NationsBank became one of the nation's leading financial powers following its 1988 entry into Texas with the acquisition of the former First Republic banks and its 1991 merger with C&S/Sovran of Atlanta and Norfolk. NationsBank now has nearly \$120 billion in assets and is the leading bank in a region stretching from Maryland to southern Florida and western Texas. Howard Covington and Marion Ellis provide a fascinating account of this nontraditional financial institution that is now the fourth-largest bank in the country.

A comprehensive guide to alternative investments that reveals today's latest research and strategies. Historically low interest rates and bear markets in world stock markets have generated intense interest in alternative investments. With returns in traditional investment vehicles relatively low, many professional investors view alternative investments as a means of meeting their return objectives. *Alternative Investments: Instruments, Performance, Benchmarks, and Strategies*, can put you in a better position to achieve

this difficult goal. Part of the Robert W. Kolb Series in Finance, *Alternative Investments* provides an in-depth discussion of the historic performance, benchmarks, and strategies of every major alternative investment market. With contributions from professionals and academics around the world, it offers valuable insights on the latest trends, research, and thinking in each major area. Empirical evidence about each type of alternative investment is featured, with research presented in a straightforward manner. Examines a variety of major alternative asset classes, from real estate, private equity, and commodities to managed futures, hedge funds, and distressed securities. Provides detailed insights on the latest research and strategies, and offers a thorough explanation of historical performance, benchmarks, and other critical information. Blends knowledge from the conceptual world of scholars with the pragmatic view of practitioners in this field. *Alternative Investments* provide a means of diversification, risk control, and return enhancement and, as such, are attractive to many professional investors. If you're

looking for an effective way to hone your skills in this dynamic area of finance, look no further than this book.

This four-volume set introduces, on the management side, principles and procedures of economics, budgeting and finance; leadership; governance; communication; business law and ethics; and human resources practices; all in the sports context. On the marketing side this reference resource explores two broad streams: marketing of sport and of sport-related products (promoting a particular team or selling team- and sport-related merchandise, for example), and using sports as a platform for marketing non-sports products, such as celebrity endorsements of a particular brand of watch or the corporate sponsorship of a tennis tournament. Together, these four volumes offer a comprehensive and authoritative overview of the state of sports management and marketing today, providing an invaluable print or online resource for student researchers. *The Houston Job Bank* Legare Street Press

Since the terrorist attack of September 11th America has been filled with clouds of evil. They have darkened our reason and covered us with ashes of anger. How do we sort out our feelings of revenge and retaliation with those of understanding, compassion and love? Some of us believe knowledge of American history will give us the insight and maturity that we need to help our nation through this war on terrorism. American citizens need to understand the basic principles of democracy and freedom because they must know what we fight for. Americans need to rededicate themselves to the cause of freedom to face the future. Freedom should not be taken for granted because there are those who would take it from us. People need to understand that some governments terrorize and abuse their people. These governments intentionally control their people by keeping them oppressed and ignorant. The

history of our country is great but as Thomas Jefferson warned: "If a nation expects to be ignorant and free, it expects what never was and never will be". A recent alarming ACTA report which polled seniors at the nation's top 55 colleges indicates that we have a generation of Americans who are historically illiterate. The survey revealed that almost half would fail the basic test in American history required for immigrants who seek citizenship in the United States. American Symbols Commemorative Edition has the common information about the different state flowers, birds and trees as well as information about the many new symbols which the states have enacted which includes their scientific names and dates of inception it also includes the active and colorful history of each state and interesting facts and trivia about the states.

*The Challenge to Power* SAGE Publications Known as "the bible" to Los Angeles architecture scholars and enthusiasts, Robert Winter and David Gebhard's groundbreaking guide to architecture in the greater Los Angeles area is updated and revised once again. From Art Deco to

Beaux-Arts, Spanish Colonial to Mission Revival, Winter discusses an impressive variety of architectural styles in this popular guide that he co-authored with the late David Gebhard. New buildings and sites have been added, along with all new photography. Considered the most thorough L.A. architecture guide ever written, this new edition features the best of the past and present, from Charles and Henry Greene's Gamble House to Frank Gehry's Disney Philharmonic Hall. This was, and is again, a must-have guide to a diverse and architecturally rich area. Robert Winter is a recognized architectural historian who lives in Los Angeles, and has led architectural tours through the Los Angeles area since 1965. He is a professor at Occidental College in Los Angeles.
