Chilton's Motor Age Nolo

This handbook is primarily for the use of persons in the business of importing, manufacturing, and dealing in firearms defined by the National Firearms Act (NFA) or persons intending to go into an NFA firearms business. It should also be helpful to collectors of NFA firearms and other persons having questions about the application of the NFA. This publication is not a law book. Rather, it is intended as a ?user friendly? reference book enabling the user to quickly find answers to questions concerning the NFA. Nevertheless, it should also be useful to attorneys seeking basic information about the NFA and how the law has been interpreted by ATF. The book's Table of Contents will be helpful to the user in locating needed information. Although the principal focus of the handbook is the NFA, the book necessarily covers provisions of the Gun Control Act of 1968 and the Arms Export Control Act impacting NFA firearms businesses and collectors.

The Communicator MotorBooks International

The latest edition of the leading guide to consulting engagement pricing, from the "Rock Star of Consulting" Alan Weiss In the newly revised Third Edition of *Value-Based Fees: How to Charge - and Get - What You're Worth*, best-selling author, speaker and renowned consultant Dr. Alan Weiss delivers a thoroughly updated guide to proposing, and receiving, consistently high fees that are based on the value you deliver to each client you serve. The author walks you through the many reasons that time-and-materials pricing models are outdated and inadequate and how to convert existing clients to your new value-based fee model. He also discusses fundamental new developments in consulting, including the remote delivery of services, the waning market power of the consulting giants, economic globalization, and the shift from project work to advisory work. Among the step-by-step techniques and strategies provided in the book, you'll find: How to establish value-based fees, including determining your unique value and creating a "good deal" dynamic How to create, capitalize on, and market to trusted advisor relationships How to implement fee increases immediately, prevent and rebut fee objections, create consulting products, and explore lucrative new fields Perfect for newcomers to the consulting field as well as time-tested veterans, *Value-Based Fees* is an indispensable guide for every solo consultant, entrepreneur, and small consulting firm.

From the creator of the popular website *Ask a Manager* and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit "reply all" • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for *Ask a Manager* "A must-read for anyone who works . . . [Alison Green's] advice boils down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get

you far, no matter where you work."—Booklist (starred review) "The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience."—Library Journal (starred review) "I am a huge fan of Alison Green's *Ask a Manager* column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace, confidence, and a sense of humor."—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* "Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way."—Erin Lowry, author of *Broke Millennial: Stop Scraping By and Get Your Financial Life Together*

How to Write Proposals, Sales Letters & Reports

Master the business side of architecture with advice from an expert. In *Your Architecture Career*, Gary Unger provides tips and guidance to students, interns, architects, and firm owners to help them understand and master the business side of architecture and interior design. Students in school are not taught to manage process, projects, and clients—the emphasis is on design. However, most graduates will not finish their careers as designers. Rather, their focus will be on marketing, programming, project management, cost estimating, rendering, virtual reality, drawing documentation, specifications, workplace strategy, and construction administration. Gary Unger expertly describes the creative aspects of these disciplines and the considerable value they bring to a firm. In order to accurately represent how an architecture firm successfully operates, Gary stresses the importance of teamwork. With project teams made up of architects, engineers, realtors, building owners, contractors, furniture dealers, and more, it is important to note that a project's success is measured by how well handoffs of information are executed both inside a firm as well as from firm to firm. Spanning a wide variety of topics, chapters include: Completing architectural school Deciding on a career path Landing your first job Building your reputation Managing handoffs RFPs and proposals Reassessing your career Starting your own firm Whether you're a student about to graduate or a seasoned professional, *Your Architecture Career* is an invaluable resource for the business side of architecture.
