NAVARRO CORTEZ

The Sacred Books of the Jainas

Pearson College Division
 Covers the history of Jainism that spans a period of more than 2,500 years. The history, values, concepts and scriptures, eminent mendicant and lay leaders and scholars, places, institutions, and social and cultural factors are covered in over 600 dictionary entries. This comprehensive reference work also includes an introductory essay, explanation of the Jain scriptures, chronology, appendices, bibliography, and an 8-page black-and-white photo spread.

Jaina Studies Motilal Banarsidass
 Publishe

This is an activity book for children to learn basics of Jainism.

Compendium of Jainism Macmillan

This book provides Jainism based religious story.

Outlines of Jainism Motilal Banarsidass
 Publishe

This book provides information on the two main sectarian traditions of Jainism, the Śvetāmbaras and Digambaras, from their early history to the present. It also includes information on various reform movements within these two traditions. The dictionary section contains more than 450 individual entries with technical terms, mendicant lineages, mendicant and lay practices and vows, biographies of influential mendicant leaders and scholars in the mendicant and lay communities, as well as entries on various Tīrthaṅkaras, ancillary deities, and pilgrimage sites. This

comprehensive dictionary will be a valuable reference for anyone interested in South Asian religions or the study of nonviolence and conflict resolution. --from back cover.

Jain Story Book St. Martin's Press
 Indian psychology is a distinct psychological tradition rooted in the native Indian ethos. It manifests in the multitude of practices prevailing in the Indian subcontinent for centuries. Unlike the mainstream psychology, Indian psychology is not overwhelmingly materialist-reductionist in character. It goes beyond the conventional third-person forms of observation to include the study of first-person phenomena such as subjective experience in its various manifestations and associated cognitive phenomena. It does not exclude the investigation of extraordinary states of

consciousness and exceptional human abilities. The quintessence of Indian nature is its synthetic stance that results in a magical bridging of dichotomies such as natural and supernatural, secular and sacred, and transactional and transcendental. The result is a psychology that is practical, positive, holistic and inclusive. The Handbook of Indian Psychology is an attempt to explore the concepts, methods and models of psychology systematically from the above perspective. The Handbook is the result of the collective efforts of more than thirty leading international scholars with interdisciplinary backgrounds. In thirty-one chapters, the authors depict the nuances of classical Indian thought, discuss their relevance to contemporary concerns, and draw out the implications and applications for teaching, research and practice of psychology.

Jain Alphabet Book Forgotten Books
This concise Pali-English Dictionary has been prepared mainly for use by students in schools and colleges. The author is not only eminent Elder of the Buddhist Order but one of the leading Pali scholars recognized both in the East and the West as an authority on the subject. It is to be observed that the author has kept more or less to the traditional sense of words while not altogether ignoring the meanings given by Western scholars in their translations and lexicons. Many errors in the latter sources have also been rectified. But the basic sense adopted is in nearly every instance the traditionally accepted meaning in accord with the commentaries and the glossaries. This perhaps is of special value to beginners as thereby they get introduced to the indigenous tradition, thus providing a useful basis on which to build up a more scientific knowledge as the study advances.

Jaina Sects and Schools JAINA

"Throughout his long academic career, P.S. Jaini has focused his research on the religious, philosophical and literary achievements of the Buddhists and the Jains. His papers on Jaina Studies, scattered in many learned publications, are brought together here for the first time. They cover a wide range of topics including the Jaina view of the nature of reality, the doctrine of karma, the problem of rebirth, the idea of omniscience, the aptitude for salvation, and the assimilation of Hindu myths and rituals."--Publisher description.

Studies in South Indian Jainism World Wisdom, Inc
Excerpt from The Heart of Jainism
Amongst the many friends, Indian and English, whose help has made the

production of this little book possible, the writer owes a special debt of gratitude to the Rev. G. P. Taylor, M.A., D.D., who years ago first directed her attention to Jainism as an almost untrodden field for research, and who ever since has allowed her to make the fullest use of his unrivalled stores of oriental scholarship; to Mr. J. N. Farquhar, M.A., from whom she has received constant help and suggestion, especially in the compilation of the Historical Summary and the paragraphs on Jaina writers; and to her husband, who, when she was hindered by illness, not only prepared the index, but also undertook, together with Mr. Farquhar, the whole of the proof correcting. Amongst her Indian friends, the writer would like to thank two Jaina pandits, who successively lectured to her in Rajkot (Kathiawad) almost daily during a period of seven years, for the patience and lucidity with which they expounded their creed. Each of these gentlemen, the one representing perhaps the more modern, and the other the more conservative, points of view, most kindly re-read the MS. with her. In her study of Jainism, however, the writer is not only indebted to pandits, but also to nuns in various Apasara, to officiants in beautiful Jaina temples, to wandering monks, happy-go-lucky Jaina schoolboys and thoughtful students, as well as to grave Jaina merchants and their delightful wives. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Aspects of Jaina Religion Scarecrow Press

This book was a paper read by the author at a meeting of the Royal Asiatic Society on Feb 26, 1877. Apart from analyzing the early and pre Buddhist phase of the rule of Asoka, it also has notes on the ancient religions of the east derived from the pantheon of the Indo-Scythians. Also prefixed is a notice on Bactrian coins and Indian dates. This book is not a popular account of Asoka but is of great value to the researcher. This book is a reprint of the 1877 edition.

Jaina Philosophy of Language

Scarecrow Press

The religious tradition of the Jains, unique in many respects, presents a fascinating array of doctrinal and social structures that stem from the anti-vedic movements of ancient times. Drawing extensively on primary sources, Professor Jaini provides a comprehensive introduction to the Jaina experience. Beginning with the Life of Mahavira the author elucidates the essentials of Jaina cosmology and philosophy as well as of the path of purification through which the soul may escape from its Karmic defilements and attain eternal salvation. This path constitutes the integral element within the broader frame-work of Jaina literature, lay ritual and the socio-historical factors, which enabled Jainism to survive and prosper to the present day. In particular, the author has examined the cardinal doctrine of ahimsa (non-harming), both in its impact upon Jaina religious consciousness and as a standard in applying its sacred principles to the conduct of every day life.

Jain Way of Life (JWOL) BRILL

The volume contains selected articles presented in the ZOOM conference on History of Mathematics in Jain Literature, December 2020, and also contains articles invited by the editors on specific topics. The main objective for the conference was to bring to the attention of historians in mathematics that there is a plenty of literature written by monks and scholars in Jaina literature that contains elements of arithmetic, algebra and geometry, independent of discoveries by other cultures in the past. The talks and the discussions at the conference highlighted a need for a volume that can be recommended as a reference book for a course on History of Mathematics in the Departments of Mathematics and Education in colleges and universities. This is our hope that the present volume would fill up the gap on the lack of knowledge of past Jaina contributions.

Historical Dictionary of Jainism Foundation Books

Interest for Jain studies has increased considerably in the last decades. Scholars will be thankful to the organizers of the 12th World Sanskrit Conference who, for the first time in such a conference, planned a special panel on this field. The ten papers collected in this volume show the importance, abundance and variety of topics that can be considered. Philological analysis still proves useful, whether it concentrates on one particular work or on clusters of texts. A study of the strategy of narrative and predication needs a

historical approach, kavya literature lends itself to renewed and indepth interpretations. Finally the reader will observe the constant renewal of Jainism, as some new literary genre or a new sect are seen to have gained momentum in modern times.

The Heart of Jainism Motilal Banarsidass Publishe

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Jainism, Or, The Early Faith of Asoka

Britannica Educational Publishing

Jainism is an ancient Indian religion rooted in non-violence towards others. Jains believe that twenty-four great spiritual leaders, or Tirthankars, were responsible for propagating certain fundamentals tenets of Jainism. This book gives a little background information about each of them. Kids will enjoy this introductory book full of captivating illustrations, and parents might learn a thing or two as well! 50% of all proceeds from this book will go towards various philanthropic efforts in India. Who Are the Tirthankars? Jains believe in the concept of karma and reincarnation. Who we are born as in the next life is dependent on our actions in the present life. By shedding karma and eliminating attachments, our soul inches closer and closer to Moksha (spiritual liberation). Any deserving soul is capable of becoming a Jina (victorious one), but only those responsible for teaching and spreading the central tenets of Jainism can be considered a Tirthankar. A Tirthankar is therefore not an incarnation of God, but rather a spiritual teacher who spreads five principal teachings of Jainism: ahimsa (non-violence), aparigraha (non-possessiveness), brahmacharya (chastity), asteya (non-stealing), and satya (truth). *Collected Papers on Jaina Studies* Dunedin Academic Press Ltd

Imagine a world where no one gets hurt, a world where no one is teased or bullied, a world where there is no fear or anger. Six centuries before the birth of Jesus, in the faraway land of India, there lived a great

spiritual teacher name Mahavira (which means "very brave"), who imagined just such a world. He showed kindness to every living being and emphasized the practice of nonviolence, compassion, and forgiveness. The religion of Mahavira was called Jainism. Mahavira was born a prince, but because he had such deep love and respect for all living creatures, he renounced his wealth and power to become a wandering monk. The Jain teachings of Mahavira became very popular. He taught three important lessons: that one should have love and compassion for all living things; that one should not be too prideful of one's own point of view because the truth has many sides; and that one should not be greedy and should avoid attachment to possessions. Today Jainism has more than 10 million adherents throughout the world. In following the example of Mahavira, Jains practice a vegetarian diet and are committed to sound ecological and environmental practices. Mahavira's lessons on nonviolence and compassion still have a profound impact around the globe, and he is credited with influencing Mahatma Gandhi, who in turn inspired Martin Luther King, Jr. Beautifully brought to life by the delicate paintings of Demi and the powerful yet simple narrative of nationally recognized writer, Manoj Jain, the story of Mahavira's life will provide a shining example of how one spiritual teacher's noble ideals can echo throughout the ages.

The A to Z of Jainism Legare Street Press

Heir to a diverse array of traditions, the Indian subcontinent boasts customs that are distinguished by a constant juxtaposition of the ancient and the modern. The omnibus culture that has resulted from a rich history reflects an accommodation of ideas from across the globe and over time. This inviting narrative examines the tapestry of major events and beliefs that imbue everyday Indian life with vitality, and it presents the remarkable achievements in writing and the arts that have influenced individuals throughout the world.

Understand the life and teachings of Osho, one of the twentieth century's most unusual gurus and philosophers, in *Autobiography of a Spiritually Incorrect Mystic*. In 1990, Osho prepared for his departure from the body that had served him for fifty-nine years—in the words of his attending physician—"as calmly as though he were packing for a weekend in the country." Who was this man, known as the Sex Guru, the "self-appointed bhagwan" (Rajneesh), the Rolls-Royce Guru, the Rich Man's Guru, and simply the Master? Drawn from nearly five thousand hours of Osho's recorded talks, this is the story of his youth and education, his life as a professor of philosophy and years of travel teaching the importance of meditation, and the true legacy he sought to leave behind: a religion-less religion centered on individual awareness and responsibility and the teaching of "Zorba the Buddha," a celebration of the whole human being. Osho challenges readers to examine and break free of the conditioned belief systems and prejudices that limit their capacity to enjoy life in all its richness. He has been described by the Sunday Times of London as one of the "1000 Makers of the 20th Century" and by Sunday Mid-Day (India) as one of the ten people—along with Gandhi, Nehru, and Buddha—who have changed the destiny of India. Since his death in 1990, the influence of his teachings continues to expand, reaching seekers of all ages in virtually every country of the world.
