Leaving a promising career in academic philosophy to embark on a career in film, American director Terrence Malick has created cinematic works of art that are also deeply philosophical. His contribution to philosophy through a half century of filmmaking has become the focus of increasing scholarly attention. Inviting the reader along a journey of reflections at the intersection of film, art, and philosophy, *Life Above the Clouds* brings together an international team of contributors to present the most current

and definitive statement of the filmmaker's work. Accessibly written and exploring films such as *Badlands*, *Days of Heaven*, *The Thin Red Line*, *The New World*, *The Tree of Life*, *To the Wonder*, *Knight of Cups*, *Song to Song*, and *A Hidden Life*, the nineteen essays herein will be of interest not only to scholars and students of philosophy, theology, film studies, and aesthetics, but also to anyone with a true love of film.

Irmela Hijiya-Kirschner brings a sophisticated and graceful method of analysis to this English translation of her book on the *shishōsetsu*, one of the most important yet misunderstood genres in Japanese literature. Thorough and insightful, this study of the Japanese version of the "I-novel" provides a means of researching and interpreting the tradition of the genre, linking it

to forms of autobiographical fiction as well as to cultural assumptions of the classical period of Japanese history. Hijiya-Kirschner provides a model of systematic inquiry into literary traditions that will stimulate American and English Japanologists, providing a much-needed bridge between German Japanologists and the rest of the field.

Sorrow and Bliss HarperCollins

Derin Kaplan was only six years old when her father was frozen, and a lot has changed in the world since then. The financial markets crashed with the interventions of a quantum computer built by her father, and biological weapons killed most of the global population. Derin and her mother survived and live in a female-only community in a high-tech building rising above the sea. The year is 2044 and, as a cryogenic engineer, Derin is working day and night to bring her father back to life. If he does come back, he will be three years younger than her, but what will that change? He'll still be her father. She remembers his face from old videos, and she's programmed her personal robot to speak with his voice. She misses him. Her mother is asking her to think this through more, but Derin is determined. She manages to freeze and thaw one of the hamsters she's been experimenting with, but one is still dead. There must have been a difference somewhere in the process, but she can't find it. She needs to ask Quantus, the community's AI. No one else can help her. She won't give up, even if bringing her father back means that two of

the women who have applied for a baby this year will be turned down due to the community's restrictions on population growth. The system is very different from the approaches of the past; unanimity is required in voting, not just a majority. She must prepare a speech and convince the other women to vote in favor of bringing her father back. However, when her own life and the fate of the whole community are threatened by artificial intelligence, Derin begins to question everything she thought she knew. Her questions will lead her into outer space in pursuit of a mysterious object that appears and disappears in the sky, and the answers that she finds will show her how humanity came to be on Earth and how they should live from this point forward. Derin's story is interspersed with those of several other interconnected characters, with action taking place both before and after the crises that bring about the collapse of the old-world order.

From a New York Times–bestselling author: A novel of a woman's journey from prostitute to brothel madam to murderess to nun in post-World War II France. A sense of adventure and an eagerness to savor life to the fullest impel young, orphaned Elizabeth Fanshawe to escape her cold, unloving home and enlist in the British Army as a driver in 1944. Dispatched to Paris at the close of the Allies' war against the hated Nazis, she soon finds herself swept up in the intoxicating celebratory glee of the newly liberated French. But after she meets the charming, seductive Patrice Ambard, Elizabeth's life takes a sharp turn down a very dark road. Her love for the dashing, hypnotic Frenchman draws Elizabeth, now called Lise, into Patrice's world of crime and high-

class prostitution, where she is broken, hardened, and then transformed into the whore-turned-notorious-madam known as La Balafrée, or the Scarred One. Still, her great fall will not be complete until circumstances drive her to commit a shocking murder—and imprisonment ultimately sets her free. A haunting tale of disgrace, degradation, and glorious redemption told in flashbacks from the convent of Belle Source, where Soeur Marie Lise of the Sisters of Bethany remembers her years of sin and her eventual salvation, *Five for Sorrow, Ten for Joy* is moving and powerful fiction from one of the most admired British novelists of the twentieth century. Rumer Godden, author of *Black Narcissus* and *In This House of Brede*, has crafted a truly transformative tale about faith, forgiveness, and the mercy of a loving God. This ebook features an illustrated biography of the author including rare images from the Rumer Godden Literary Estate.

Throughout his eventful life as a monk, poet, novelist, political dissident, husband, and father, Ko Un has remained a traveler on the Way. The poems in this collection, though strictly within the true Zen tradition, are as witty and down-to-earth as they are contemplative. Described by Allen Ginsberg as “thought-stopping Koan-like mental firecrackers,” the poems reflect both writer and reader. First published in 1997, the new edition features a more sympathetic translation and 11 original brush paintings by the author.

Strange Beasts of China BRILL

"Brilliantly faceted and extremely funny. . . . While I was reading it, I was making a list of all the people I wanted to send it to, until I realized that I wanted to send it to everyone I know." — Ann Patchett "Improbably charming...will have you chortling and reading lines aloud." — PEOPLE The internationally bestselling, compulsively readable novel—spiky, sharp, intriguingly dark, and tender—that combines the psychological insight of Sally Rooney with the sharp humor of Nina Stibbe and the emotional resonance of Eleanor Oliphant Is Completely Fine. Martha Friel just turned forty. Once, she worked at Vogue and planned to write a novel. Now, she creates internet content. She used to live in a pied-à-terre in Paris. Now she lives in a gated community in Oxford, the only person she knows without a PhD, a baby or both, in a house she hates but cannot bear to leave. But she must leave, now that her husband Patrick—the kind who cooks, throws her birthday parties, who loves her and has only ever wanted her to be happy—has just moved out. Because there's something wrong with Martha, and has been for a long time. When she was seventeen, a little bomb went off in her brain and she was never the same. But countless doctors, endless therapy, every kind of drug later, she still doesn't know what's wrong, why she spends days unable to get out of bed or alienates both strangers and her loved ones with casually cruel remarks. And she has nowhere to go except her childhood home: a bohemian (dilapidated) townhouse in a romantic (rundown) part of London—to live with her mother, a minorly important sculptor (and major drinker) and her father, a famous poet (though unpublished) and try to survive without the devoted, potty-mouthed sister who made all the chaos bearable back then, and is now too busy or too fed up to

deal with her. But maybe, by starting over, Martha will get to write a better ending for herself—and she'll find out that she's not quite finished after all.

Out of the Dust (Scholastic Gold) SAGE Publications

The Los Angeles Times Book Prizes Finalist Longlisted for the 2024 Aspen Words Literary Prize Named a Best of the Year Book by NPR Crackling with energy and intelligence, this debut is the "smart, subversive, funny, heartbreaking" (Kamila Shamsie) story of an exceptional teenager coming of age in the shadow of colonialism and communal violence in Nigeria. Andrew Aziza is an unusually smart fifteen-year-old in Kontagora, Nigeria. He lives with his fiercely protective mother, Gloria, and fantasizes obsessively about white girls—especially blondes. When he's not in church, at school, or hanging about town with his droogs wishing to become one of "Africa's first superheroes," he's contemplating the larger questions with his teacher Zahrah and his equally brilliant friend Fatima, a Hausa-Fulani girl who has feelings for him. Together they discuss mathematical theorems, Black power, and what Andy has deemed the Curse of Africa. Sure enough, the reluctantly nicknamed Andy Africa soon falls hopelessly and inappropriately in love with the first white girl he lays eyes on: Eileen. But at the church party held to celebrate her arrival, multiple crises loom. An unfamiliar man there claims, despite his mother's denials, to be Andy's father, and an anti-Christian mob has gathered, headed for the church. In the ensuing havoc and its aftermath, Andy is forced to reckon with his identity and desires and determine how to live on the so-called Cursed Continent. The *Five Sorrowful Mysteries of Andy Africa* announces a dazzlingly unique literary voice. Crackling with energy, this tragicomic novel

provides a stunning lens into contemporary African life, the complicity of the West, and the impossible challenges of growing up in a turbulent world.

Man of Constant Sorrow Simon and Schuster

The issue of moral instructions in schools and at homes is threatened with extinction. Consequently, so many youths are involved in prostitution, drug addictions, cultism, fraudulent practices, armed robberies and other crimes. Those who are supposed to be trained as leaders in various walks of life are the ones posing serious threats to many lives. Many parents who fail to add moral values to the upbringing of their children often times breed potential criminals under their roofs without knowing it. Apart from these, many other people negatively influence young ones through the media, music, publications, films, conduct and foul language; making them to lose their moral and family values. This book one just like the rest of other volumes is an attempt to bring back moral instructions into schools and campuses through the use of stories, hymn tuned songs, poems, Bible lessons and class activities. It is designed to assist teachers and ministers in Secondary Schools, Bible Clubs, Churches and Campus Fellowships to teach people, especially youths the Word of God and serves as a school text book in subjects relating to literature, music and other creative works."

A New York Times Editors' Choice and Notable Book of 2021 "Best Science Fiction, Fantasy and Horror of 2021"—The Washington Post From one of the most exciting voices in contemporary Chinese literature, an uncanny and playful novel that blurs the line between human and beast... In the fictional Chinese city of

Yong'an, an amateur cryptozoologist is commissioned to uncover the stories of its fabled beasts. These creatures live alongside humans in near-inconspicuousness—save their greenish skin, serrated earlobes, and strange birthmarks. Aided by her elusive former professor and his enigmatic assistant, our narrator sets off to document each beast, and is slowly drawn deeper into a mystery that threatens her very sense of self. Part detective story, part metaphysical enquiry, *Strange Beasts of China* engages existential questions of identity, humanity, love and morality with whimsy and stylistic verve.

Ko Un has long been a living legend in Korea, both as a poet and as a person. When a writer has published as much as Ko Un has in the course of more than fifty years of writing, it is hard to know where to begin, what to translate. For this collection, his translators have selected poems from the five collections published since 2002. Nothing shows more clearly his stature as a writer than the variety of themes and emotions found in his most recent work; as he approaches his eightieth year, with his energy and originality unabated. "Un's poems take the ordinary world and peel the skin off, so that a gentle meditation on the passage of hours becomes something both beautiful and terrible as light shining through blood."-*The Quarterly Conversation* March 4, 2013

Albert Raboteau was born into a Catholic family in Bay St. Louis, Mississippi, three months after his father was shot and killed by a white man. It was during the 1940s, when blacks couldn't swim at the same beach as whites, when the priest gave communion to

white Catholics first and made others wait. In a moving account of his life, Raboteau tells how the boy grew into a man, married, became a success as a college administrator, then learned sorrow, lost his way and had to start over again. His is an American spiritual journey that is redolent of sacramental Christianity marking the sacredness of time, place, and community. The journey brought him to a conversation that reconciled him to his own past, including his religious heritage, his African roots, and his family members. In the end his spiritual quest became a journey home, to a human circle that opened to him and brought him to God.

The Rosary signifies prayer—a form of daily prayer and meditation for millions of Roman Catholics across the world—and has been for centuries. The Rosary unites the followers of Christ as one family in a common faith, baptism, and Lord. The power of the Rosary stems not only from the intercession of the Mother of our Savior, but each of the twenty mysteries finds its source in the Bible. The truth of the word of God teaches us not only that the Father sent his Son to save us from our sins so we may have eternal life, but also how we live our communion with Christ through our daily choices. The Rosary and the Bible lead us to Jesus Christ; the Scriptures point to Jesus, and Jesus is at the very center of the Rosary. And so, the Rosary and the Bible provide us with the armor we need to help us in combat: against Satan's deceptions, lies, and attacks. To know the truth, we need the word of God, and to live in truth Jesus gives us his mother at the cross, "This is your mother." We need the grace of God, Mary's intercession, and the word of God in spiritual combat.

Can television shows like *Stranger Things*, popular music by performers like Taylor Swift, advertisements for products like Samuel Adams beer, and films such as *The Hunger Games* help us understand rhetorical theory and criticism? The Fourth Edition of *The Rhetorical Power of Popular Culture* offers students a step-by-step introduction to rhetorical theory and criticism by focusing on the powerful role popular culture plays in persuading us as to what to believe and how to behave. In every chapter, students are introduced to rhetorical theories, presented with current examples from popular culture that relate to the theory, and guided through demonstrations about how to describe, interpret, and evaluate popular culture texts through rhetorical analysis. Authors Deanna Sellnow and Thomas Endres provide sample student essays in every chapter to demonstrate rhetorical criticism in practice. This edition's easy-to-understand approach and range of popular culture examples help students apply rhetorical theory and criticism to their own lives and assigned work.

"The notion of the individual was initially translated into Korean near the end of the nineteenth century and took root during the early years of Japanese colonial influence. Yoon Sun Yang argues that the first literary iterations of the Korean individual were prototypically female figures appearing in the early colonial domestic novel—a genre developed by reform-minded male writers—as schoolgirls, housewives, female ghosts, femmes fatales, and female same-sex partners. Such female figures have

long been viewed as lacking in modernity because, unlike numerous male characters in Korean literature after the late 1910s, they did not assert their own modernity, or that of the nation, by exploring their interiority. Yang, however, shows that no reading of Korean modernity can ignore these figures, because the early colonial domestic novel cast them as individuals in terms of their usefulness or relevance to the nation, whether model citizens or iconoclasts. By including these earlier narratives within modern Korean literary history and positing that they too were engaged in the translation of individuality into Korean, Yang's study not only disrupts the canonical account of a non-gendered, linear progress toward modern Korean selfhood but also expands our understanding of the role played by translation in Korea's construction of modern gender roles."

A giant of American music opens the book on his wrenching professional and personal journeys, paying tribute to the vanishing Appalachian culture that gave him his voice. He was there at the beginning of bluegrass. Yet his music, forged in the remote hills and hollows of Southwest Virginia, has even deeper roots. In *Man of Constant Sorrow*, Dr. Ralph Stanley gives a surprisingly candid look back on his long and incredible career as the patriarch of old-time mountain music. Marked by Dr. Ralph Stanley's banjo picking, his brother Carter's guitar playing, and their haunting and distinctive harmonies, the Stanley Brothers began their career in 1946 and blessed the world of bluegrass with hundreds of classic songs, including "White Dove," "Rank Stranger," and what has become Dr. Ralph's signature song, "Man of Constant Sorrow." Carter died in 1966 after years of

alcohol abuse, but Dr. Ralph Stanley carried on and is still at the top of his game, playing to audiences across the country today at age eighty-one. Rarely giving interviews, he now grants fans the book they have been waiting for, filled with frank recollections, from his boyhood of dire poverty in the Appalachian coalfields to his early musical success with his brother, to years of hard traveling on the road with the Clinch Mountain Boys, to the recent, jubilant revival of a sound he helped create. The story of how a musical art now popular around the world was crafted by two brothers from a dying mountain culture, *Man of Constant Sorrow* captures a life harmonized with equal measures of tragedy and triumph.

From the best-selling author of *One Day* comes a bittersweet and brilliantly funny coming-of-age tale about the heart-stopping thrill of first love--and how just one summer can forever change a life. Now: On the verge of marriage and a fresh start, thirty-eight year old Charlie Lewis finds that he can't stop thinking about the past, and the events of one particular summer. Then: Sixteen-year-old Charlie Lewis is the kind of boy you don't remember in the school photograph. He's failing his classes. At home he looks after his depressed father--when surely it should be the other way round--and if he thinks about the future at all, it is with a kind of dread. But when Fran Fisher bursts into his life and despite himself, Charlie begins to hope. In order to spend time with Fran, Charlie must take on a challenge that could lose him the respect of his friends and require him to become a different person. He must join the Company. And if the Company sounds like a cult, the truth is even more appalling: The price of hope, it seems, is

Shakespeare, *Romeo and Juliet* learned and performed in a theater troupe over the course of a summer. Now: Charlie can't go the altar without coming to terms with his relationship with Fran, his friends, and his former self. Poignant, funny, enchanting, devastating, *Sweet Sorrow* is a tragicomedy about the rocky path to adulthood and the confusion of family life, a celebration of the reviving power of friendship and that brief, searing explosion of first love that can only be looked at directly after it has burned out.

Born in 1933 in a small village in Korea's North Cholla Province, Ko Un grew up in a Japanese-controlled land that was soon to experience the horrors of the Korean War. He became a Buddhist monk in 1952 and began writing in the late 1950s. This is his major, ongoing work which began during his imprisonment with a determination to describe every person he had ever met.

Maninbo, as it is known in Korea is now in its 20th volume and he has plans for five more before its completion. Collected here is a selection from the first 10 volumes.
