Rewire your brain to avoid the trap of comparison and status-seeking to achieve more contentment and satisfaction from life People care about status despite their best intentions because our brains are inherited from animals who cared about status. The survival value of status in the state of nature helps us understand our intense emotions about status today. Beneath your verbal brain, you have the brain common to all mammals. It

rewards you with pleasure hormones when you see yourself in a position of strength, and it alarms you with stress hormones when you see yourself in a position of weakness. But constant striving for status can be anxiety-provoking and joy-stealing. Nothing feels like enough to our mammal brain. It releases those stress chemicals when you think others are ahead of you. Here, Loretta Breuning shines a light on the brain processes that encourage us to seek higher status. She teaches us how to rewire those connections for more contentment and less stress. No more worrying about keeping up with the Joneses. Your new way of thinking will blaze new trails to your happy hormones and you will RELAX.

Paint by Sticker is the most exciting new idea in activity books, both for grown-ups and kids. A compelling activity for crafters and artists, doodlers and colorers of all ages, each Paint by

Sticker Kids book includes everything you need to create ten vibrant, full-color “paintings.” The original images are rendered in low-poly, a computer graphics style using geometric polygon shapes to create a 3D effect. As in paint-by-number, each template is divided into spaces, each with a number that corresponds to a particular sticker. Find the sticker, peel it, and place it in the right space. Add the next, and the next, and the next—it’s an activity that’s utterly absorbing, both in the pleasure of peeling and sticking and the growing satisfaction of watching a “painting” come to life, emerging from a flat black-and-white illustration to a dazzling image with color, body, and spirit. Paint by Sticker Kids: Under the Sea is a journey into the world beneath the waves. Kids will create a dolphin, a shark, an octopus, and other denizens of the watery world. The card stock pages are perforated so kids can remove them easily and display, or share, their finished works of art.
