 #1 NATIONAL BESTSELLER • PULITZER PRIZE WINNER • The captivating inside story of the woman who helmed the Washington Post during one of the most turbulent periods in the history of American media: the scandals of the Pentagon Papers and Watergate In this widely acclaimed memoir ("Riveting, moving...a wonderful book" The New York Times Book Review), Katharine Graham tells her story—one that is extraordinary both for the events it encompasses and for the courage, candor, and dignity of its telling. Here is the awkward child who grew up amid material wealth and emotional isolation; the young bride who watched her brilliant, charismatic husband—a confidant to John F. Kennedy and Lyndon Johnson—plunge into the mental illness that would culminate in his suicide. And here is the widow who shook off her grief and insecurity to take on a president and a pressman's union as she entered the profane boys' club of the newspaper

business. As timely now as ever, Personal History is an exemplary record of our history and of the woman who played such a shaping role within them, discovering her own strength and sense of self as she confronted—and mastered—the personal and professional crises of her fascinating life.

**#1 NEW YORK TIMES BESTSELLER •** A clear-eyed account of learning how to lead in a chaotic world, by General Jim Mattis—the former Secretary of Defense and one of the most formidable strategic thinkers of our time—and Bing West, a former assistant secretary of defense and combat Marine. “A four-star general’s five-star memoir.”—The Wall Street Journal Call Sign Chaos is the account of Jim Mattis’s storied career, from wide-ranging leadership roles in three wars to ultimately commanding a quarter of a million troops across the Middle East. Along the way, Mattis recounts his foundational experiences as a leader, extracting the lessons he has learned about the nature of warfighting and peacemaking, the importance of allies, and the strategic dilemmas—and short-sighted thinking—now facing our nation. He makes it clear why America must return to a strategic footing so as not to continue winning battles but fighting inconclusive wars. Mattis divides his book into three parts: Direct Leadership, Executive Leadership, and Strategic Leadership. In the first part, Mattis recalls his early experiences leading Marines into battle, when he knew his troops as well as his own brothers. In the second part, he explores what it means to command thousands of troops and how to adapt your leadership style to ensure your intent is understood by your most

junior troops so that they can own their mission. In the third part, Mattis describes the challenges and techniques of leadership at the strategic level, where military leaders reconcile war's grim realities with political leaders' human aspirations, where complexity reigns and the consequences of imprudence are severe, even catastrophic. Call Sign Chaos is a memoir of a life of warfighting and lifelong learning, following along as Mattis rises from Marine recruit to four-star general. It is a journey about learning to lead and a story about how he, through constant study and action, developed a unique leadership philosophy, one relevant to us all.

No longer controlled by a handful of institutional leaders based in remote headquarters and rabbinical seminaries, American Judaism is being transformed by the spiritual decisions of tens of thousands of Jews living all over the United States. A pulpit rabbi and himself an American Jew, Dana Evan Kaplan follows this religious individualism from its postwar suburban roots to the hippie revolution of the 1960s and the multiple postmodern identities of today. From Hebrew tattooing to Jewish Buddhist meditation, Kaplan describes the remaking of historical tradition in ways that channel multiple ethnic and national identities. While pessimists worry about the vanishing American Jew, Kaplan focuses on creative responses to contemporary spiritual trends that have made a Jewish religious renaissance possible. He believes that the reorientation of American Judaism has been a "bottom up" process, resisted by elites who have reluctantly responded to the demands of the "spiritual marketplace." The American Jewish denominational structure is therefore weakening at the same time that religious experimentation is rising, leading to the innovative approaches supplanting existing institutions. The result is an exciting transformation of what it means to be a religious American Jew in the twenty-first century.

This book examines the discourses on ageing and ageism in Indian culture, politics, art and society. It explores its representations and the anxieties, fears and vulnerabilities associated with ageing. The volume looks at ageing within the contexts of the larger discourses of gender, sexuality, nation, health and the performance and politics of ageing. The chapters grapple with diverse issues around ageing and elder care in contemporary India, shifts in socio-economic conditions and the breakdown of the heteropatriarchal family. The book includes personal accounts and narratives that detail the daily experiences of ageing and living with disease, anxiety, loneliness and loss for both elders and their friends and families. The book also explores the models of alternative networks of kinship and care that queer elders in India create in India as well as examining narratives—in society, art, sports and popular culture that both critique and challenge stereotypical ideas about the desires, aspirations, and mental and physical capabilities of elders. Topical and comprehensive, this book will be useful for scholars and researchers of gerontology, literature, cultural studies, popular culture, sociology, social psychology, queer studies, gender studies, social anthropology, and South Asian studies.

When Kathy Boudin was arrested in 1981 after a botched armed robbery and shootout that left a Brinks guard and two policemen dead, she ended a decade living underground as part of the radical Weathermen underground; she would spend the next 22 years in Bedford Hills prison. In Family Circle, Boudin's former classmate Susan Braudy vividly re-creates the radicalization of this intelligent, privileged young woman who came from one of the most prominent liberal intellectual families in America. She illuminates Boudin's relationship with her parents --and particularly with her father Leonard, a famous leftist lawyer--and shows how Kathy, swept up in the ferment of the late 1960s, moved further and further from the Old Left ideals they embodied. Based on extensive interviews, court documents, and Boudin family papers, Family Circle is both a rich biography of a family and a intimate window into a turbulent and fascinating time.
