'Will Maya get a campus placement' revolves around Maya, who is talented but unlucky in getting a job from Campus. To her surprise, she finds that Vainateya has two backlogs and still grabs an offer from Campus. Then there is Aakash who appears in the placement process just because he has nothing else to do on that particular day, and even he gets

through. She fails to understand why her strengths are not sufficient to secure her a job. Why is she not able to arrive at the pith of her weakness and work on it? Until Kinni gives her a direction - the puny push. Will Kinni's small help motivate her to change her attitude? Is it right to say that - 'If everything is not fine in the end, then it is not the end?'

This book, now in its Third Edition, is revised as per the feedback received from our valuable students and readers. It is exclusively prepared for the students who wish to appear for campus recruitment screening test and graduate/post graduate students appearing for various competitive

examinations in Quantitative Aptitude and Reasoning. The main objective of this volume is to guide the students to solve the problems within the stipulated time and that too with the higher degree of accuracy. Organized in two parts—Quantitative Aptitude (Part I) and Reasoning (Part II)—it helps students to apply basic mathematical and reasoning concepts to a range of quantitative

and reasoning problems. The separate sections are devoted to verbal and nonverbal reasoning. It sharpens the ability to apply analytical and logical thinking while gathering and analysing information, designing and testing solutions to problems, and formulating plans. This book is a valuable resource for conducting training programmes/workshops to train students in problem

solving techniques in Mathematical Aptitude. It would equally be useful to the candidates appearing for quantitative aptitude and reasoning test conducted in various competitive examinations of graduate level. **NEW TO THIS EDITION**

- Numerous Reasoning questions (with explanatory answers) asked in recent placement tests and competitive exams
- New topics on
- Four figure

series •

- Choosing one element of a similarly related pair
- Choosing set of similarly related figures
- Detecting one element of each of the two related pair
- Detecting the relationship and choosing the correct substitute
