The tracks can be streamed or downloaded and played offline. This volume features 15 favorites: Cinnamon Girl * Comes a Time * Cowgirl in the Sand * Down by the River * Harvest Moon * Heart of Gold * Helpless * Hey Hey, My My (Into the Black) * Like a Hurricane * The Needle and the Damage Done * Ohio * Old Man * Only Love Can Break Your Heart * Rockin' in the Free World * Southern Man. **Everybody Knows this is Nowhere** Warner Bros. Publications Neil Young took on the music industry so that fans could hear his music—all music—the way it was meant to be heard. Today, most of the music we hear is com-pressed to a fraction of its original sound, while analog masterpieces are turning to dust in record company vaults. As these recordings disappear, music fans aren't just losing a collection of notes. We're losing spaciousness, breadth of the sound field, and the ability to hear and feel a ping of a triangle or a pluck of a guitar string, each with its own resonance and harmonics that slowly trail off into silence. The result is music that is robbed of its original quality—muddy

and flat in sound compared to the rich, warm sound artists hear in the studio. It doesn't have to be this way, but the record and technology companies have incorrectly assumed that most listeners are satisfied with these low-quality tracks. Neil Young is challenging the assault on audio quality—and working to free music lovers from the flat and lifeless status quo. To Feel the Music is the true story of his quest to bring high-quality audio back to music lovers—the most important undertaking of his career. It's an unprecedented look inside the successes and setbacks of creating the Pono player, the fights and negotiations with record companies to preserve master-pieces for the future, and Neil's unrelenting determination to make musical art available to everyone. It's a story that shows how much more there is to music than meets the ear. Neil's efforts to bring quality audio to his fans garnered media attention when his Kickstarter campaign for his Pono player—a revolutionary music player that would combine the highest quality possible with the portability, simplicity and affordability modern listeners crave—became the third-most successful Kickstarter campaign in the website's history. It had raised more than \$6M in pledges in 40 days. Encouraged by the enthusiastic response, Neil still had a long road ahead, and his Pono music player would not have the commercial success he'd imagined. But he remained committed to his mission, and faced with the rise of streaming services that used even lower quality audio, he was determined to rise to the challenge. An eye-opening read for all fans of Neil Young and all fans of great music, as well as readers interested in going behind the scenes of product creation, To Feel the Music has an inspiring story at its heart: One determined artist with a groundbreaking vision and the absolute refusal to give up, despite setbacks, naysayers, and skeptics.

Neil Young's Harvest is one of those strange albums that has achieved lasting success without ever winning the full approval of rock critics or hardcore fans. Even Young himself has been equivocal, describing it in one breath as his "finest" album, dismissing it in the next as an MOR aberration. Here, Sam Inglis explores the circumstances of the album's creation and asks who got it right: the critics, or the millions who have bought Harvest in the 30 years since its release? Excerpt The White Falcon's split pickup might have been just a gimmick from the early days of stereo, but the way Neil Young uses it on 'Alabama' is remarkable. His muted picking brings stabbing notes first from one speaker, then the other, as though we were hearing not one but two guitarists, playing with an unnatural empathy. The electric guitar has seldom sounded so menacing, and Young's growling rhythm and piercing lead notes are tracked perfectly by Kenny Buttrey's bare-bones drumming. The build to the chorus is beautifully judged, and when Young and his celebrity backing singers let rip, there's an almost physical sense of release.
