Summer Scenes

Coloring Book Courier Dover Publications
“They say comedy equals tragedy plus time: This very funny account of an often miserable childhood

is proof.” --People “What a strong, funny, heartbreaking memoir, with a voice that is completely its own (written by a woman who very much seems to be completely her own, as well.) I loved it.”-- Elizabeth Gilbert, New York Times bestselling author of *Big Magic* and *Eat, Pray, Love* An uproarious, moving memoir about a grandmother’s ferocious love and redefining what it means to be family “If you fight that motherf**ker and you

don’t win, you’re going to come home and fight me.” Not the advice you’d normally expect from your grandmother—but Danielle Henderson would be the first to tell you her childhood was anything but conventional. Abandoned at ten years old by a mother who chose her drug-addicted, abusive boyfriend, Danielle was raised by grandparents who thought their child-rearing days had ended in the 1960s. She grew up Black, weird, and overwhelmingly uncool in

a mostly white neighborhood in upstate New York, which created its own identity crises. Under the eye-rolling, foul-mouthed, loving tutelage of her uncompromising grandmother—and the horror movies she obsessively watched—Danielle grew into a tall, awkward, Sassy-loving teenager who wore black eyeliner as lipstick and was struggling with the aftermath of her mother's choices. But she also learned that she had the

strength and smarts to save herself, her grandmother gifting her a faith in her own capabilities that the world would not have most Black girls possess. With humor, wit, and deep insight, Danielle shares how she grew up and grew wise—and the lessons she's carried from those days to these. In the process, she upends our conventional understanding of family and redefines its boundaries to include the millions of people who share her story.

Magnificent Mermaids
Coloring Book Courier Dover Publications
Norman Rockwell's son, Tom, has put together the absolute finest collection of his father's bounteous

body of work, illustrations that bespeak the golden glow of pre- and post-WWII Americana. Rockwell senior, who said he depicted life "as I would like it to be," chronicled iconic visions of American life: the Thanksgiving turkey, soda fountains, ice skating on the pond, and small-town boys playing baseball-not to mention the beginning of the civil rights movement. Now, the best-selling collection of Rockwell's most beloved illustrations, organized by decade, is available in a refreshed

edition. With more than 150 images-oil paintings, watercolors, and rare black-and-white sketches-this is an uncommonly faithful Rockwell treasury. The original edition has sold nearly 200,000 copies.
