No, but I do.

John Sandford: Lucas Davenport Novels 16-20 Penguin  
Lucas Davenport investigates an unsettling series of murders in this classic novel in the #1 New York Times bestselling series—and this one is John Sandford “at the

top of his game” (New York Post)... In life she was a high-profile model. In death she is the focus of a media firestorm that’s demanding action from Lucas Davenport. One of his own men is a suspect in her murder. But when a series of bizarre, seemingly unrelated slayings rock the city, Davenport suspects a connection that runs deeper than anyone had imagined—one that

leads to an ingenious killer more ruthless than anyone had feared... FEATURING A NEW INTRODUCTION BY THE AUTHOR *Certain Prey* Penguin Don't miss this "sexy, bloody thriller"(Publishers Weekly) in #1 New York Times bestselling author John Sandford's *Prey* series... The first body is of a young woman, found on a Minneapolis riverbank, her throat cut, her body scourged and put on display. Whoever did this, Lucas Davenport knows, is pushed by brain chemistry. There is something wrong with him. This isn't a bad love affair. The second body is found three weeks later, in a farmhouse six miles south. Same condition, same display—except

this time it is a man. Nothing to link the two victims, nothing to indicate that the killings end here. "This guy..." Lucas said. He took a deep breath, let it out as a sigh. "This guy is going to bust our chops." And soon he is going to do far, far worse than that...

**Silent Prey** Penguin THE NEW YORK TIMES BESTSELLER Lucas Davenport's first case as a U.S. Marshal sends him into uncharted territory in the thrilling new novel in the #1 New York Times-bestselling series. The man was smart and he didn't mind killing people. Welcome to the big leagues, Davenport. Thanks to some very influential people whose lives he saved, Lucas is no longer working for the Minnesota Bureau of

Criminal Apprehension, but for the U.S. Marshals Service, and with unusual scope. He gets to pick his own cases, wherever they are, wherever they lead him. And where they've led him this time is into real trouble. A Biloxi, Mississippi, drug-cartel counting house gets robbed, and suitcases full of cash disappear, leaving behind five bodies, including that of a six-year-old girl. Davenport takes the case, which quickly spirals out of control, as cartel assassins, including a torturer known as the "Queen of home-improvement tools" compete with Davenport to find the Dixie Hicks shooters who knocked over the counting house. Things get ugly real fast, and neither the cartel

killers nor the holdup men give a damn about whose lives Davenport might have saved; to them, he's just another large target. Filled with his trademark razor-sharp plotting and some of the best characters in suspense fiction, *Golden Prey* is further reason why "Sandford has always been at the top of any list of great mystery writers" (The Huffington Post).

**Easy Prey** Penguin John Sandford and Michele Cook follow up their New York Times bestseller, *UNCAGED*, with the next nail-biting installment in The Singular Menace series. Perfect for fans of *The Maze Runner!* Shay Remby and her gang of renegades have struck a blow to the Singular Corporation. When

they rescued Shay's brother, Odin, from a secret Singular lab, they also liberated a girl. Singular has been experimenting on her, trying to implant a U.S. senator's memories into her brain—with partial success.

Fenfang is now a girl who literally knows too much. Can the knowledge brought by ex-captives Odin and Fenfang help Shay and her friends expose the crimes of this corrupt corporation? Singular has already killed one of Shay's band to protect their secrets. How many more will die before the truth is exposed?

**Neon Prey** Penguin  
Fan-favorite heroes Lucas Davenport and Virgil Flowers join forces on a deadly maritime case in the remarkable new novel

from #1 New York Times bestselling author John Sandford. An off-duty Coast Guardsman is fishing with his family when he calls in some suspicious behavior from a nearby boat. It's a snazzy craft, slick and outfitted with extra horsepower, and is zipping along until it slows to pick up a surfaced diver . . . a diver who was apparently alone, without his own boat, in the middle of the ocean. None of it makes sense unless there's something hinky going on, and his hunch is proved right when all three Guardsmen who come out to investigate are shot and killed. They're federal officers killed on the job, which means the case is the FBI's turf. When the

FBI's investigation stalls out, they call in Lucas Davenport. And when his case turns lethal, Davenport will need to bring in every asset he can claim, including a detective with a fundamentally criminal mind: Virgil Flowers.

**Twisted Prey** Simon and Schuster  
 Lucas Davenport confronts an old nemesis, now a powerful U.S. senator, in this thrilling #1 New York Times-bestselling new novel in the Prey series. Lucas Davenport had crossed paths with her before. A rich psychopath, Taryn Grant had run successfully for the U.S. Senate, where Lucas had predicted she'd fit right in. He was also convinced that she'd been responsible for three

murders, though he'd never been able to prove it. Once a psychopath had gotten that kind of rush, though, he or she often needed another fix, so he figured he might be seeing her again. He was right. A federal marshal now, with a very wide scope of investigation, he's heard rumors that Grant has found her seat on the Senate intelligence committee, and the contacts she's made from it, to be very...useful. Pinning those rumors down was likely to be just as difficult as before, and considerably more dangerous. But they had unfinished business, he and Grant. One way or the other, he was going to see it through to the end.

*Storm Front* Penguin

A Lucas Davenport thriller by internationally bestselling novelist John Sandford. When a whole block is torn down in central Minneapolis to make way for a new housing development, an unpleasant surprise is unearthed - the bodies of two girls, wrapped in plastic, underneath an old house. It looks like they've been down there a long time. Lucas Davenport knows exactly how long. In 1985, Davenport was a young cop just about to be promoted out of uniform, despite a reputation for playing fast and loose with the rules. A superb undercover guy, he was part of the massive police effort that followed the kidnapping of two girls

who were never found again, dead or alive. The searches turned up nothing, so when the suspected kidnapper was killed in a shoot-out, the case was closed. But not for Davenport. He'd gotten deep into the case, and while he was convinced the suspect knew something, he didn't think he was the perpetrator - something just felt off. He argued hard about it to his bosses, but nobody wanted to hear. Until now. With the bodies discovered, the case is dusted off, just to tie a bow around it - but there's something wrong with the evidence. There are indications of tampering. Police tampering. And as Davenport investigates, it becomes clear: it

wasn't just the bodies that were buried, but the truth - and there are a lot of people with a very strong stake in that truth never being uncovered.

### **The Investigator**

Penguin

Years ago, Lucas Davenport almost died at the hands of Clara Rinker, a pleasant, soft-spoken, low-key Southerner, and the best hitwoman in the business. Now retired and living in Mexico, she nearly dies herself when a sniper kills her boyfriend, the son of a local druglord, and while the boy's father vows vengeance, Rinker knows something he doesn't:

The boy wasn't the target—she was—and now she is going to have to disappear to find the killer herself. The FBI and DEA draft Davenport to help track her down, and with his fiancée deep in wedding preparations, he's really just as happy to go—but he has no idea what he's getting into. For Rinker is as unpredictable as ever, and between her, her old bosses in the St. Louis mob, the Mexican druglord, and the combined, sometimes warring, forces of U.S. law enforcement, this is one case that will get more dangerous as it goes along. And when the crossfire comes, anyone standing in the middle won't stand a chance.... Filled with the rich characterization and

**Escape Clause**

Penguin

A savage psychopath is playing cat and mouse with Lucas Davenport. But both killer and detective find themselves at odds with a female investigator who has intensely personal reasons for catching

the killer herself-and fast.

Chosen Prey Penguin  
The #1 New York Times bestselling Lucas Davenport novel from John Sandford. Two people are found hanging naked from a tree in the woods of northern Minnesota. What makes the situation particularly sensitive is the bodies are of a black man and a white woman. Lynching is the word everyone's trying not to say, but as Lucas Davenport begins to discover, the murders are not at all what they appear to be. And there is worse to come—much, much worse. “All but impossible to put down.”—The Washington Post “Fast paced and full of surprises, this may be Sandford’s best novel

yet.”—Library Journal  
Bad Blood Penguin  
Murder, scandal, political espionage and an extremely dangerous woman. Lucas Davenport's going to be lucky to get out of this one alive. A Minnesota political fixer has hit the jackpot - or so he thinks. Hired to take down the incumbent U.S. senator with a vicious smear, to open the way for an ambitious, take-no-prisoners heiress who sees the Senate as merely a stepping-stone, he decides his payoff should be larger. The blackmail demand should yield some pretty large numbers, he thinks. Instead, he gets only a small one - 9 millimeters, to be exact. In the heart. Davenport is

investigating the smear when the trail leads to the man's disappearance, then - very troublingly - to the Minneapolis police department, then - most troublingly of all - to a woman who could

give Machiavelli lessons. She has very definite ideas about the way the world should work, and the money, ruthlessness and sheer will to make it happen. No matter who gets in the way.
