LEILA PRECIOUS

Italian Futurist Poetry

Feltrinelli Editore

The power of monarchs has traditionally been as much symbolic as actual, rooted in popular imagery of sovereignty, divinity, and authority. In

Mystifying the Monarch, a distinguished group of contributors explores the changing nature of that imagery—and its political and social effects—in Europe from the Middle Ages to the present day. They demonstrate that, rather than a linear progression where perceptions of rulers moved inexorably from the sacred to the banal, in reality the history of monarchy has been one of constant tension between mystification and demystification.

Scoprirete cos'è la regola dei 5 secondi e come applicarla. Scoprirete anche : che dovete essere onesti con voi stessi che la motivazione è inutile come agire; come aumentare la vostra produttività; come

migliorare la vostra vita. Mel Robbins ha 41 anni: è al verde, in parte alcolizzata, il suo matrimonio è in grave difficoltà e la sua autostima è quasi nulla. Si trova in una situazione inestricabile, senza speranza e senza prospettive. A volte, però, gli eventi più importanti accadono nel modo più insignificante: mentre è totalmente paralizzata dallo stress e dalla drammaticità della sua situazione, l'autrice si imbatte in una pubblicità in cui si attiva un conto alla rovescia di 5 secondi che porta al lancio di un missile. Questa immagine ha l'effetto di un elettroshock: decide di mettere immediatamente in pratica ciò che ha appena compreso.

When ten-year-old

Enaiatollah Akbari's small village in Afghanistan falls prey to Taliban rule in early 2000, his mother shepherds the boy across the border into Pakistan but has to leave him there all alone to fend for himself. Thus begins Enaiat's remarkable and often punishing five-year ordeal, which takes him through Iran, Turkey, and Greece before he seeks political asylum in Italy at the age of fifteen. Along the way, Enaiat endures the crippling physical and emotional agony of dangerous border crossings, trekking across bitterly cold mountain pathways for days on end or being stuffed into the false bottom of a truck. But not everyone is as resourceful, resilient, or lucky as Enaiat, and there are many heart-wrenching casualties along the way. Based on Enaiat's close collaboration with Italian novelist Fabio Geda and expertly rendered in English by an award-winning translator, this novel reconstructs the young boy's memories, perfectly preserving the childlike perspective and rhythms of an intimate oral history. Told with humor and humanity, *In the Sea There Are*

Crocodiles brilliantly captures Enaiat's moving and engaging voice and lends urgency to an epic story of hope and survival.

Every city wants to become creative, perhaps even the most creative ever. But what does it mean to be a creative city? What images take shape as a consequence? What sort of city do we envisage? Which one are we actually building? In a journey that starts with Blade Runner and passes through English punk, Milanese creative workers and Star Wars, the book explores the features and outcomes of the creative city, penetrating its dark side but also identifying its assets. In the future, cities must be guided by a vision of a creative city able to be inclusive yet competitive, to open new public spaces and to be socially innovative. This book presents some of the tools that allow us to look at the city as a place whose air makes people free.

The story of one of the most fascinating women of all time—Maria Eva Duarte, who rose from poverty to become one of the richest, most powerful women in the world. Eva Perón was a star and a legend during her lifetime, one of the most alluring women of the twentieth century. Through the hit Broadway musical *Evita* by Andrew Lloyd Webber, her story became famous, and with the release of the film starring Madonna as Eva Perón, her life became a media obsession once again. *Evita*, as she preferred to style herself, was the beautiful and legendary woman who rose up from poverty to become the hypnotically powerful first lady of Argentina. To millions of poor people, she was a savior; to her enemies, she was a

monstrous dictator. In this riveting biography, John Barnes explores the astonishing paradox of this champion of the poor who attacked the rich and, in the process, made herself the wealthiest woman in the world.

Noi siamo quello che altri hanno voluto che diventassimo. Facciamo in modo che diventiamo quello che noi avremmo (rafforzativo di saremmo) voluto diventare. Oggi le persone si stimano e si rispettano in base al loro grado di utilità materiale da rendere agli altri e non, invece, al loro valore intrinseco ed estrinseco intellettuale. Per questo gli inutili sono emarginati o ignorati.

Arising from a dissatisfaction with blandly general or abstrusely theoretical approaches to translation, this book sets out to show, through detailed and lively analysis, what it really means to translate literary style. Combining linguistic and lit crit approaches, it proceeds through a series of interconnected chapters to analyse translations of

the works of D.H. Lawrence, Virginia Woolf, James Joyce, Samuel Beckett, Henry Green and Barbara Pym. Each chapter thus becomes an illuminating critical essay on the author concerned, showing how divergences between original and translation tend to be of a different kind for each author depending on the nature of his or her inspiration. This new and thoroughly revised edition introduces a system of 'back translation' that now makes Tim Parks' highly-praised book reader friendly even for those with little or no Italian. An entirely new final chapter considers the profound effects that globalization and the search for an immediate international readership is having on both literary translation and literature itself.

Egidia Beretta, mamma di Vittorio Arrigoni, ci racconta la breve vita di suo figlio, il cui barbaro assassinio, avvenuto a Gaza nella notte tra il 14 e

il 15 aprile 2011, è stato pianto dai giovani di tutto il mondo. Giovani che attraverso Vittorio hanno conosciuto e capito come si può dare un senso a Utopia, come la sete di giustizia, di pace, di fratellanza e di solidarietà abbiano ancora cittadinanza e che, come diceva Vittorio, la Palestina può anche essere fuori dall'uscio di casa. Vittorio, il volontario, l'attivista, il pacifista, la voce libera che raccontava Gaza dall'interno. Racconto che ci ha permesso di conoscere giorno dopo giorno una situazione mai così ben rappresentata, senza slogan, ma con la ferma convinzione che conoscere è il primo passo per la soluzione. Fra madre e figlio la corrispondenza è frequente - io e Vittorio eravamo molto uniti, come idee, obiettivi e ideali, sono molto orgogliosa di lui, è sempre stato così - e in questo libro Egidia Beretta ne ha fatto una selezione dettata dal sentimento e dall'importanza del contenuto, che ci fa capire quanto fosse forte il legame madre-figlio: ...domenica scorsa ero a Nazareth. Percorro strade che rappresentano la nascita, il viaggio

esistenziale, il miracolo, il calvario di un Dio che di queste terre sembra essersi scordato. Lo faccio anche per te, mummy, per quella devozione fanciullesca...

"This book is a translation of historian Carlo Ginzburg's latest collection of essays. Through the detective work of uncovering a wide variety of stories or microhistories from fragments, Ginzburg takes on the bigger questions: How do we draw the line between truth and fiction? What is the relationship between history and memory? Stories range from medieval Europe, the inquisitional trial of a witch, seventeenth-century antiquarianism, and twentieth-century historians"--Provided by publisher.

A brilliant satire of mass culture and the numbing effects of technology, *White Noise* tells the story of Jack Gladney, a teacher of Hitler studies at a liberal arts college in Middle America. Jack and his fourth wife, Babette, bound by their love, fear

of death, and four ultramodern offspring, navigate the rocky passages of family life to the background babble of brand-name consumerism. Then a lethal black chemical cloud, unleashed by an industrial accident, floats over their lives, an "airborne toxic event" that is a more urgent and visible version of the white noise engulfing the Gladneys—the radio transmissions, sirens, microwaves, and TV murmurings that constitute the music of American magic and dread.

From Clans to Co-ops explores the social, political, and economic relations that enable the constitution of cooperatives operating on land confiscated from mafiosi in Sicily, a project that the state hails as arguably the greatest symbolic victory over the

mafia in Italian history. Rakopoulos's ethnographic focus is on access to resources, divisions of labor, ideologies of community and food, and the material changes that cooperatives bring to people's lives in terms of kinship, work and land management. The book contributes to broader debates about cooperativism, how labor might be salvaged from market fundamentalism, and to emergent discourses about the 'human' economy.
