Who's Afraid of the Quite Nice Wolf?

Kregel

Princely India
in the 1930s
and '40s

enjoyed a
golden age
which already
seems
immeasurably
distant from
the thriving,
modern nation
of today.
These were
halcyon days
of bejewelled
and autocratic

Maharajas; life
in marble
palaces
mirrored in
lakes or in
mighty stone
fortresses on
craggy hills;
tiger hunts on
elephant-back
and elephant
hunts on foot;
and lavish

house parties ringing with the sound of polo and music and laughter. As their apparent to the central Indian kingdom of Sarila, Narendra Singh Sarila was born into the very heart of this society and his life offers a unique vista on a vanished world. This warm and unsentimental personal history beautifully evokes life at the end of the British Raj in vivid and colourful detail. But it

also reveals how, despite their position, Sarila and his family embraced the changes occasioned by Independence and adapted rapidly to its new demands. In 1947, at the age of just 21, Sarila put his childhood concerns firmly behind him when he became Aide de Camp to Lord Mountbatten, the last British Governor General of India. Once a Prince in Sarila draws on his experiences

and his detailed diaries from the period and includes intimate and revealing portraits of Lord Mountbatten and his wife, Edwina, as well as their many prestigious visitors - including Jawaharlal Nehru and Sardar Patel among other top civil and military leaders, both British and Indian. "Once a Prince in Sarila" is a unique history of a forgotten world and Sarila is a

sensitive and perceptive guide to India's transition from Empire to an independent nation.

At the outset of the Vietnam War, the Army created an experimental fighting unit that became known as "Tiger Force." The Tigers were to be made up of the cream of the crop-the

very best and bravest soldiers the American military could offer. They would be given a long leash, allowed to operate in the field with less supervision. Their mission was to seek out enemy compounds and hiding places so that bombing runs could be accurately targeted. They were to go where no troops had gone, to become one with the jungle, to leave themselves

behind and get deep inside the enemy's mind. The experiment went terribly wrong. What happened during the seven months Tiger Force descended into the abyss is the stuff of nightmares. Their crimes were uncountable, their madness beyond imagination-so much so that for almost four decades, the story of Tiger Force was covered up under orders that stretched all the way to the White

House. Records were scrubbed, documents were destroyed, men were told to say nothing. But one person didn't follow orders. The product of years of investigative reporting, interviews around the world, and the discovery of an astonishing array of classified information, Tiger Force is a masterpiece of journalism. Winners of the Pulitzer Prize for their Tiger Force reporting,

Michael Sallah and Mitch Weiss have uncovered the last great secret of the Vietnam War. *How to Make a Book* Random House Books for Young Readers An Illinois Reads Pick (K-2) 2017 Don't underestimate Ava just because she's "cute" and wears "adorable glasses"—she's really a fierce monster slayer. And when her beloved Piggy is left in the dryer in the basement, Ava knows

she'll have to face the ferocious monsters lurking in the dark if she wants to rescue her favorite stuffed animal. So she puts on her brother's superhero cape, grips his sword tight, puts on her pink rain boots and sparkly princess crown, and creeps downstairs. Not even the roar of the greenest and hairiest monster is going to stop this spunky girl. Even

though she's scared and the monsters smell terrible, Ava is determined to rescue Piggy. Ross Felten's brisk, sketch-like illustrations help bring energy and humor to this story of bravery and loyalty. Young readers will relate to Ava's mission and delight in her victory over the monsters. Ava the Monster Slayer is sure to appeal to children worried about monsters in their own homes and

kids devoted to their own stuffed animals. Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO

bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home. *Sharpe's Tiger* Simon and Schuster
An intimately

charged novel of desire and disaster from the National Book Award-winning author of *Trust Exercise* and *A Person of Interest*. Regina Gottlieb had been warned about Professor Nicholas Brodeur long before arriving as a graduate student at his prestigious university high on a pastoral hill. He's said to lie in the dark in his office while undergraduates women read couplets to him. He's condemned

on the walls of the women's restroom, and enjoys films by Roman Polanski. But no one has warned Regina about his exceptional physical beauty—or his charismatic, volatile wife. *My Education* is the story of Regina's mistakes, which only begin in the bedroom, and end—if they do—fifteen years in the future and thousands of miles away. By turns erotic and completely catastrophic,

Regina's misadventures demonstrate what can happen when the chasm between desire and duty is too wide to bridge. *Tiger Capstone Classroom* Hank Haney's candid, surprisingly insightful account of his tumultuous six-year journey with Tiger Woods, during which the supremely gifted golfer collected six major championships and rewrote golf history. Hank was one

of very few people allowed behind the curtain and observed Tiger in nearly every circumstance. There's never been a book about Tiger that is as intimate and revealing--or as wise about what it takes to coach a star athlete. From 2004 to the spring of 2010, Hank Haney was Tiger Woods's coach, and Tiger was Haney's only client. In that period, Tiger won more than a third of the

tournaments he entered and six of his fourteen major titles. Haney felt hugely honored to help Tiger with his swing, and he approached the job with intense absorption and attention to detail. Haney was with Tiger 110 days a year, spoke to him over 200 days a year, and stayed at Tiger's house up to 30 days a year--sometimes affording him more contact with Tiger than either

the athlete's agent or caddy. Haney saw his student in nearly every circumstance: in the locker room; on the course; with his wife, Elin; and relaxing with friends. Haney was there through it all, observing how Tiger's public identity sometimes meshed awkwardly with the roles of husband and friend, and how the former child prodigy came to have a conflicted relationship with the game

that made him famous.

The book that made a legend -- and captures America's sport in detail that's never been matched, featuring a foreword by Nicholas Dawidoff and never-before-seen content from the Plimpton Archives.

George Plimpton was perhaps best known for Paper Lion, the book that set the bar for

participatory sports journalism. With his characteristic wit, Plimpton recounts his experiences in talking his way into training camp with the Detroit Lions, practicing with the team, and taking snaps behind center. His breezy style captures the pressures and tensions rookies confront, the hijinks that pervade when sixty high-strung guys live together in close quarters, and a host of football rites

and rituals. One of the funniest and most insightful books ever written on football, Paper Lion is a classic look at the gridiron game and a book The Wall Street Journal calls "a continuous feast...The best book ever about football -- or anything!" Sunset of the Sabertooth Simon and Schuster The chilling and thrilling story of a fearless young Jewish girl growing up in Nazi's World

War II. Her family members get murdered, she goes through unbearable psychological abuse, unimaginable hunger and operations meant for death...but she didn't only survive it, she built a legacy from it! You'll fall in love with the fearless Tiger of Auschwitz!

Escaping the Tiger Harper Collins

"It was a bloody awful shot," Sharpe said. "My mother could lay a gun better than that." "I didn't think you had a mother," Private Garrard said. "Everyone's

got a mother, Tom." "Not Sergeant Hakeswill," Garrard said, then spat a mix of dust and spittle. . . . "Hakeswill was spawned of the devil." Richard Sharpe—Soldier, hero, rogue—the man you always want on your side. Born in poverty, he joined the army to escape jail and climbed the ranks by sheer brutal courage. He knows no other family than the regiment of the 95th

Rifles, whose green jacket he proudly wears.

A remarkable debut novel that takes readers on a journey of discovery, magic, science, and hope. Now in paperback! Twelve-year-old Addie should stay away from Maple Lake. After all, her twin brother, Amos, drowned there only a few months ago. But its crisp, clear water runs in Addie's veins, and the notebook

Amos left behind -- filled with clues about a mysterious creature that lives in the lake's inky-blue depths -- keeps calling her back. So despite her parents' fears, Addie accepts a Young Scientist position studying the lake for the summer, promising she'll stick to her job of measuring water pollution levels under adult supervision. Still, Addie can't resist the secrets of

Maple Lake. She enlists the lead researcher's son, Tai, to help her investigate Amos's clues. As they collect evidence, they also learn that Maple Lake is in trouble -- and the source of the pollution might be close to home. Addie finds herself caught between the science she has always prized and the magic that brings her closer to her brother, and the choice she makes will change everything.

Camp Tiger

Penguin
When you're so skinny people call you Skeleton Boy, how do you find strength for the fight of your life?
Vonlai knows that soldiers who guard the Mekong River shoot at anything that moves, but in oppressive Communist Laos, there's nothing left for him, his spirited sister, Dalah, and his desperate parents. Their only hope is a refugee camp in Thailand—on the other side

of the river.
 When they reach the camp, their struggles are far from over. Na Pho is a forgotten place where life consists of squalid huts, stifling heat, and rationed food. Still, Vonlai tries to carry on as if everything is normal. He pays attention in school, a dusty barrack overcrowded with kids too hungry to learn. And, to forget his empty stomach, he plays soccer in a field full of rocks. But when

someone inside the camp threatens his family, Vonlai calls on a forbidden skill to protect their future—a future he's sure is full of promise, if only they can make it out of Na Pho alive. In her compelling debut, Laura Manivong has written an evocative story that is vividly real, strongly affecting, and, at its heart, about hope that resonates in even the darkest moments.

grandfather. Guaranteed fiction! *Tiger in the Shadows* Rowman & Littlefield Throughout its existence the Federal District Court of Nebraska has echoed the dynamics of its time, reflecting the concerns, interests, and passions of the people who have made this state their home. *Echo of Its Time* explores the court's development, from its inception in 1867 through 1933, tracing

the careers of its first four judges: Elmer Dundy, William Munger, Thomas Munger (no relation), and Joseph Woodrough, whose rulings addressed an array of issues and controversies echoing macro-level developments within the state, nation, and world. Echo of Its Time both informs and entertains while using the court's operations as a unique and accessible prism through

which to explore broader themes in the history of the state and the nation. The book explores the inner workings of the court through Thomas Munger's personal correspondence, as well as the court's origins and growing influence under the direction of its legendary first judge, Elmer Dundy. Dundy handled many notable and controversial matters and made significant

decisions in the field of Native American law, including *Standing Bear v. Crook* and *Elk v. Wilkins*. From the turn of the century through 1933 the court's docket reflected the dramatic and rapid changes in state, regional, and national dynamics, including labor disputes and violence, political corruption and Progressive Era reform efforts, conflicts between cattle ranchers and
