From the creator of the popular website Ask a Manager and New York's work-advice columnist comes a witty, practical guide to 200 difficult professional conversations—featuring all-new advice! There's a reason Alison Green has been called "the Dear Abby of the work world." Ten years as a workplace-advice

columnist have taught her that people avoid awkward conversations in the office because they simply don't know what to say. Thankfully, Green does—and in this incredibly helpful book, she tackles the tough discussions you may need to have during your career. You'll learn what to say when • coworkers push their work on you—then take credit for it • you accidentally trash-talk someone in an email then hit “reply all” • you're being micromanaged—or not being managed at all • you catch a colleague in a lie • your boss seems unhappy with your work • your cubemate's loud speakerphone is making you homicidal • you got drunk at the holiday party Praise for Ask a Manager “A must-read for anyone who works . . . [Alison Green's] advice boils

down to the idea that you should be professional (even when others are not) and that communicating in a straightforward manner with candor and kindness will get you far, no matter where you work.”—Booklist (starred review) “The author's friendly, warm, no-nonsense writing is a pleasure to read, and her advice can be widely applied to relationships in all areas of readers' lives. Ideal for anyone new to the job market or new to management, or anyone hoping to improve their work experience.”—Library Journal (starred review) “I am a huge fan of Alison Green's Ask a Manager column. This book is even better. It teaches us how to deal with many of the most vexing big and little problems in our workplaces—and to do so with grace,

confidence, and a sense of humor.”—Robert Sutton, Stanford professor and author of *The No Asshole Rule* and *The Asshole Survival Guide* “Ask a Manager is the ultimate playbook for navigating the traditional workforce in a diplomatic but firm way.”—Erin Lowry, author of *Broke Millennial: Stop Scraping By* and *Get Your Financial Life Together*

Covering the period from the publication

of Thomas Chippendale's *The Gentleman and Cabinet-Makers' Director* (1754) to the Great Exhibition (1851), this book analyses the relationships between producer retailers and consumers of furniture and interior design, and explores what effect dialogues surrounding these transactions had on the standardisation of furniture production during this period. This study examines the role of pattern books and their readers; the construction of taste and style through negotiation; and daily interactions through showrooms and other services, to reveal the complexities of English material culture in a period of industrialisation.

How to Start, Run and Grow a Successful Residential & Commercial Cleaning Business Hello, my name is Maria Carmen, and I have something important to tell you. I know you've probably heard these types of success stories before and are a little skeptical, but I'm telling you this is true and can really happen for you. Ten years ago, after my divorce, I needed to find a way to support myself. I was one of those individuals that never went to college or had a trade skill, so there weren't a lot of job choices for me. What was I to do? I started looking into entry-level jobs that didn't require specialized training or skills. Unfortunately, I wasn't keen on the idea of working at a fast-food restaurant for minimum wage with limited potential for advancement or better pay. Then, I

learned about house cleaning from a friend of mine. She used house cleaning as a way to supplement their family income. However, I realized the potential to grow this into something more. So I started taking on a few residential cleaning jobs, getting my name out there, and increasing my client list. I took the time to do some research and found a way to offer some specialized services that got me paid a little extra. Before I knew it, my client list was growing beyond what I could do by myself. So I started hiring employees. Then, I realized the importance of branching out and started to take on commercial contracts. Commercial cleaning turned out to be even more beneficial to my income than residential cleaning. Not only was I able to support

myself with this work, but I was able to grow and thrive. Today, I have a company of my own with 22 employees. We take on both residential and commercial cleaning contracts. My income has grown to over \$250,000 a year now. I never dreamed a simple job to help pay the bills would grow into this, but it has. It takes a little bit of work, but the benefits are there to be had if you know what to do. I'm here to tell you what you need to do so you can have success, just like I did.
