The True Story of Christopher Columbus BoD – Books on Demand  
CHILDHOOD OF WORLD FIGURES Christopher Columbus was born in Italy in 1451. His father was a weaver, but like most young men living near a seaport, Columbus looked to the sea to find his calling. In 1477, after serving as a messenger and sailor on many ships, Columbus settled in Portugal. It was there he first tried to gain support for his dream of reaching Asia by sailing west. It wasn't until nearly fifteen years later that Columbus gained support from Spain and set out on the momentous expedition that landed him in the Americas in 1492. Christopher Columbus is

considered one of the world's most famous explorers. This fascinating biography details Columbus's childhood, which shaped his adventurous spirit.

Born in Genoa, Italy, in 1451, Christopher Columbus dreamed of going to sea. He knew the earth was round, and planned a voyage west into the unknown waters of the Atlantic to reach the Indies. But it wasn't until he was 41 years old that Queen Isabella and King Ferdinand of Spain gave him the funds, the three boats, and the men to make a voyage. Even though Columbus never

reached the Indies, he made a more important discovery. On October 12, 1492, he landed on an island southeast of Florida. Since he thought he had reached the Indies, he named the natives Indians. Columbus made three more voya.

*I, Columbus* Dell Books for Young Readers

Illus. in full color. The 15th century comes alive in this splendidly original picture book about Christopher Columbus. "The illustrations, executed in a variety of media, show scenes from the explorer's life as well as some imaginary creatures that populated the Europeans' picture of the outside world at that

time. The details on each page invite individual readers to pay close attention, but the brief, clear text and framed illustrations lend themselves equally well to group sharing. Make room on your crowded Columbus shelf for this one."--(starred) School Library Journal.

As Columbus sets sail on his first voyage to the "Indies" from the Spanish port of Palos de la Frontera, he writes to his son Diego: "When we return, Diego, you will no longer be the son of a penniless vagabond. No, Diego, you will be the son of the Admiral of the Ocean Sea. As we cross the bar and leave the land to enter the great Ocean Sea, I speak this promise to you and to the wind: we will leave our mark, Diego, and our name. Many will remember this day and this place. "
