Biodiversity of the Himalaya: Jammu and Kashmir State BASTEI LÜBBE

The letters that Ramanujan wrote to G. H. Hardy on January 16 and February 27, 1913, are two of the most famous letters in the history of mathematics. These and other letters introduced Ramanujan and his remarkable theorems to the world and stimulated much research, especially in the 1920s and 1930s. This book brings together many letters to, from, and about Ramanujan. The letters came from the National Archives in Delhi, the Archives in the State of Tamil Nadu, and a variety of other sources. Helping to orient the reader is the extensive commentary, both mathematical and cultural, by Berndt and Rankin; in particular, they discuss in detail the history, up to the present day, of each mathematical result in the letters. Containing many letters that have never been published before, this book will appeal to those interested in Ramanujan's mathematics as well as those wanting to learn more about the personal side of his life. Ramanujan:

Letters and Commentary was selected for the CHOICE list of Outstanding Academic Books for 1996.

This acclaimed series, winner of numerous World Fantasy Awards, continues its tradition of excellence with scores of short stories from such writers as Michael Bishop, Edward Bryant, Angela Carter, Terry Lamsley, Gabriel Garcia Marquez, A.R. Morlan, Robert Silverberg, Michael Swanwick, Jane Yolen, and many others. Supplementing the stories are the editors' invaluable overviews of the year in fantastic fiction, Edward Bryant's witty roundup of the year's fantasy films, and a long list of Honorable Mentions-all of which adds up to an invaluable reference source, and a font of fabulous reading.

[Susan Sontag](#) Ludwig von Mises Institute

Die Hexeneiche Sie erwachte in völliger Dunkelheit. Benommen versuchte sie sich aufzurichten, stieß jedoch mit der Stirn gegen ein Hindernis. Als sie die Hand danach ausstreckte, berührten ihre Finger eine raue Oberfläche. Sprödes Holz! Sie zuckte zusammen, als sich ein abstehender Splitter

in ihre Fingerkuppe bohrte. Hastig zog sie die Hand zurück. Jetzt stieg Panik in ihr hoch. Hektisch tastete sie um sich und stellte entsetzt fest, dass die hölzernen Wände sie von allen Seiten umgaben! Sie lag in einer Kiste! Diese Erkenntnis legte sich wie ein Tonnengewicht auf die Brust der Sechzehnjährigen. Dann kamen die Ratten ...

In *The Complete Book of 1960s Broadway Musicals*, Dan Dietz examines every musical and revue that opened on Broadway during the 1960s. In addition to providing details on every hit and flop, Dietz includes revivals and one-man and one-woman shows that centered on stars like Jack Benny, Maurice Chevalier, Marlene Dietrich, Danny Kaye, Yves Montand, and Lena Horne. In addition to entries for each production, the book offers numerous appendixes: a discography, film and television versions, published scripts, Gilbert and Sullivan operettas, and lists of productions by the New York City Center Light Opera Company, the New York City Opera Company, and the Music Theatre of Lincoln Center.

Hiroshima is the story of six people—a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest—who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

Athenaeum Rowman & Littlefield Publishers

Pediatric respiratory disorders are responsible for a number of acute and chronic health conditions and are a leading cause of pediatric emergency room visits and hospitalizations. More than ever, nurses and nurse practitioners must have an understanding of the anatomy, pathophysiology, diagnosis and state of the art treatments in pediatric respiratory disease as they are often the first to come in contact with and recognize respiratory problems in children. *Nursing Care in Pediatric Respiratory Disease* seeks to provide both nurses and nurse practitioners with this information in order to aid them in the diagnosis and treatment of children suffering from acute and chronic respiratory disorders. *Nursing Care in Pediatric Respiratory Disease* opens with an overview of the anatomy and physiology of the respiratory system, best practices for assessing respiratory symptoms in children, and common respiratory therapies and treatment methods. It then proceeds through an examination of varying acute and chronic upper and lower respiratory diseases spanning from asthma and cystic fibrosis to vocal cord paralysis and sinusitis in both hospital and ambulatory settings. *Nursing Care in Pediatric Respiratory Disease* provides nurses and other health care providers with a comprehensive and practical resource which allows them to collaborate and advocate more effectively, as well as educate both the family and child in management of respiratory disorders.

To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

[The Complete Book of 1960s Broadway Musicals](#) BoD – Books on Demand

Few American writers have revealed their private as well as their public selves so fully as Upton Sinclair, and virtually none over such a long lifetime (1878–1968). Sinclair’s writing, even at its most poignant or electrifying, blurred the line between politics and art—and, indeed, his life followed a similar arc. In *Radical Innocent*: Upton Sinclair, Anthony Arthur weaves the strands of Sinclair’s contentious public career and his often-troubled private life into a compelling personal narrative. An unassuming teetotaler with a fiery streak, called a propagandist by some, the most conservative of revolutionaries by others, Sinclair was such a driving force of history that one could easily mistake his life story for historical fiction. He counted dozens of epochal figures as friends or confidants, including Mark Twain, Jack London, Henry Ford, Thomas Mann, H. G. Wells, Theodore and Franklin Roosevelt, Albert Einstein, Charlie Chaplin, Albert Camus, and Carl Jung. Starting with *The Jungle* in 1906, Sinclair’s fiction and nonfiction helped to inform and mold American opinions about socialism, labor and industry, religion and philosophy, the excesses of the media, American political isolation and pacifism, civil liberties, and mental and physical health. In his later years, Sinclair twice reinvented himself, first as the Democratic candidate for governor of California in 1934, and later, in his sixties and seventies, as a historical novelist. In 1943 he won a Pulitzer Prize for *Dragon’s Teeth*, one of eleven novels featuring super-spy Lanny Budd. Outside the literary realm, the ever-restless Sinclair was seemingly everywhere: forming Utopian artists’ colonies, funding and producing Sergei Eisenstein’s film documentaries, and waging consciousness-raising political campaigns. Even when he wasn’t involved in progressive causes or counterculture movements, his name often was invoked by them—an arrangement that frequently embroiled Sinclair in controversy. Sinclair’s passion and optimistic zeal inspired America, but privately he could be a frustrated, petty man who connected better with his readers than with members of his

own family. His life with his first wife, Meta, his son David, and various friends and professional acquaintances was a web of conflict and strain. Personally and professionally ambitious, Sinclair engaged in financial speculation, although his wealth-generating schemes often benefited his pet causes—and he lobbied as tirelessly for professional recognition and awards as he did for government reform. As the tenor of his work would suggest, Sinclair was supremely human. In *Radical Innocent*: Upton Sinclair, Anthony Arthur offers an engrossing and enlightening account of Sinclair’s life and the country he helped to transform. Taking readers from the Reconstruction South to the rise of American power to the pinnacle of Hollywood culture to the Civil Rights era, this is historical biography at its entertaining and thought-provoking finest.

John Sinclair - Episode 7 Simon and Schuster

Susan Sontag: An Annotated Bibliography catalogues the works of one of America’s most prolific and important 20th century authors. Known for her philosophical writings on American culture, topics left untouched by Sontag’s writings are few and far between. This volume is an exhaustive collection that includes her novels, essays, reviews, films and interviews. Each entry is accompanied by an annotated bibliography.

The Progress of the Nation Metropolitan Books

NATIONAL BESTSELLER ONE OF THE NEW YORK TIMES 10 BEST BOOKS OF THE YEAR Who are the immensely wealthy right-wing ideologues shaping the fate of America today? From the bestselling author of *The Dark Side*, an electrifying work of investigative journalism that uncovers the agenda of this powerful group. In her new preface, Jane Mayer discusses the results of the most recent election and Donald Trump’s victory, and how, despite much discussion to the contrary, this was a huge victory for the billionaires who have been pouring money in the American political system. Why is America living in an age of profound and widening economic inequality? Why have even modest attempts to address climate change been defeated again and again? Why do hedge-fund billionaires pay a far lower tax rate than middle-class workers? In a riveting and indelible feat of reporting, Jane Mayer illuminates the history of an elite cadre of plutocrats—headed by the Kochs, the Scaifes, the Olins, and the Bradleys—who have bankrolled a systematic plan to fundamentally alter the American political system. Mayer traces a byzantine trail of billions of dollars spent by the network, revealing a staggering conglomeration of think tanks, academic institutions, media groups, courthouses, and government allies that have fallen under their sphere of influence. Drawing from hundreds of exclusive interviews, as well as extensive scrutiny of public records, private papers, and court proceedings, Mayer provides vivid portraits of the secretive figures behind the new American oligarchy and a searing look at the carefully concealed agendas steering the nation. *Dark Money* is an essential book for anyone who cares about the future of American democracy. National Book Critics Circle Award Finalist LA Times Book Prize Finalist PEN/Jean Stein Book Award Finalist Shortlisted for the Lukas Prize

The Himalaya, a global biodiversity hotspot, sustains about one-fifth of the humankind. Nestled within the north-western mountain ranges of the Himalaya, the Jammu and Kashmir (J&K) State harbours more than half of the biodiversity found in the Indian Himalaya. The wide expanse of State, spread across the subtropical Jammu, through the temperate Kashmir valley, to the cold arid Ladakh, is typical representative of the extensive elevational and topographical diversity encountered in the entire Himalaya. This book, the most comprehensive and updated synthesis ever made available on biodiversity of the J&K State, is a valuable addition to the biodiversity literature with global and regional relevance. The book, arranged into 7 parts, comprises of 42 chapters contributed by 87 researchers, each of whom is an expert in his/her own field of research. The precious baseline data contained in the book would form the foundation for assessing current status of knowledge about the bioresources, identify the knowledge gaps, and help prioritization of conservation strategies to steer the sustainable use of biodiversity in this Himalayan region. Given the breadth of topics covered under the banner of biodiversity in this book, it can surely serve as a model for documentation of biodiversity in other regions of the world. The book will be of immense value to all those who, directly or indirectly, have to deal with biodiversity, including students, teachers, researchers, naturalists, environmentalists, resource managers, planners, government agencies, NGOs and the general public at large.

Get REA’s newly updated grammar guide and workbook for intermediate and advanced ESL learners. This second edition is ideal for self-guided study or as a supplement to your ESL coursebook. If you’re an ESL student who would like to make English a part of your everyday life,

ESL Grammar: Intermediate and Advanced is for you. The book is for anyone with a basic command of English grammar and vocabulary who wants to build their fluency and confidence. You will find this study guide and workbook to be an excellent resource that you can use as a supplement to your coursebook or on its own, whether you’re at home, in school, or on the job. This new second edition expands the book’s thorough coverage of the important intermediate and advanced grammar topics, with handy usage tips and easy-to-follow practice exercises in every section. The book has been enriched with current topics and examples designed to help you increase your fluency on your journey to mastering English as it’s spoken by native speakers. We’ve included the most commonly confused words (including sound-alikes) to help you avoid the top mistakes English learners make. We show you how word families—groups of words formed from the same base or root word—will help you grow your vocabulary and understand what words mean even before you look them up in a dictionary. Many English words are borrowed from other world languages. This book will show you how to have fun with useful “loanwords” while you improve your vocabulary. We’ve added a new chapter on “Technology in Our Life Today.” Here you will find clear definitions of frequently used computer and technology terms to help you communicate effectively in today’s digital world. Whether you’re in school, managing a household, or looking for a job to advance your career, this book will help you take command of English and express yourself with precision. Be sure to look for the companion volume, *ESL Writing: Intermediate and Advanced*, also by Mary Ellen Muñoz Page.

ESL Intermediate/Advanced Grammar HarperCollins UK

The terrifying story of a young man who has recurring nightmares. A classic story of fear from the master of Edwardian Literature. This classic short story, originally published in 1912, is being republished here together with a new introductory biography of the author.

Pearl Harbor London : J. Murray

An exquisitely wrought and truly imaginative conception.

The Life and Afterlife of Gay Neighborhoods Research & Education Assoc.

This open access book examines the significance of gay neighborhoods (or ‘gayborhoods’) from critical periods of formation during the gay liberation and freedom movements of the 1960s and 1970s, to proven durability through the HIV/AIDS pandemic during the 1980s and 1990s, to a mature plateau since 2000. The book provides a framework for contemplating the future form and function of gay neighborhoods. Social and cultural shifts within gay neighborhoods are used as a framework for understanding the decades-long struggle for LGBTQ+ rights and equality. Resulting from gentrification, weakening social stigma, and enhanced rights for LGBTQ+ people, gay neighborhoods have recently become “less gay,” following a 50-year period of resilience. Meanwhile, other neighborhoods are becoming “more gay,” due to changing preferences of LGBTQ+ individuals and a propensity for LGBTQ+ families to form community in areas away from established gayborhoods. The current ‘plateau’ in the evolution of gay neighborhoods is characterized by generational differences—between Baby Boom pioneers and Millennials who favour broad inclusivity—signaling various possible trajectories for the future ‘afterlife’ of these important LGBTQ+ urban spaces. The complicating impacts of the COVID-19 pandemic provides a point of comparison for lessons learned from gay neighborhoods and the LGBTQ+ community that bravely endured the onset of the HIV/AIDS pandemic. This book will be of interest to students and scholars in various disciplines—including sociology, social work, anthropology, gender and sexuality, LGTBQ+ and queer studies, as well as urban geography, architecture, and city planning—and to policymakers and advocates concerned with LGBTQ+ rights and social justice.

The Gilded Age Gale Cengage

One of the world’s foremost authors of the fantastic, Alan Moore, joins internationally esteemed photographer Mitch Jenkins to create an unprecedented visual and literary experience. An intensely poetic and innovative work of biography, *Unearthing* maps the lifetime of author, orientalist, and occultist Steve Moore, while simultaneously investigating the extraordinary history of South London with which that life has been intertwined. Integrating text with haunting and exquisite imagery, *Unearthing* excavates a territory at the margins of a city, of reality, and of human imagination. Starting life in Iain Sinclair’s seminal anthology *LONDON: City of Disappearances*, this dazzling and hypnotic piece has evolved through a series of live performances and acclaimed recordings, culminating in this breathtaking, full-color volume. A limited edition, oversized hardcover that projects the intensity and sense of scope that Moore and Jenkins’ work fully deserves.

[Radical Innocent: Upton Sinclair](#) Vintage

A landmark biography explores the crucial resonances among the life, work, and times of one of the most influential filmmakers of our age. When Jean-Luc Godard wed the ideals of filmmaking to the realities of autobiography and current events, he changed the nature of cinema. Unlike any earlier films, Godard's work shifts fluidly from fiction to documentary, from criticism to art. The man himself also projects shifting images—cultural hero, fierce loner, shrewd businessman. Hailed by filmmakers as a—if not the—key influence on cinema, Godard has entered the modern canon, a figure as mysterious as he is indispensable. In *Everything Is Cinema*, critic Richard Brody has amassed hundreds of interviews to demystify the elusive director and his work. Paying as much attention to Godard's technical inventions as to the political forces of the postwar world, Brody traces an arc from the director's early critical writing, through his popular success with *Breathless*, to the grand vision of his later years. He vividly depicts Godard's wealthy conservative family, his fluid politics, and his tumultuous dealings with women and fellow New Wave filmmakers. *Everything Is Cinema* confirms Godard's greatness and shows decisively that his films have left their mark on screens everywhere.

Dark Money Anchor

Designed for intermediate and advanced high school- and college-level non-native speakers of English who need to improve their ESL (English as a Second Language) grammar skills. ESL Intermediate/Advanced Grammar provides students with simple explanations of grammar, skill-building exercises, detailed answer keys, and test-taking techniques. It's the perfect companion for

DETAILS - Grammar-oriented exercises with simple explanations that allow students to master concepts through extensive practice - Test-taking techniques featuring strategies for success on ESL tests - Comprehensive Glossary - Superb preparation for students taking the TOEFL (Test of English as Foreign Language)

M St. Martin's Griffin

JOHN SINCLAIR. A Horror Series Compilation. Episode 10-12. Episode 10. BLACK DRAGON RISING For once, it seems, DCI John Sinclair has an easy job: Pick up Nicholas Croydon, a British citizen who's on his way back from Hong Kong via a special medical transport. But when a group of armed men infiltrate Heathrow Airport, Croydon is abducted. Soon, Sinclair and his new partner, Inspector Suko, find themselves fighting a deadly cult called the "Black Dragon" wants to plunge our world into darkness ... Episode 11. RAGE OF THE BLACK DRAGON Following the events of "Black Dragon Rising," John Sinclair and his partner, Inspector Suko, have to battle an unspeakable evil. When a deadly cult manages to resurrect the "Heilong," an ancient Chinese dragon, the serpent spreads its wings and unleashes its deadly wrath in a city of millions. Soon, the army is called in and a bloody battle erupts over the streets of London. Sinclair and Suko have to find the dragon's nest. But how do you stop a creature of legend? Episode 12. SOME DARKER MAGIC Cascabel is a deformed creature who lives on human flesh - despised, desperate, and hunted. The "Great Sourette" is a failed stage magician at the very end of his life. When their paths intersect, a dark plan is set in motion, a plan that brings them to Samdon Isle, a small cluster of rocks near the coast of Scotland.

Here, underneath the twisted ruins of a forgotten castle, lies a gateway to the underworld. All they need now is John Sinclair - their messiah. Only his soul can open the gate and unleash hell on earth ... "John Sinclair" is the relaunch of Europe's longest running horror series. Originally conceived in 1973 by Jason Dark and still going strong, the "John Sinclair" novellas are firmly rooted in the finest pulp traditions: true page turners with spine-tingling suspense, exquisite gore, and a dash of adventure. For fans of the dark visions of Stephen King, Clive Barker and the "X-Files" and the fast-paced action and globe-trotting excitement of James Bond. Gabriel Conroy was born in Los Angeles, California, in 1967. After high school, he joined the armed forces and was stationed in Germany for several years. He discovered his love for writing while traveling through Europe. When he returned to the States, he studied Journalism at Los Angeles City College and UCLA, and currently works as a freelance journalist, writer, and translator. Mr. Conroy is married and has a dog and a cat.

Springfield (Sangamon County, Illinois) City Directory Crown

For the Blood is the Life and Other Stories by Marion F. Crawford is a collection of blood-curdling stories for the most steady horror fans. Crawford writes a riveting collection about vampires, murders, and unexplored crypts. Excerpt: "SIR HUGH OCKRAM smiled as he sat by the open window of his study, in the late August afternoon. A curiously yellow cloud obscured the low sun, and the clear summer light turned lurid as if it had been suddenly poisoned and polluted by the foul vapors of a plague."
