Week 9

CAROLYN KENDAL

The Anatomy of Blackness Cambridge University Press
Accompanying Columbus on his second voyage to the New World in 1494 was a young Spanish friar named Ramón Pané. The friar's assignment was to live among the "Indians" whom Columbus had "discovered" on the island of Hispaniola (today the island shared by Haiti and the Dominican Republic), to learn their

language, and to write a record of their lives and beliefs. While the culture of these indigenous people—who came to be known as the Taíno—is now extinct, the written record completed by Pané around 1498 has survived. This volume makes Pané's landmark Account—the first book written in a European language on American soil—available in an annotated English edition. Edited by the noted Hispanist José Juan Arrom, Pané's report is the only surviving direct source of information about the myths, ceremonies, and lives of the New World inhabitants

whom Columbus first encountered. The friar's text contains many linguistic and cultural observations, including descriptions of the Taíno people's healing rituals and their beliefs about their souls after death. Pané provides the first known description of the use of the hallucinogen cohoba, and he recounts the use of idols in ritual ceremonies. The names, functions, and attributes of native gods; the mythological origin of the aboriginal people's attitudes toward sex and gender; and their rich stories of creation are described as well.

New Medieval Literatures Lorenz
Educational Press

Ranging from the Tokugwa period to the present day, this text provides a concise and fascinating introduction to the social, cultural and political history of modern Japan. Tipton covers political and economic developments and shows how they relate to social themes and developments. Her survey covers traditional political history as well as areas growing in interest: gender issues, labor conditions and ethnic minorities.

Pleasurable Instruction Psychology Press
Students will discover for themselves why the Pilgrims left their homeland and came to a new world, what their boat the Mayflower was like, how they spent their time on the ship and what they ate during the voyage, how they lived in their new home and why we remember them today. They'll learn how the Pilgrims and Native Americans cooperated in order for their people to live peacefully with one another, and how one Native American, Squanto, became the Pilgrims' best friend.

Literary Approaches to the Bible A&C
Black

The acclaimed author explores the

greatest travel writing by literary adventurers from Freya Stark and James Baldwin to Nabokov and Hemmingway. Paul Theroux celebrates fifty years of wandering the globe with this meditative journey through the books that shaped him as a reader and traveler. Part philosophical guide, part miscellany, part reminiscence, *The Tao of Travel* enumerates "The Contents of Some Travelers' Bags" and exposes "Writers Who Wrote about Places They Never Visited"; tracks extreme journeys in "Travel as an Ordeal" and highlights some of "Travelers' Favorite Places." Excerpts from the best of Theroux's own work are interspersed with selections from travelers both familiar and unexpected, including J.R.R. Tolkien, Samuel Johnson, Eudora Welty, Evelyn Waugh, Isak Dinesen, Charles Dickens, Henry David Thoreau, Pico Iyer, Mark Twain, Anton Chekhov, Bruce Chatwin, John McPhee, Peter Matthiessen, Graham Greene, Paul Bowles, and many more.

American Art: History and Culture, Revised First Edition Motilal
Banarsidass Publ.

Includes ten contributor's writings on 250

years of women travel writers. Travel is a quest, an escape, a passion. Women explorers and travellers are a special breed. This book covers 22 courageous women who encircled the globe, and boldly crossed international barriers often to encounter the most patriarchal cultures of their time.

The Uses of Criticism A&C Black

Focuses on key developments in the environmentally-friendly production of energy and its conservation through an enhanced understanding of the chemical processes involved.

The Tao of Travel Manchester University

'Grand Tours and Cook's Tours' is the story of intellectuals and the very rich, the not so rich, the infamous and the anonymous seeking adventure and satisfying ways of exploring the world, from the mid-18th century to World War One.

Great Women Travel Writers JHU Press

New Medieval Literatures is an annual containing the best new interdisciplinary work in medieval textual cultures.

Pausanias Lexham Methods

The ancient Romans were responsible for many remarkable achievements—Roman

numerals, straight roads—but one of their lesser-known contributions was the creation of the tourist industry. The first people in history to enjoy safe and easy travel, Romans embarked on the original Grand Tour, journeying from the lost city of Troy to the Acropolis, from the Colossus at Rhodes to Egypt, for the obligatory Nile cruise to the very edge of the empire. And, as Tony Perrottet discovers, the popularity of this route has only increased with time. Intrigued by the possibility of re-creating the tour, Perrottet, accompanied by his pregnant girlfriend, sets off to discover life as an ancient Roman. The result is this lively blend of fascinating historical anecdotes and hilarious personal encounters, interspersed with irreverent and often eerily prescient quotes from the ancients—a vivid portrait of the Roman Empire in all its complexity and wonder.

The Grand Tour Rodopi

[This book is] for American art survey courses. [It] provides a thorough ... chronology of American art, including painting, sculpture, architecture, decorative arts, photography, and folk art. [The author] presents art and artists within the context of their times, including

insights into the intellectual, spiritual, and political environment. [He] charts the growth of a distinctly American art culture.-Back cover.

Perspectives and Methodology Duke University Press

The British Abroad is illustrated throughout with a superb collection of photographs and maps, many previously unpublished. This book will appeal to anyone interested in eighteenth-century travel and the social intricacies of travelling abroad in that era. *Travel As Metaphor* Signal Books

In this book, Maria Pretzler combines a thorough introduction to Pausanias with exciting new perspectives. She considers the process and influences that shaped the "Periegesis", and maps out its literary and cultural context. Pausanias' text records contemporary interpretations of monuments and traditions, and is concerned with the identity and history of Greece, issues that were crucial concerns for Greeks under Roman rule. Parallels with various texts of the period offer insights into Pausanias' attitudes as well as illustrating important aspects of Second Sophistic culture. A discussion of Greek texts that deal with fictional or actual

travel experiences provides a background for a detailed study of the Periegesis as travel literature. Pausanias' treatment of geography and his descriptions of landscapes, cities and artworks are considered in detail, and there is also a study of his methods as a historian. The final chapters deal with Pausanias' impact on modern approaches to Greece and ancient Greek culture.

When Asia Was the World Da Capo Press

Until the 1980s, a common narrative about women in China had been one of victimization: women had dutifully endured a patriarchal civilization for thousands of years, living cloistered, uneducated lives separate from the larger social and cultural world, until they were liberated by political upheavals in the twentieth century. Rich scholarship on gender in China has since complicated the picture of women in Chinese society, revealing the roles women have played as active agents in their families, businesses, and artistic communities. The essays in this collection go further by assessing the ways in which the study of gender has changed our understanding of Chinese history and showing how the study of

gender in China challenges our assumptions about China, the past, and gender itself.

Text and Visuality Springer

The essays in this collection are a selection of the papers given at the Fifth International Conference on Word and Image Studies, Claremont, CA, 14-20 March, 1999.

Chemistry, Energy and the Environment
Random House

The collection includes pilgrimage accounts, which describe a 'national' circuit (as in Lady Nijo's, c. 1280, or Sei Shonagon's, c. 990, accounts) or move across vast regions to places of learning and pilgrimage or to a particular centre of religio-cultural significance (the early Chinese travellers to India in the fifth, sixth and seventh centuries, the Hajj pilgrimage of Ibn Jubayr in the 12th century, Blyden's Africanist-Christian pilgrimage to the Holy Land in the 19th century). These pilgrimage accounts can also taper into other genres: for instance, while Ibn Battuta (b. 1304) set out to go to Mecca (which he did), he ended up travelling across 50 countries and dictating what is undoubtedly a travel

book in a narrow generic sense rather than the account of a pilgrimage. Other extracts range from the influential medieval travel-geography of al-Idrisi in the 11th century; the global history,

Travels Through France and Italy

Edwin H Lowe Publishing

This work examines the forms of language that map out Italy as an imaginative topography of pleasure within British and French travel writing, over the period 1600 to 1830. It considers the tour with reference to strategies of description and themes.

Grand Tours and Cook's Tours Bern : H. Lang

This succinct and insightful guide to reflective practice is designed for students and practitioners across a range of professions in the human services - social work, healthcare and related fields. In seven compact chapters, it takes the reader through the main theories and principles of reflective practice, drawing on concepts and findings from across the associated literature. Its clear and careful integration of both the 'thinking' and 'doing' elements of the complex and often challenging task of practising reflectively

makes this an ideal text for students and practitioners alike. New for this edition: New material which covers how pandemic-induced remote working has affected opportunities for spontaneous group reflection. New content which looks at the significance of reflective practice for management and leadership. Clearer links across reflective learning, personal growth and spirituality

The Critically Reflective Practitioner Sutton Pub Limited

Bringing together the latest studies on Japanese pragmatics, this edited volume showcases the breadth of research conducted in this ever-expanding, interdisciplinary field, with the introductory chapter providing a useful summary of developments in the field in the past decades. The twelve chapters address a variety of traditional and emerging topics by adopting diverse theoretical and methodological frameworks and presenting a range of perspectives on grammar, interaction and culture. They demonstrate a wide scope of pragmatics research informed by, as well as informing, usage-based grammar, cognitive linguistics, conversation

analysis, sociolinguistics, linguistic anthropology, and literary and cultural studies. Chapters also consider future directions as to how the study of Japanese language in use will continue to offer critical data and analyses to the field dominated by the study of English and other European languages. This volume is certain to be of interest to students and scholars engaged in pragmatics in general and the Japanese language in particular.

An Account of the Antiquities of the Indians PAJ Publications

This first English translation of the Asokavadana text, the Sanskrit version of the legend of King Asoka, first written in the second century A.D. Emperor of India during the third century B.C. and one of the most important rulers in the history of Buddhism. Asoka has hitherto been

studied in the West primarily from his edicts and rock inscriptions in many parts of the Indian subcontinent. Through an extensive critical essay and a fluid translation, John Strong examines the importance of the Asoka of the legends for our overall understanding of Buddhism. Professor Strong contrasts the text with the Pali traditions about King Asoka and discusses the Buddhist view of kingship, the relationship of the state and the Buddhist community, the king's role in relating his kingdom to the person of the Buddha, and the connection between merit making, cosmology, and Buddhist doctrine. An appendix provides summaries of other stories about Asoka.

Interdisciplinary Approaches to Language

William Morrow

"Bringing together 100 essential critical

articles across 4 volumes, *Literature and the Environment: Critical and Primary Sources* is a comprehensive collection of the most important academic writings on ecocriticism and literature's engagement with environmental crisis. With texts by key scholars, creative writers and activists, the articles in these four volumes follow the development and history of environmental criticism, as well as interdisciplinary conversations with contemporary philosophy and media studies. *Literature and the Environment* includes work by such writers as: Stacy Alaimo, Jonathan Bate, Jacques Derrida, Ursula K. Heise, Richard Kerridge, Bruno Latour, Rob Nixon, Ken Saro-Wiwa, William Shakespeare, Leslie Marmon Silko, Henry David Thoreau, E.O. Wilson, Cary Wolfe and William Wordsworth"--
