Test Success F.A. Davis

Thinking. Doing Caring. In every chapter, you'll first explore the theoretical knowledge behind the concepts, principles, and rationales. Then, you'll study the practical knowledge involved in the processes; and finally, you'll learn the skills and procedures. Student resources available at DavisPlus (davisplus.fadavis.com). *Davis Advantage for Psychiatric Mental Health Nursing* F.A. Davis Assure your mastery of medical-surgical nursing knowledge while honing your critical thinking and test-taking skills. The 3rd Edition of this popular resource features over 2,300 questions (including 550 alternate-format questions) that reflect the latest advances in medical-surgical nursing and the latest NCLEX-RN® test plan. They organize the seemingly huge volume of information you must master into manageable sections divided by body systems and specific diseases

Med-Surg Success F.A. Davis

-- Comprehensive review of nursing content in med-surg, OB, pediatric, psych, nutrition, pharmacology, diagnostic procedures, nursing treatments, ethical/legal issues, leadership/management, and safety and infection control -- A total of 2,012 questions: 500 in an integrated pretest and two integrated post-tests, 686 in content reviews, and 826 additional integrated questions on a computer practice disk -- Symbols used in the content reviews to identify diagnostic tests, drugs, nursing care and treatment, nursing diagnosis, positioning, and nutritional information -- Provides rationales for both correct and incorrect answer choices and test-taking tips for every question -- Includes a special unit addressing the needs of international nurses and repeat test takers -- Extensive appendices, including indexes of all questions in the book by client need categories, subcategories, nursing process step, and areas of human function

Fundamentals Success A Q&A Review Applying Critical Thinking to Test Taking F.A. Davis

The road to nursing success begins here! A complete review of

core concepts. More than 2,265 classroom-tested, NCLEX®-style questions. (Alternate-item format, too!) Test-taking hints and rationales for correct and incorrect answers. TWO BOOKS IN ONE! Course review now. NCLEX®-prep later. Assure your mastery of medical surgical nursing knowledge while honing your critical thinking and test-taking skills. The 2nd Edition of this popular resource features 2,000 questions that reflect the latest advances in medical-surgical nursing and the new, 2010 NCLEX-RN® test plan. The seemingly huge volume of information you must master has been organized into manageable sections divided by body systems and specific diseases. Each chapter is a self-contained unit. For each practice question, you'll find the answer, rationales for correct and incorrect responses, and a test-taking tip. The comprehensive exam at the end of each chapter assesses your strengths and weaknesses, identifying areas for further study. The bonus CD-ROM, featuring 265 questions, offers an interactive approach to course review and exam preparation. "The success books have helped me so much in many of my nursing courses, specifically in my med-surg nursing class. I found that the success books helped me to know where to focus my studying and also gave me a lot of great review questions that really prepared me for my exams! By using the med-surg success book, my grades shot up from an 89 to a 96. Also through the med-surg success book, my grades were consistently in the mid to high 90's range. I encourage all my friends to use the success books and they can agree that it has really helped them as well." - Esther Hung, Student Nurse at Molloy College, Rockville Centre, NY [Click Here for a Special Mail-In Rebate Offer](#)

Psychiatric Mental Health F.A. Davis

Complete NCLEX preparation for the nursing student. Features 5,038 questions in all, with 1,340 of those being alternative item format questions. Contains a bonus CD-Rom with 3,000 questions that can be selected according to specific content area, client need categories and subcategories, integrated processes, or phase of the nursing process, or by a 275-question comprehensive exam.

Davis Advantage for Basic Nursing F.A. Davis

This volume in the Content Review Plus Practice Series polishes

your knowledge of pediatric nursing while sharpening your critical thinking and test-taking skills. Each chapter offers a concise, yet comprehensive review of the topic, followed by NCLEX-style questions in both multiple-choice and alternate-item formats. Rationales for both correct and incorrect answers, as well as test-taking tips, explain how to apply critical thinking to the question types—great preparation for classroom exams and the NCLEX-RN® Exam.

Davis's Q and A Review for the NCLEX-RN(r) Examination F.A. Davis

Build confidence and improve test scores. Success in nursing school starts here. A complete review of core concepts 900 questions (Alternate format, too!) Test-taking hints and rationales for correct and incorrect answers A complete review of core concepts, plus 900 questions based on the latest NCLEX® test plan build confidence and improve test scores from the beginning of nursing school. Master tricky alternate-format questions, even SATA (select all that apply), and develop efficient studying skills with test-taking tips and rationales for correct and incorrect responses. Purchase this title NEW and get 150 additional questions online plus all of the questions in the book. See what students are saying about the previous edition... Worth every penny. "I found this to be helpful from the very first chapter. I was able to apply the ideas to the very next test I took in nursing school and have found it changed the way I view nursing school. It breaks it down to the various types of questions asked and how to approach them. It teaches you to brush aside the distracting and unnecessary aspects of the questions and teaches you to hone in on what really is essential. It even helps you break down the dreaded 'select all that apply' questions. I highly recommend this book to any and all first-year nursing students." —Suzanne Chick Amazing. "The FA Davis Test Success book is amazing. In

lecture, we're told how to deal with "nursing" questions but it can still be puzzling. The test success book is wonderful and gives you examples and explanations, and then a practice test to use the test-taking tips in and gauge your success." —Nina, Durham Technical Community College Great Techniques To Know BEFORE Starting School. "...this has helped tremendously. It breaks down the types of testing questions and gives hints on how to process it

and choose the most correct answer. As well as ways to calm yourself on the day of the test and ways to prepare for test day. If you have test anxiety this will definitely help with calming your testing fears. I've read from several buyers of this book to read it before you start school and I definitely agree!" —J N Moore

Fundamentals F.A. Davis

Master the critical-thinking and test-taking skills you need to excel on the prioritization, delegation, and management

questions on the NCLEX-RN®. Three sections provide you with three great ways to study. In the first section, you'll find individual and multiple client care-focused scenario questions organized by disease process with rationales and test-taking hints. The second section features seven clinical case scenarios with open-ended, NCLEX-style questions. The third section is a comprehensive, 100-question exam.
