Better Love Next Time

John Wiley & Sons

A lady once said that
finding a good man is
like looking for a

needle in a haystack.
This is not and should
not be the case. True
love is all around you if
earnestly you desire it.
The book suggests
functional approaches
to true love as an
alternative to the hit-

and-miss approach that almost always ends in divorce or heartbreak. The book is for the married or single woman. It is for the married woman who, perhaps, already has a good man and necessarily must keep him. It is for the single woman who now is in search of a good man for a lifetime of joyful romance and companionship. The book examines the good man's qualifying attributes, the meaning of romantic love, the concrete manifestations of love and, importantly, how you recognize and sustain true love when it comes your way. Find a Good Man and Keep Him is a practical guide that leads you through and away from the hurtful tumbles and stumbles of a failed

relationship onto the path of manifest love with a good man.

We've come to view love as being "nice," yet the kind of love modeled by Jesus Christ has nothing to do with manners or unconditional acceptance. Rather, it is disruptive, courageous, and socially unacceptable. In *Bold Love*, Dr. Dan Allender and Dr. Tremper Longman III draw out the aggressive, unrelenting, passionate power of genuine love.

Far from helping you "get along" with others, *Bold Love* introduces the outlandish possibility of making a significant, life-changing impact on family, friends, coworkers—even your enemies. Learn more about forgiveness, maturity, and seeing others through Jesus' eyes.

Truth That Brings Peace, Love, Joy and Hope Thomas Nelson
Statistics show that about nine-in-ten Americans cited love as a very important reason to get married. Whether you are single, dating or in a relationship, the thought of if someone truly loves you or you are in love comes to mind. We all want to fall in love and get married to someone who feels the same way we feel about them. However, people find it hard to say those three big words (I Love You) we want to hear. The reason for their hesitation varies. They are afraid to be perceived as moving too fast if it's a relatively new

relationship, so they don't want to push you away. It could be because they don't want to come off too strong if they cannot tell that you have similar feelings. And some people hold off saying it because they feel like the other person should say it first. Regardless if they are professing their love or hiding it, this book will reveal the signs that convey someone truly loves you and if what you are feeling also is true love. Dr. Femi "Gfem" Ogunjinmi is a global relationship new rule expert, TV host of Dr. Femi Show, United Nation Representative, and author of Revelations of Relationship: What You Don't Know About Finding True Love and Sustaining

Relationship. He has been a go-to expert to media outlets like USA TODAY MAGAZINE, FOX NEWS, REWIRE.Org., and STYLECASTER. He has spoken on big media platforms including The Word Network, RADIO ONE, SIRIUS XM, SPLASH FM, and TEDx. His speech on TEDx has received over 2.8 million views and growing by 100,000 views every month. Apart from keynoting and speaking at conferences across the United State and overseas, Dr. Femi also conducts his own relationship programs. His signature conference, "Revelations of Relationship Seminar" occurs every year in United State and has been conducted internationally in

Nigeria. Dr. Femi is the founder of National Relationship Equity Day, an organization that has created a national awareness day celebrated June 24th of every year. National Relationship Equity Day is dedicated to eradicating gender inequity in relationship and promoting the use of gifts, values, skill sets, and interests as a way of defining roles in relationship other than gender.

"A beautifully written and well-researched cultural criticism as well as an honest memoir" (Los Angeles Review of Books) from the author of the popular New York Times essay, "To Fall in Love with Anyone, Do This," explores the romantic myths we

create and explains how they limit our ability to achieve and sustain intimacy. What really makes love last? Does love ever work the way we say it does in movies and books and Facebook posts? Or does obsessing over those love stories hurt our real-life relationships? When her parents divorced after a twenty-eight year marriage and her own ten-year relationship ended, those were the questions that Mandy Len Catron wanted to answer. In a series of candid, vulnerable, and wise essays that takes a closer look at what it means to love someone, be loved, and how we present our love to the world, “Catron melds science and emotion beautifully into a

thoughtful and thought-provoking meditation” (Bookpage). She delves back to 1944, when her grandparents met in a coal mining town in Appalachia, to her own dating life as a professor in Vancouver. She uses biologists’ research into dopamine triggers to ask whether the need to love is an innate human drive. She uses literary theory to show why we prefer certain kinds of love stories. She urges us to question the unwritten scripts we follow in relationships and looks into where those scripts come from. And she tells the story of how she decided to test an experiment that she’d read about—where the goal was to create intimacy between

strangers using a list of thirty-six questions—and ended up in the surreal situation of having millions of people following her brand-new relationship.

“Perfect fodder for the romantic and the cynic in all of us” (Booklist), *How to Fall in Love with Anyone* flips the script on love. “Clear-eyed and full of heart, it is mandatory reading for anyone coping with—or curious about—the challenges of contemporary courtship” (The Toronto Star).

The Truth About Love is an original philosophical theory which presents a comprehensive, holistic model of the normal human psyche. The purpose of the book is to reveal, to the average person, their own nature. The Truth About Love is written in question and answer form, which gives the advantage of allowing the reader to focus quickly on questions of personal interest, and to reflect on each issue before moving on to a new concept. The first section, Love-The Key, comprises the central theory which explains

the phenomenon of love. You learn how love transcends its reputation as a romantic attachment to another person, and gives you a basic premise for understanding most aspects of human nature. The second section, Emotion and Feeling , gives a complete explanation of emotion and, for the first time, an explanation of feeling, apart from emotion. This new knowledge is used to examine old philosophical questions about human nature such as altruism, creativity, and happiness. The third section, Motivation, relates the central theory to your everyday life, giving structure and meaning to your thoughts and actions in a simple and

concise way. Also in this section, is perhaps the most important application of the concepts of love, emotion, and feeling, in an explanation of self-love. In conclusion, you will discover how self-love leads to optimum mental health and how this affects other areas of your life. The Truth About Love provides answers that you cannot find in textbooks but that you ask yourself everyday. They are simple questions, and simple answers, that will change your life.
