FITZGERALD EATON

Katrina the Fairy Speedy Publishing LLC

Provides information on designing, planting, accessorizing, and caring for a fairy garden.

Kitty Fairy's Garden Magic Simon and Schuster

If you're looking for a fun addition to your outdoor space or a craft project for kids, creating a fairy garden fits the bill. These miniature gardens consist of small landscapes filled with small plants, and trinkets designed to "attract" fairies to your garden. It's simple to get started, and customizing the garden with special touches is where the magic lives. You don't even have to believe in fairies, but if you do, even better.

Fairy Gardening Schiffer Publishing

Imagine a world where magical creatures like fairies live. A fairy garden captures some of that magic and imagination in a miniature garden. With tiny houses made from tree stumps surrounded by succulents and tiny flowers, with mushrooms as tables and little rock pathways, a fairy garden is a miniature wonderland. You can bring this magic to your yard or home with these magical homemade fairy garden ideas. It's a little book that defines a new type of garden, a hybrid of a Zen and Fairy Garden! It goes into some detail about the key elements of each. It then talks about what to keep in mind when creating a miniature Zen Fairy Garden and how not adhering to certain guidelines can undermine the aesthetics of the result. Detailed steps for creating and maintaining an example of this kind of garden are provided with lovely Watercolor Effect (WE) illustrations provided throughout.

Zen Fairy Garden Ideas Gareth Stevens Publishing LLLP

A not-so-mini trend The Gardening in Miniature Prop Shop is the next big thing for the crafters and gardeners already captivated by gardening small. Organized by playful themes—including gardens around the world, holidays, and fantasy gardens—it's a fun-filled guide to creating one-of-a-kind gardens and the accessories that make them shine. Thirty-seven projects are included with fully illustrated, step-by-step instructions. For a Japanese garden, you will learn how to create a miniature sand garden. For a Halloween garden, you'll learn how to make a flying ghost and zombie. And for a space garden, you'll learn how to make a tiny space ship and alien. The Gardening in Miniature Prop Shop is for anyone enchanted by the whimsy of creating a tiny world.

Fanciful Fairy Gardens 2015 brings the magical world of designing and creating fairy and miniature gardens to our door! The Fanciful

Fairy Gardens 2015 calendar covers the art of creating fairy "homes". This large-format wall calendar features a beautiful and inspiring fairy garden for each month.

Magical Miniature Gardens & Homes ABDO

A beautiful garden is a delight ☺ and takes quite a bit of skill and knowledge to design. However, creating a garden that attracts fairies and other magical creatures takes some real know-how! This fun book demonstrates through numerous creative projects and step-by-step instructions how to create arresting miniature landscapes of objects and plants and encourages young gardeners to exercise their green thumbs with artistic outdoor activities.

Fanciful Fairy Gardens 2015 Andrews McMeel Publishing

Many supernatural creatures are said to inhabit our world. Their magical, wonderland realm has been the subject of many books, movies, and our childhood dreams. In this richly illustrated book, 30 designers from around the world transform natural settings into enchanting displays that recreate that sense of wonder. Using artificial flowers, fabric, sticks, wire, crystals, berries, acorns, baskets, and polymer clay, these designers have been inspired to create their own "once upon a time" fairy home and garden for special events, storytelling, or just because they believe in fairies. In doing so, they tap into our inner child and help us to imagine a new world. This is a wonderful resource for designers and artists, as well as parents, teachers, or anyone looking to create their own magical place.

Kitty Fairy's Garden Magic (Gabby's Dollhouse Storybook) GMC Publications

Add an exquisite flourish of design to your beloved green space or garden by adding tiny fairy homes inter-woven with nature. Fairy Houses gives you the instruction and inspiration you need to start! Have you ever seen a real fairy house? Not the ceramic ones at cavernous home improvement stores, but a real fairy house made from natural elements? Well, now you can build your own miniature magical abode - the perfect addition to your garden. Step-by-step instructions for constructing exquisite fairy houses are revealed in Fairy Houses, explained by master fairy house architect Sally Smith. Smith has been creating one-of-a-kind DIY fairy houses out of natural artifacts for years, now she passes her miniature construction knowledge to you. Imagine, a fairy garden with homes that have butterfly wings as stained-glass windows, twigs for window frames, birch bark for walls, dried mushrooms for shingles; it's all possible with a little instruction and inspiration from Fairy Houses. Begin by flipping through an inspiration gallery, find which elements appeal to you, and how they fit together. From there, you'll learn about building materials (found and natural), on-site fairy house construction, and how to light a fairy house.

Miniature Gardens ... Speedy Publishing Books

"Chloe lives in a magic garden, but she doesn't know it! Incredible things happen there all the time: caterpillars become butterflies, insects change their colors and light up the night sky, and birds weave their nests. Trees lose their colorful leaves in the fall, but each spring, they grow again--just another enchanting bit of magic that happens year after year in the world of nature"--Back cover.

Share in Gabby's excitement as she unboxes a new surprise that takes her to the magical world of the Dollhouse for an adventure with Kitty Fairy!

Fairy Gardens Scholastic Inc.

A 3D carousel fairy garden with press-out figures. Come and visit the fairies at the bottom of the garden - everyone is busy for a wedding. Peep inside the house and take the fairy figures through the enchanted garden, where they can sail across the brook and dance until dawn.

Fairy Houses B. B. Mackey Books

Do you enjoy gardening, but have limited space? Are you interested in a simple project that will bring you joy every day? Could you use a little more magic in your day-to-day life? If you answered yes to any of these questions then this book is for you! 50 Things to Know About Fairy Gardens by Allegra Campbell offers a guide to building a refuge for the small, magical creatures that are wandering, unseen, throughout our lives. Most resources on fairy gardens are full of pictures of completed gardens and, while they're great for inspiration, that doesn't tell you what you need to know to recreate them for yourself. In these pages you'll be introduced to a brief history of gardening for fairies, discover an in-depth look at each component of a fairy garden, and find inspiration for the design of your own. This book will answer every question you've had on the subject, and probably even a few that you didn't have. By the time you finish this book, you'll know absolutely everything that you need to in order to start your own fairy garden project. So grab YOUR copy today. You'll be glad you did.

DIY Fairy Garden Ideas Independently Published

"The Most Simple Way to Create a Fairy Garden" is a text that gives the reader a basic overview of what needs to be done to create a magical garden. To some a magical garden involves the inclusion of all the elements while to others it simply means putting in brightly colored flowers and having some well placed fairy ornaments and lights to create that magical look. The author is well aware that gardening is not for everyone but has shown with this text that it can easily be done by anyone. With the convenience of garden outlets that have plants ready to plant and ornaments ready to select it is not that difficult to get that

perfect garden anymore. One simply has to plant and maintain. Gardening is a great way to relieve stress and the end result can be shared with others. This book shows how you can get the process started. About the Author: Marie St. Claire has loved gardening ever since she learned what one was as a toddler and she spent a lot of time with her mother Elizabeth who did gardening as a hobby. From her mother she learned how to make a flower garden for the beauty of it, a vegetable garden for the self sufficiency and she also learned how to make those whimsical gardens filled with brightly colored flowers and strategically placed fairies, gnomes and other ornaments. She carried this hobby into her adult life and made it her point of duty to share this hobby with as many interested persons that she could find. Stemming from this she also made the decision to create a book that would give a bit more information on gardening and what someone would need to create a great whimsical, magical garden.

Enchanted Gardening Timber Press

Have you ever seen those adorable containers with the tiny houses, small plants and little fairy creatures? Those are called fairy gardens! They are super fun to make! If you liked the idea and look of them but always felt like it was too complicated or creative for you to do yourself then you should read this book. It's a handy guide to get yourself in the mindset for fairy gardening that's also full of tips about how to create them! You don't have to be super artsy, crafty or have a green thumb to make a fairy garden! The most important quality to have is imagination and a desire for fun! You will learn and be able to:

- Some of the best places to buy/find fairy garden items
- Imagination stimulation
- Popular plants for fairy gardens
- Ideas and materials for creating your own pieces
- Step by step instructions for making certain fairy items
- How to turn everyday objects into magical fairy pieces
- Tips for choosing pots and locations
- Layout out ideas
- Show off your new fairy garden
- And much more!

About The Expert Casey Anderson is a woman in her mid-30s who can sometimes remember what it was like to be a child with an overactive imagination. She finds fairies enchanting, miniature gardens invigorating and basically anything tiny delightful. She thinks there's something about small that so often means cute. She's made nearly a hundred fairy gardens. She's entered her fairy gardens in local fairs and won ribbons. Casey also loves the idea of a craft that can be completed without extensive training

and skills. She has fun with fairy gardening and loves to instill her passion for it into friends and family members. HowExpert publishes quick 'how to' guides on all topics from A to Z by everyday experts.

Featuring the work of dozens of talented artists, this richly illustrated and redesigned sequel to Purchia and Rooney's *Fairy Homes & Gardens* further spurs the imagination with images and stories of more than 50 new fairy dwellings. Fairies--those mythical sprites of folktales and daydreams--are an enduring source of fascination to humans. Designing, creating, and maintaining fairy dwellings and gardens has become popular as an artistic endeavor, family activity, or form of meditation. Published in 2014, Purchia and Rooney's *Fairy Homes & Gardens* has transported thousands of readers to the magical realm of fairy gardening. In the ensuing years, fairy homes and gardens have become much more than a fleeting trend, establishing a perennial pastime for people of all ages. A treasure trove of ideas, this inspiring follow-up features * images and stories of more than 50 new projects that encompass a wide variety of fairy dwellings--communities, cottages, houses, castles, chalets, and other serendipitous structures; * creations by more than two dozen of the most talented and innovative artists creating fairy

environments; * a special chapter on fairy accessories, including furniture, doors, swings, and the other creature comforts fairies appreciate; * an appendix spotlighting plants that are ideal for incorporation into fairy gardens; and * a foreword that tells the story of Florence Griswold Museum's wildly popular Wee Faerie Garden event. Appealing to fairy enthusiasts and nature lovers of all ages, this book provides bold inspiration to help readers embark on a creative and relaxing pursuit that takes them directly into the world of fairy magic.

Once upon a time only those who truly believed in fairies could see them dancing across the lawn, balancing upon a twisted limb, or frolicking among the flowers. But now, everyone can discover fairy-magic, thanks to the cleverly creative work of illustrator Tom Cross.

Fairy Gardening Eli

The popularity of fairies and fairy houses has soared, as has the growing movement to get children interested in outdoor activities such as gardening. This new how-to book for parents and kids combines the best of both worlds. It includes basic information for beginning gardeners, such as soil preparation, planting, and watering, then branches into appropriate categories for every fairy gardener:

- making miniature gardens and terrariums that are just the right size for fairy friends
- butterfly and hummingbird gardens to attract these flying friends of fairies
- rock gardens
- water gardens
- wind chimes and prisms to add music and light to your gardens

Sprinkled throughout are bits of fairy lore and garden wisdom. Written for children, or anyone with a child's heart, and filled with color photographs, the *Fairy Garden Handbook* will turn curious kids into green thumbs in no time.
