Exam is a comprehensive study resource for any professional preparing for the 2020 PMP exam. examples of projects to prepare you not only for the exam, but for your career. If you're only going to utilize one study resource, this comprehensive aid is the one to acquire. This thorough and up-to-date preparation aid includes: Tips and tricks for passing on your first attempt that you won't find in any other PMP study resource
Comprehensive practice

exams and refresher sections of all the main topics to be tested on the exam, including: People, Business, and Process Three full-length, 4-hour Mock Exams with over 200 questions (and solutions) each Over 800 Total Exam Questions Information on the PMP Exam process itself, its format, and what to expect on exam day Glossary of terms and definitions for easy and quick review Index to efficiently find the topics you're currently focusing on Praise & Reviews "This

guide is a godsend to anyone who wants to pass the PMP exam. I've actually taken the course and quite frankly, the author is correct in stating that the exam is more about measuring whether or not the candidate understands the terminology as opposed to whether or not the individual is a proficient project manager. I plan on taking the exam at the end of the year. I will definitely use PMP(R) Questions, Answers and Explanations Updated for 2020-2021 Exam as my

"go to" study guide. Thank you for making the information available." - J.L., ★★★★★ "This book was extremely useful and helpful. I feel much more prepared for the exam and I have a good idea of the kinds of questions that I will be asked now. I didn't try to memorize questions and answers, there are too many, but it did give me a great peek at what I need to study." - R.S., ★★★★★ About the Author As a certified Project Management Professional and recognized database and

infrastructure expert, Darron Clark has over three decades of experience in implementing creative solutions and optimizing system performance for nationally-known organizations. In addition to Darron's technological savvy, he is a skilled teacher, coach, and presenter, and has developed and led numerous training seminars and workshops. Darron has earned degrees and certificates in PMP, EMBA, BSCS, and BSEET.
