies even in Edo castle, and a message is sent to his "grass," members of the clan hiding in secret, living as normal townspeople throughout Japan. It is up to them to give their lives in this final hour of desperate need. Meanwhile, Itto Ogami is living in a shack and training his little boy for the day when he must protect the battlefield with

his own little hands. Still, two swords remain in this field of death, awaiting the two hands that will draw them from the soil and bring us closer to the end of our tale.
