Why is incest widely prohibited? Why does the scope of the prohibition vary from society to society? Why does incest occur despite the prohibition? What are the consequences? To reexamine these questions, this book brings together contributions from the fields of genetics, behavioral biology, primatology, biological and social anthropology, philosophy, and psychiatry.

6 June 1984: The Indian Army storms the Golden Temple in Amritsar. Called Operation Bluestar, the historic and unprecedented event ended the growing spectre of terrorism perpetrated by the extremist Sikh leader Jarnail Singh Bhindranwale and his followers once and for all. But it left in its wake unsolved political questions that continued to threaten

Punjab's stability for years to come. How, in a brief span of three years, did India's dynamic frontier state become a national problem? Who was to blame: the central government for allowing the crisis to drift despite warnings, or the long-drawn-out Akali agitation, or the notorious gang of militants who transformed a holy shrine into a sanctuary for terrorists? First published two months after Operation Bluestar, The Punjab Story pieces together the complex Punjab jigsaw through the eyes of some of India's most eminent public figures and journalists. Writing with the passion and conviction of those who were involved with the drama, they present a wide-ranging perspective on the past, present and future of the Punjab tangle; and the truth of many of their conclusions having been borne out by time.

A fun, flirty teen debut from Wattpad phenom Alex Light about a fake relationship and real love. Perfect for Jenny Han fans. It's been years since seventeen-year-old Becca Hart believed in true love. But when her former best friend teases her for not having had a boyfriend, Becca impulsively pretends she's been secretly seeing someone. Brett Wells has it all. As captain of the football

team and one of the most popular guys in his school, he should have no problem finding someone to date, but he's always been more focused on his future than who to bring to prom. When he overhears Becca's lie, Brett decides to step in and be the mystery guy. It's the perfect solution: he gets people off his back for not having a meaningful relationship and she can keep up the ruse that she's got a boyfriend. Acting like the perfect couple isn't easy, though, especially when you barely know the other person. But with Becca still picking up the pieces from when her world was blown apart years ago and Brett just barely holding his together now, they begin to realize they have more in common than they ever could have imagined. When the line between what is pretend and what is real begins to blur, they're forced to answer the question: Is this fake romance the realest thing in either of their lives?

Santali, or the language of the Santhals, is spoken by the sons of the soil in a large territory spread over Bihar, West Bengal, Orissa and North-Eastern India. Apart from Santhals several other tribes also use Santali as their dialect. Though several dictionaries on the Santali language have been compiled by earlier Christian missionaries to spread the message of Bible in the local idiom, Boddings remains the most exhaustive, most elaborate and most acceptable of all the lexicons. The entries carry not only the meaning and usage but also ethnological description. The reason is to help all readers who use the dictionary for clearer understanding of what each word stands for or refers to. With parentheses at the end of each article some etymological matter has been added. Foreign words which have been assimilated into Santali are included. In all, the dictionary is the only complete and authoritative reference work for those who want to use Santali either as mother tongue or neighbouring or foreign language.

This book focuses on advanced research and technologies in dairy processing, one of the most important branches of the food industry. It addresses various topics, ranging from the basics of dairy technology to the opportunities and challenges in the industry. Following an introduction to dairy processing, the book takes readers through various aspects of dairy engineering, such as dairy-based peptides, novel milk products and bio-fortification. It also describes the essential role of microorganisms in the industry and ways to detect them, as well as the use of prebiotics, and food safety. Lastly, the book examines the challenges faced, especially in terms of maintaining quality across the supply chain. Covering all significant areas of dairy science and processing, this interesting and informative book is a valuable resource for post-graduate students, research scholars and industry experts.

The Naxalites A&C Black

In the 1930s, the Federal Writers' Project sent mostly anonymous writers, but also Zora Neale Hurston and Stetson Kennedy, into the depths of Florida to reveal its splendor to the world. The FWP and the State of Florida jointly published the results as Florida: A Guide to the Southernmost State, which included twenty-two driving tours of the state's main roads. Eventually, after Eisenhower built the interstates, drivers bypassed the small towns that thrived along these roads in favor of making better time. Those main roads are now the state's backroads—forgotten by all but local residents, a few commuters, and dedicated road-trippers. Retracing the original routes in the Guide, Cathy Salustri rekindles our notions of paradise by bringing a modern eye to the historic travelogues. Salustri's 5,000-mile road trip reveals a patchwork quilt of Florida cultures: startling pockets of history and environmental bliss stitched against the blight of strip malls and franchise restaurants. The journey begins on US 98, heading west toward the Florida/Alabama state line, where coastal towns dot the roadway. Here, locals depend on the tourism industry, spurred by sugar sand beaches, as well as the abundance of local seafood. On US 41, Salustri takes us past the state's only whitewater rapids, a retired carnie town, and a dazzling array of springs, swamps, and rivers interspersed with farms that produce a bounty of fruit. Along US 17, she stops for milkshakes and hamburgers at Florida's oldest diner and visits a collection of springs interconnected by underwater mazes tumbling through white spongy limestone, before stopping in Arcadia, where men still bring cattle to auction. Desperately searching for skunk apes, the Sunshine State's version of Bigfoot, she encounters more than one gator on her way through the Everglades, Ochopee, and the Skunk Ape Research Headquarters. Following the original Guide, Salustri crisscrosses the state from the panhandle to the Keys. She guides readers through forgotten and unknown corners

of the state--nude beaches, a rattlesnake cannery, Devil's Millhopper in Gainesville--as well as more familiar haunts--Kennedy Space Center and The Villages, "Florida's Friendliest Retirement Hometown." Woven through these journeys are nuggets of history, environmental debates about Florida's future, and a narrative that combines humor with a strong affection for an oft-maligned state. Today, Salustri urges, tourists need a new nudge to get off the interstates or away from Disney in order to discover the real Florida. Her travel narrative, following what are now backroads and scenic routes, guides armchair travelers and road warriors alike to historic sites, natural wonders, and notable man-made attractions--comparing the past views with the present landscape and commenting on the changes, some barely noticeable, others extreme, along the way.

Figurations in Indian Film Roli Books Private Limited

Through an intensive clinical study of forty incest victims and numerous interviews with professionals in mental health, child protection, and law enforcement, Judith Herman develops a composite picture of the incestuous family. In a new afterword, Herman offers a lucid and thorough overview of the knowledge that has developed about incest and other forms of sexual abuse since this book was first published. Reviewing the extensive research literature that demonstrates the validity of incest survivors' sometimes repressed and recovered memories, she convincingly challenges the rhetoric and methods of the backlash movement against incest survivors, and the concerted attempt to deny the events they find the courage to describe.

'What I have sought to do in my work is to give voiceless people a voice, place and purpose, the sense of dignity and inner strength that comes from never giving up no matter how difficult the circumstances. History belongs as much to the vanquished as to the victors.' — Brij V. Lal 'Professor Brij Lal is the finest historian of the Indian indentured experience and the Indian diaspora. His *Girmitiyas* is a classic.' — Emeritus Professor Clem Seecharan, London Metropolitan University 'Brij Lal is a highly respected, versatile and imaginative scholar who has made a lasting contribution to the historiography of the Pacific.' — Dr Rod Alley, Victoria University of Wellington 'Professor Brij Lal's life is a remarkable journey of a scholar and an intellectual whose writings are truly transformative; a man of moral clarity and courage who also has deep pain at being cut off from his homeland.' — Professor Michael Wesley, Dean of the College of Asia and the Pacific, The Australian National University 'Brij Lal is a singular scholar, whose work has spanned disciplines - from history, political commentary, encyclopedia, biography and "faction". Brij is without doubt the most eminent scholar in the humanities and social sciences Fiji has ever produced. He also remains one of the most significant public intellectuals of his country, despite having been banned from entering it in 2009.' — Emeritus Professor Clive Moore, University of Queensland 'Brij Lal is an accomplished and versatile historian and true son of Fiji.

Above all, there is affirmation here of the enduring worth of good literature and the value of good education that Lal received and wants others to experience. The world needs more Lals who speak out against ruling opinions and dare to stray into the pastures of independent thought.' — Professor Doug Munro, historian and biographer, Wellington, and Adjunct Professor at the University of Queensland

Reham Khan's eventful life took her from Gaddafi's Libya to Zia's Pakistan and thence to England as a teenage bride, before she returned to Pakistan in her forties. Her life has been one of extraordinary contrasts: she has been through a violent marriage and domestic abuse, and has had to negotiate the murky world of Pakistan politics; but her story also includes the rebuilding of her life after she chose to end her first marriage, raising three children single-handedly and at the same time, building herself a successful career both in the UK and in Pakistan. Reham Khan's story is ultimately one of resilience, strength, courage and conviction. It is the story of a woman who believed in herself and stood up to the world despite the fact that the odds were stacked against her - and ultimately emerged victorious. In clear, crisp prose, Reham Khan tells her story with wit, intelligence and candour. This is a memoir that will engage and surprise readers of all ages and of both genders; to many it will be an inspirational tale from a woman who fought for respect and for her identity on her own terms, a woman who is a survivor, and a winner.

Ambedkar was a prolific student, earning doctorates in economics from both Columbia University and the London School of Economics, and gained a reputation as a scholar for his research in law, economics and political science. In his early career he was an economist, professor, and lawyer. His later life was marked by his political activities; he became involved in campaigning and negotiations for India's independence, publishing journals, advocating political rights and social freedom for Dalits, and contributing significantly to the establishment of the state of India. In 1956 he converted to Buddhism, initiating mass conversions of Dalits.

This volume brings together a series of essays that interrogate the notion of figuration in Indian cinemas. The essays collectively argue that the figures which exhibit maximum tenacity in Indian cinema often emerge in the interface of recognizable binaries: self/other, Indian/foreign, good/bad, virtue/vice, myth/reality and urban/rural.

Gujarat Files is the account of an eight-month long undercover investigation by journalist Rana Ayyub into the Gujarat riots, fake encounters and the murder of state Home Minister Haren Pandya that brings to the fore startling revelations. Posing as Maithili Tyagi, a filmmaker from the American Film Institute Conservatory, Rana met bureaucrats and top cops in Gujarat who held pivotal positions in the state between 2001 and 2010. The

transcripts of the sting operation reveal the complicity of the state and its officials in crimes against humanity. With sensational disclosures about cases that run parallel to Narendra Modi and Amit Shah's ascent to power and their journey from Gujarat to New Delhi, the book tells you the hushed truth of the

state in the words of those who developed amnesia while speaking before commissions of enquiry, but held nothing back in the secretly taped videos which form the basis of this remarkable read.
