MELODY KYLAN

Les crimes passionnels Hachette Littératures

This book is based on the author's Psychology, now in preparation, which should logically have been published first. The standpoint of the latter is roughly and provisionally indicated in Chapter X, with which it is hoped any reader with philosophic interests will begin. This point of view is further set forth in the last part of Chapter XVI, and some of its implications appear in Chapter XII, which should follow. That, recognizing fully all that has hitherto been done in this direction, the genetic ideas of the soul which pervade this work are new in both matter and method, and that if true they mark an extension of evolution into the psychic field of the utmost importance, is the conviction of the author. Although most of even his ablest philosophical contemporaries, both American and European, must regard all such conceptions much as Agassiz did Darwinism, he believes that they open up the only possible line of advance for psychic studies, if they are ever to escape from their present dishonorable captivity to epistemology, which has to-day all the aridity, unprogressiveness, and barrenness of Greek sophism and medieval scholasticism, without standing, as did these, in vital relations to the problems of their age.

Classified List ... OUP Oxford

1936: Hubert Paludeau assassine sa maîtresse, après une liaison tumultueuse... Meurtre avec préméditation? Crime passionnel? S'en suit un procès qui fera grand bruit. L'opinion est perturbée, les plaidoiries enflammées. La violence de l'amour, la jalousie sournoise peuvent-elles atténuer l'horreur du crime? Verdict: crime passionnel, vingt ans de travaux forcés, seulement. 2007: Charles Nadeau poignarde à seize reprises sa femme. Un couple chaotique. Un enfant qui le divise. Tensions, violence conjugale, jalousie amoureuse. De l'amour à la haine il n'y a qu'un pas... Verdict: vingt ans de réclusion criminelle. L'amour peut-il être une circonstance atténuante au crime? Un tribunal se fait-il l'écho des valeurs d'une époque? Aime-t-on différemment au début et à la fin du xxesiècle? Les «circonstances atténuantes» se plai-dent-elles différemment dans l'entre-deux-guerres et soixante-dix ans plus tard, dans les années 2000? André Rauch donne la parole à la presse, à l'opinion, aux accusés et à leurs plaideurs pour analyser ce moment où la passion se consume dans le crime.

Les Crimes passionnels BRILL

Que se passe-t-il dans la tête des personnes qui commettent des actes de violence ? Celles qui tuent un ami ou un parfait étranger ? Celles qui agressent sexuellement un enfant ? Qu'est-ce qui motive ces personnes à agir de façon immorale et incompréhensible pour la majorité de la population ? Malgré qu'il n'existe pas de réponses simples à ces questions, ce livre sur les violences familiales et sociales propose quelques pistes d'explication de la dynamique interne, des enjeux psychosociaux et intrapsychiques des auteurs de différentes formes de violence contre autrui. Cet ouvrage offre une compréhension du fonctionnement psychique des individus auteurs de violences familiales et sociales, et permet, à travers la

perspective psychodynamique, de saisir l'irrationalité et le sens des passages à l'acte violent. Il met en évidence ce qui semble sous-tendre les comportements de violences et apporte ainsi des pistes de prévention et d'intervention nécessaires en fonction des besoins de ces personnes. Ce livre s'adresse aux étudiants, professeurs, chercheurs, cliniciens et tout les intervenants oeuvrant dans le domaine de la violence familiale et sociale, ou même ceux qui sont en contact avec une clientèle présentant un risque de passage à l'acte violent. À travers l'exploration et l'élaboration de portraits cliniques des auteur(e)s de violences conjugales, d'homicides conjugaux et extrafamiliaux, d'homicides de masse, et même de violences sexuelles, cet ouvrage collectif permettra aux lecteurs d'arrimer les connaissances théoriques et empiriques à la réalité clinique.

Crimes of Passion JHU Press

Bringing key Shakespeare texts into dialogue with feminist socio-legal research, this book investigates the notion of a 'crime of passion' - indicatively, wife-killing. Its key concern is to bring attention to a cultural and legal revolution widely overlooked even in the law field where it occurred. In 2009, the English Parliament passed a controversial law abolishing the defence of provocation. Explaining the new law, reformers said that this so-called 'heat of passion' defence had allowed men to get away with murder by blaming the victim. Abolishing it in cases of alleged 'infidelity' would 'end the culture of excuses'. Unpacking what was at stake in the reformers' revolutionary challenge to the English law of murder's age-old concession to 'human frailty' in 'red mist' rage cases, this book charts passion's progress in wife-killing cases over the centuries. It commences in the early modern era when jurists were busy distinguishing murder from manslaughter and, contemporaneously, Shakespeare set about querying culturally inscribed excuses for femicide in his plays, Titus Andronicus and Othello. This book will appeal to feminist and socio-legal scholars, criminologists and those working in the fields of law and literature, legal theory and Shakespeare studies. More widely, it will appeal to anyone interested in so-called 'crimes of passion'.

[La criminalité politique](#) Routledge

Ils se déclarent leur amour à coups de revolver, se marient en prison et sont acquittés sous les acclamations de la foule. Etudiant en philosophie, il abat l'un de ses condisciples qui n'aimait pas Jean-Paul Sartre... En une seule nuit, toutes les femmes d'un village sont empoisonnées... Des histoires incroyables ! Et pourtant Pierre Bellemare n'a rien inventé. De Dents de l'amour au Démon de midi, il entraîne le lecteur dans un inquiétant voyage au pays de la passion et du crime. Vingt-cinq histoires vraies par le conteur le plus populaire de France. Ou quand les crimes passionnels deviennent passionnants...

Ici, un homme romantique cultive avec amourses pois de senteur... mais assassines sauvagement sa femme. Là, une virago acariâtre ordonne à son amante de tuer sa meilleure amie. Ici, une jeune blonde platinée se retrouve veuve un peu trop fréquemment. Là, une jeune fille bien sous tous rapports disparaît mystérieusement pendant ses vacances... Dans ces chroniques extraordinaires de Pierre Bellemare et Jean-François Nahmias, le plus grand conteur de France nous raconte de nombreuses histoires réelles, où des femmes et des hommes effacés se sont métamorphosés, par passion, en criminels. Amour-haine, amour-vengeance, amour assassin... cette nouvelle édition des Crimes passionnels est toujours aussi passionnante.

[Massin. Ediz. Inglese](#) Editions JFD

Historian Eliza Earle Ferguson's meticulously researched study of domestic violence among the working class in France uncovers the intimate details of daily life and the complex workings of court proceedings in fin-de-siècle Paris. With detective-like methods, Ferguson pores through hundreds of court records to understand why so many perpetrators of violent crime were fully acquitted. She finds that court verdicts depended on community standards for violence between couples. Her search uncovers voluminous testimony from witnesses, defendants, and victims documenting the conflicts and connections among men and women who struggled to balance love, desire, and economic need in their relationships. Ferguson's detailed analysis of these cases enables her to reconstruct the social, cultural, and legal conditions in which they took place. Her ethnographic approach offers unprecedented insight into the daily lives of nineteenth-century Parisians, revealing how they chose their partners, what they fought about, and what drove them to violence. In their battles over money and sex, couples were in effect testing, stretching, and enforcing gender roles.

Gender and Justice will interest social and legal historians for its explanation of how the working class of fin-de-siècle Paris went about their lives and navigated the judicial system. Gender studies scholars will find Ferguson's analysis of the construction of gender particularly trenchant. -- Holly Grout
[L'oraison funèbre de Gorgias](#) Taylor & Francis

A unique insight into the creativity of graphic designer, Massin.

The Trial of Madame Caillaux Univ of North Carolina Press

This title was first published in 2003. Drawing on literary, art historical and historical studies, this essay collection explores the complex encounter

between culture and politics within Surrealism. The Surrealist movement was one of the first cultural movements to question explicitly the relation between culture and politics, and its attempt to fuse social and cultural revolution has been a critical factor in shaping our sense of modernity. This anthology addresses not only the contested ground between culture and politics within Surrealism itself, and within the subsequent historical accounts of the movement, but also the broader implications of this encounter on our own sense of modernity. Its goal is to delineate the role of radical politics in shaping the historical trajectory of Surrealism.

[Bulletin of the New York Public Library](#) Univ of California Press

The very term crimes of passion can evoke deep-seated, primitive responses. We are fascinated, yet repelled by the thought of such overwhelming rage and passion. This book examines some of history's most infamous cases, from Ruth Ellis and Lord Broughton to OJ Simpson and Lorena Bobbit.

Crimes of Passion Since Shakespeare Taylor & Francis

"What a pleasure it is to read a book by a gifted writer whose exhaustive research results in such thought-provoking insights."—Deirdre Bair, author of

Simone de Beauvoir: A Biography

[List of Works Relating to Criminology](#) Editions 1

This book, first published in 1936, provides an introduction to the various branches of criminology, including criminal psychology and criminology as an applied science. This title also provides an overview of some of the different criminological schools and theories. This book will be of interest to students of criminology and sociology.

[Abnormal Man, Being Essays on Education and Crime and Related Subjects](#) Editions 1

Aimer, un peu, beaucoup, passionnément, jusqu'à cette folie qui en amène certains à tuer. Ils se déclarent leur amour à coups de revolver, se marient en prison et sont acquittés sous les ovations du public. Un étudiant en philosophie abat l'un de ses camarades parce qu'il n'aime pas Jean-Paul Sartre.

Là, toutes les femmes d'un village sont empoisonnées en une seule nuit... Le crime est parfois un acte d'amour. Mais il est aussi un moyen de recouvrer sa liberté pour vivre, avec une ou un autre, une nouvelle histoire passionnelle. Car dans tous ces actes fous, la passion mène la danse... À la lecture de ces chroniques captivantes, on ne peut s'empêcher d'imaginer la voix du plus extraordinaire conteur de France, Pierre Bellemare, qui ajoute de la passion à cette nouvelle édition des Crimes passionnels.

The Journal of Criminal Law & Criminology Routledge

This volume presents a comparative examination of the issue of fault in criminal law. Extant law reveals significant problems in adoption of consistent approaches to doctrinal and theoretical underpinnings of fault liability and culpability thresholds in criminal law. This has been exemplified by a plethora of recent jurisprudential authorities revealing varying degrees of confusion and vacillation. This collection focuses on fault liability for inculcation with contributions from leading specialists from different jurisdictions presenting alternative perspectives. The book addresses three specific elements within the arena of fault, embracing an overarching synergy between them. This structure facilitates an examination of UK provisions, with specialist contributions on domestic law, and in contrasting these provisions against alternative domestic jurisdictions as well as comparative contributions addressing a particularised research grid for content. The comparative chapters provide a wider background of how other legal systems treat a variety of specialised issues relating to fault elements in the context of the criminal law. With contributions from leading experts in the field, the book will be an invaluable resource for researchers, academics, and practitioners working in this area.

[Gender and Justice](#) Robson Books Limited

James Donovan takes a comprehensive approach to the history of the jury in modern France by investigating the legal, political, sociocultural, and intellectual aspects of jury trial from the Revolution through the twentieth century. He demonstrates that these juries, through their decisions, helped shape reform of the nation's criminal justice system. From their introduction in 1791 as an expression of the sovereignty of the people through the early 1900s, argues Donovan, juries often acted against the wishes of the political and judicial authorities, despite repeated governmental attempts to manipulate their composition. High acquittal rates for both political and nonpolitical crimes were in part due to juror resistance to the harsh and rigid punishments imposed by the Napoleonic Penal Code, Donovan explains. In response, legislators gradually enacted laws to lower penalties for certain crimes and to give jurors legal means to offer nuanced verdicts and to ameliorate punishments. Faced with persistently high acquittal rates, however, governments eventually took powers away from juries by withdrawing many cases from their purview and ultimately destroying the panels' independence in 1941.

An Introduction to Criminology

This comparative literary study re-evaluates French tragedy's impact on current approaches to guilt and extenuation. Focussing on Racine but ranging widely, it sheds original light on tragic archetypes through the lenses of performance theory and modern attitudes towards blame.
