Though the young Warchief Thrall ended the demon curse that had plagued his people for generations, the orcs still wrestle with the sins of their bloody past. As the rampaging Horde, they waged a number of devastating wars against their perennial enemy -- the Alliance. Yet the rage and bloodlust that drove the orcs to destroy everything in their path nearly consumed them as well. Long ago, on the idyllic world of Draenor, the noble orc clans lived in relative peace with their enigmatic neighbors, the draenei. But the nefarious agents of the Burning Legion had other plans for both of the unsuspecting races. The demon-lord Kil'jaeden set in motion a dark chain of events that would succeed not only in eradicating the draenei, but forging the orc clans into an single, unstoppable juggernaut of hatred and destruction.

What if V-E Day hadn't ended World War II in Europe? What if, instead, the Allies had to face a potent, even fanatical, postwar Nazi resistance? Such a movement, based in the fabled Alpine Redoubt, was in fact a real threat, ultimately neutralized by Germany's flagging resources and squabbling officials. But had SS Obergruppenführer Reinhard Heydrich, the notorious Man with the Iron Heart, not been assassinated in 1942, fate might have taken a different turn. In this imagined world, Nazi forces launch a guerrilla war, using the quick and dirty tactics of terrorism to overturn what seemed to be a decisive victory. Suddenly the Allies--especially the United States--are mired in a long, seemingly unwinnable conflict while battling an invisible, unrelenting enemy.

The Man with the Iron Heart Simon and Schuster

Over the eons, an endless struggle between the forces of order and chaos has shaped the world of Azeroth and its inhabitants. The orcish Horde's violent invasion of the Eastern Kingdoms stands as one of history's most tumultuous periods. Through the Burning Legion's demonic machinations, the once-noble orcs were transformed into a nearly unstoppable foe and let loose upon Azeroth's unsuspecting denizens. Yet even in the face of the Horde's unparalleled fury, brave heroes risked everything to rise up in defense of the . . . Rise of the Horde: Before the savage orcs began their rampage across Azeroth, they were a proud shamanic race native to the world of Draenor. The cunning demon Kil'jaeden saw lethal potential in the clan-based orcs, and thus he

set about molding them into the Horde—a single, brutal force driven by an all-consuming thirst for destruction. But the foul demonic magic that granted the Horde its immense strength began consuming the orcs from within, ultimately threatening to destroy everything that they once were. The Last Guardian: Long ago a group of magi known as the Council of Tirisfal was formed to fight a secret war against the sinister demons of the Burning Legion. To this end, the council imbued a single champion with enormous power to act as the world's guardian. Medivh was one such Guardian of Tirisfal, and he was expected to be the greatest who had ever lived. Yet he was destined to follow a much darker path. From birth a mysterious evil had tainted the core of his being, and his subsequent struggle against the darkness within himself would precipitate the orcish Horde's invasion of Azeroth . . . and change the world forever. Tides of Darkness: During the

First War, the orcish Horde laid waste to the once-great human kingdom of Stormwind. From the ashes of this terrible defeat, however, hope emerged. Anduin Lothar, Champion of Stormwind, rallied the survivors of his ruined homeland and valiantly led them to Lordaeron in the hopes of uniting the human nations into a mighty Alliance that could stand against the Horde and its ruthless new leader, Orgrim Doomhammer. Yet as formidable as Lothar believed the Alliance would be, many humans feared that no force would ever be capable of stopping the Horde's merciless onslaught. Beyond the Dark Portal: In the aftermath of the Second War between orcs and humans, the Dark Portal, a gateway connecting Azeroth to Draenor, was destroyed. The orcs, however, did not abandon their lust for war. Led by the mysterious orc shaman Ner'zhul, a fresh wave of Horde fighters flooded into Azeroth. Even more unsettling was that small bands of orcs intent on something other than mere conquest began

scouring Azeroth for powerful artifacts desired by their sinister leader. To counter the Horde's dark schemes, only one option remained for the Alliance: a suicide mission into the orcs' ruined homeworld of Draenor.
