New York Times
Bestseller Rising Star is
the definitive account
of Barack Obama's
formative years that
made him the man
who became the forty-

fourth president of the
United States—from
the Pulitzer Prize-
winning author of
Bearing the Cross
Barack Obama's
speech at the 2004
Democratic National
Convention instantly
catapulted him into the
national spotlight and
led to his election four

years later as America's first African-American president. In this penetrating biography, David J. Garrow delivers an epic work about the life of Barack Obama, creating a rich tapestry of a life little understood, until now. *Rising Star: The Making of Barack Obama* captivantly describes Barack Obama's tumultuous upbringing as a young black man attending an almost-all-white, elite private school in Honolulu while being raised almost exclusively by his white grandparents. After recounting Obama's college years in California and New York, Garrow charts Obama's time as a Chicago community organizer, working in some of the city's roughest

neighborhoods; his years at the top of his Harvard Law School class; and his return to Chicago, where Obama honed his skills as a hard-knuckled politician, first in the state legislature and then as a candidate for the United States Senate. Detailing a scintillating, behind-the-scenes account of Obama's 2004 speech, a moment that labeled him the Democratic Party's "rising star," Garrow also chronicles Obama's four years in the Senate, weighing his stands on various issues against positions he had taken years earlier, and recounts his thrilling run for the White House in 2008. In *Rising Star*, David J. Garrow has created a vivid portrait that reveals not only the

people and forces that shaped the future president but also the ways in which he used those influences to serve his larger aspirations. This is a gripping read about a young man born into uncommon family circumstances, whose faith in his own talents came face-to-face with fantastic ambitions and a desire to do good in the world. Most important, *Rising Star* is an extraordinary work of biography—tremendous in its research and storytelling, and brilliant in its analysis of the all-too-human struggles of one of the most fascinating politicians of our time. [Yes We Can](#) Routledge From #1 NYT bestselling author Kelly Yang comes a gorgeously illustrated

picture book about Asian American changemakers doing everything they dreamed of and inspiring all of us to reach for new heights! From creating beautiful music like Yo-Yo Ma to flying to outer space like Franklin Chang-Díaz; from standing up to injustice like Fred Korematsu to becoming the first Asian American, Black and female vice president of the United States like Kamala Harris, this book illuminates the power of Asian Americans all over the country, in all sorts of fields. Each spread is illustrated by a different renowned Asian American or Asian artist. Alongside the poetic main text, *Yes We Will* includes one-line biographies of the person or historical

moment featured on the page, with extended biographies at the end. Readers of different ages and needs can use the book in different ways, from classroom discussions to bedtime readalouds and more. *Yes We Will* answers the question, can we accomplish whatever we dream? With love, courage, determination, and lots of imagination, we can—and we will!

Featured changemakers:

Yes We Can! Two Lions “Lee Grant has lived her life and practiced her craft with reckless abandon, bravery, honesty, and ultimately brutal clarity.”—Tony Award-winner Frank Langella Already a celebrated Broadway star and *Vogue* “It Girl,” Lee Grant was just twenty-four when she was nominated for an Academy Award for *Detective Story*. A year later, her name landed on the Hollywood blacklist, destroying her career and her marriage. Grant spent twelve years fighting the Communist witch hunts and rebuilt her life on her own terms: first stop, a starring role on *Peyton Place*. Set amid the 1950s New York theater scene and the starstudded parties of 1970s Malibu, *I Said*

Yes to Everything will delight film and theatre buffs as well as the beloved star's myriad fans.

The creator of "Grey's Anatomy" and "Scandal" details the one-year experiment with saying "yes" that transformed her life, revealing how accepting unexpected invitations she would have otherwise declined enabled powerful benefits.

César Heather Wardell
#1 NEW YORK TIMES BESTSELLER • Barack Obama's lucid vision of America's place in the world and call for a new kind of politics that builds upon our shared understandings as Americans, based on his years in the Senate "In our lowdown, dispiriting

era, Obama's talent for proposing humane, sensible solutions with uplifting, elegant prose does fill one with hope."—Michael Kazin, The Washington Post In July 2004, four years before his presidency, Barack Obama electrified the Democratic National Convention with an address that spoke to Americans across the political spectrum. One phrase in particular anchored itself in listeners' minds, a reminder that for all the discord and struggle to be found in our history as a nation, we have always been guided by a dogged optimism in the future, or what Obama called "the audacity of hope." The Audacity of Hope is Barack Obama's call for a different brand of politics—a politics for

those weary of bitter partisanship and alienated by the “endless clash of armies” we see in congress and on the campaign trail; a politics rooted in the faith, inclusiveness, and nobility of spirit at the heart of “our improbable experiment in democracy.” He explores those forces—from the fear of losing to the perpetual need to raise money to the power of the media—that can stifle even the best-intentioned politician. He also writes, with surprising intimacy and self-deprecating humor, about settling in as a senator, seeking to balance the demands of public service and family life, and his own deepening religious commitment. At the heart of this

book is Barack Obama’s vision of how we can move beyond our divisions to tackle concrete problems. He examines the growing economic insecurity of American families, the racial and religious tensions within the body politic, and the transnational threats—from terrorism to pandemic—that gather beyond our shores. And he grapples with the role that faith plays in a democracy—where it is vital and where it must never intrude. Underlying his stories is a vigorous search for connection: the foundation for a radically hopeful political consensus. Only by returning to the principles that gave birth to our Constitution, Obama says, can Americans

repair a political process that is broken, and restore to working order a government that has fallen dangerously out of touch with millions of ordinary Americans. Those Americans are out there, he writes—“waiting for Republicans and Democrats to catch up with them.”

Barack Obama Penguin

From Obama's former communications director and current co-host of Pod Save America comes a colorful account of how politics, the media, and the Internet changed during the Obama presidency and how Democrats can fight back in the Trump era. On November 9th, 2016, Dan Pfeiffer woke up like most of the world wondering WTF just happened.

How had Donald Trump won the White House? How was it that a decent and thoughtful president had been succeeded by a buffoonish reality star, and what do we do now? Instead of throwing away his phone and moving to another country (which were his first and second thoughts), Pfeiffer decided to tell this surreal story, recounting how Barack Obama navigated the insane political forces that created Trump, explaining why everyone got 2016 wrong, and offering a path for where Democrats go from here. Pfeiffer was one of Obama's first hires when he decided to run for president, and was at his side through two presidential campaigns and six years in the

White House. Using never-before-heard stories and behind-the-scenes anecdotes, *Yes We (Still) Can* examines how Obama succeeded despite Twitter trolls, Fox News (and their fake news), and a Republican Party that lost its collective mind. An irreverent, no-BS take on the crazy politics of our time, *Yes We (Still) Can* is a must-read for everyone who is disturbed by Trump, misses Obama, and is marching, calling, and hoping for a better future for the country.

Yes, Chef Crown

The first edition of this book offered one of the first social science analyses of Barack Obama's historic electoral campaigns and early presidency. In this second edition the authors extend

that analysis to Obama's service in the presidency and to his second campaign to hold that presidency. Elaborating on the concept of the white racial frame, Harvey Wingfield and Feagin assess in detail the ways white racial framing was deployed by the principal characters in the electoral campaigns and during Obama's presidency. With much relevant data, this book counters many commonsense assumptions about U.S. racial matters, politics, and institutions, particularly the notion that Obama's presidency ushered in a major post-racial era. Readers will find this fully revised and updated book distinctively valuable because it relies on

sound social science analysis to assess numerous events and aspects of this historic campaign.

Yes to Life Xlibris Corporation

When Candice's in-laws were killed eight months ago buying a huge faux polar bear rug for her Christmas present, she lost more than just two of her favorite people: she lost her husband Ian as well. After only two years of marriage, their guilt and pain have left them living together but apart, unable to really talk for fear of what they'll say to each other. Ian leaves for a month-long contract overseas, and Candice plans to use the time apart to decide whether her marriage can be saved. When her ex walks back into her life as the

new client at work, ten years more attractive yet saddened by his own recent loss, she's left wondering what she really wants from life and love.

The Audacity of Hope
One World

President Barack Obama has burst upon global scenes with ringing speech deliveries and miraculous election and just declared a "New World Order" at the Group of 20 meeting in London. This book gives Sen Obama's Ancestors in Earliest America and Kenya and also across the whole globe showing the major leaders Sen Obama descends from and major leaders, his cousins that are a part of his family. What US Presidents, what leaders, generals and

other famous persons are Sen Obama's family? Is President Obama the long awaited Mahdi that Muslims wait for to establish a global caliphate of global Muslim rule or his he , being a descendant of Jesus's family a Christian Holy person preparing for Jesus Second Coming or is the the "old Pretender" in his new guise, with lightning fast ascent to soon rule the globe p> Is it vital to understand, esp by knowing his fuller background, now, as the New World Oder first sought by secret society the Illuminati of early 1600's appears to be coming true today. Are you prepared for emergence of AC, Mahdi, or Jesus ? Whom will YOU chose

?> Will you follow smooth talker all the way to the Lake of Fire / Hell ???

 The #1 New York
 Times bestselling
 picture-book biography
 of President Barack
 Obama is now in
 paperback. Ever since

Barack Obama was
 young, Hope has lived
 inside him. From the
 beaches of Hawaii to
 the streets of Chicago,
 from the jungles of
 Indonesia to the plains
 of Kenya, he has held
 on to Hope. Even as a
 boy, Barack knew he
 wasn't quite like
 anybody else, but
 through his journeys he
 found the ability to
 listen to Hope and
 become what he was
 meant to be: a bridge
 to bring people
 together. This is the
 moving story of our
 44th President, told by
 Nikki Grimes and
 illustrated by Bryan
 Collier, both winners of
 the Coretta Scott King
 Award. Barack Obama
 has motivated
 Americans to believe
 with him, to believe
 that every one of us
 has the power to
 change ourselves and

change our world.
Yes I Can CreateSpace
At age 11 being diagnosed with terminal cancer I was not expected to live to the age of 12. Forty-two years later living with quadriplegia, I am alive today and ready to tell my story. Happiness and a successful career did not come easy. Many disappointments and failed relationships, but my persistence not to give up on life was my best tool in achieving both. Facing near death experiences I miraculously survived. I now work for the number one global telecommunication company. This book hopefully will bring awareness with understanding the challenges people with physical disabilities encounter each day.

Dr. King's Dream and Barack Obama Twelve
Tells the life story of Cšar Chvez, whose efforts as a labor leader in the mid-twentieth century brought better working conditions to migrant farmworkers in the U.S.
Yes We Can Random House Large Print
A Caldecott Honor Book Vasya Kandinsky was a proper little boy: he studied math and history, he practiced the piano, he sat up straight and was perfectly polite. And when his family sent him to art classes, they expected him to paint pretty houses and flowers—like a proper artist. But as Vasya opened his paint box and began mixing the reds, the yellows, the blues, he heard a strange sound—the swirling colors trilled

like an orchestra tuning up for a symphony! And as he grew older, he continued to hear brilliant colors singing and see vibrant sounds dancing. But was Vasya brave enough to put aside his proper still lifes and portraits and paint . . . music? In this exuberant celebration of creativity, Barb Rosenstock and Mary GrandPré tell the fascinating story of Vasily Kandinsky, one of the very first painters of abstract art. Throughout his life, Kandinsky experienced colors as sounds, and sounds as colors—and bold, groundbreaking works burst forth from his noisy paint box. Backmatter includes four paintings by Kandinsky, an author's note, sources, links to

websites on synesthesia and abstract art. Barack Obama Mitchell Lane From Barack Obama's former communications director comes a colourful account of how politics, the media, and the internet changed during the Obama presidency and how Democrats can fight back in the Trump era. The 'Decade of Obama' (2007—2017) was one of massive change that rewrote the rules of politics in ways that are only now beginning to be understood. Which is why all pundits got the 2016 presidential election wrong). Yes We (Still) Can looks at how Obama navigated the forces that allowed Trump to win the White House, becoming one

of the most consequential presidents in American history, why Trump surprised everyone, and how Democrats can come out on top in the long run. Part political memoir, part blueprint for progressives in the Trump era, *Yes We (Still) Can* is an insider's take on the crazy politics of our time. Pfeiffer, one of Barack Obama's longest-serving advisors, reveals never-before-told stories ranging from Obama's presidential campaigns to his time in the White House, providing readers with an in-depth, behind-the-scenes look at life on the front line of politics.

I Said Yes to Everything

Dreams from My Father
Feiwei & Friends
JAMES BEARD AWARD
NOMINEE • NAMED
ONE OF THE TEN BEST
BOOKS OF THE YEAR
BY VOGUE • NEW YORK
TIMES BESTSELLER

"One of the great culinary stories of our time."—Dwight Garner, *The New York Times* It begins with a simple ritual: Every Saturday afternoon, a boy who loves to cook walks to his grandmother's house and helps her prepare a roast chicken for dinner. The grandmother is Swedish, a retired domestic. The boy is

Ethiopian and adopted, and he will grow up to become the world-renowned chef Marcus Samuelsson. This book is his love letter to food and family in all its manifestations. Yes, Chef chronicles Samuelsson's journey, from his grandmother's kitchen to his arrival in New York City, where his outsize talent and ambition finally come together at Aquavit, earning him a New York Times three-star rating at the age of twenty-four. But Samuelsson's career of chasing flavors had only just begun—in the intervening years, there have been White House state dinners, career crises, reality show triumphs, and, most important, the opening of Red Rooster in Harlem. At Red Rooster, Samuelsson

has fulfilled his dream of creating a truly diverse, multiracial dining room—a place where presidents rub elbows with jazz musicians, aspiring artists, and bus drivers. It is a place where an orphan from Ethiopia, raised in Sweden, living in America, can feel at home. Praise for Yes, Chef “Such an interesting life, told with touching modesty and remarkable candor.”—Ruth Reichl “Marcus Samuelsson has an incomparable story, a quiet bravery, and a lyrical and discreetly glittering style—in the kitchen and on the page. I liked this book so very, very much.”—Gabrielle Hamilton “Plenty of celebrity chefs have a compelling story to tell, but none of them can top [this] one.”—The

Wall Street Journal
“Elegantly written . . . Samuelsson has the flavors of many countries in his blood.”—The Boston Globe “Red Rooster’s arrival in Harlem brought with it a chef who has reinvigorated and reimagined what it means to be American. In his famed dishes, and now in this memoir, Marcus Samuelsson tells a story that reaches past racial and national divides to the foundations of family, hope, and downright good food.”—President Bill Clinton
Terry Pratchett: A Life With Footnotes Simon and Schuster
Yes We Can! How Barack Obama Became President of the United States is a moving story about an exceptional country

and extraordinary citizens who fought for a better America. With students dressed up like Abraham Lincoln and Harriet Tubman, Yes We Can! How Barack Obama Became President of the United States follows students at Quaker Elementary School as they learn about the historical events that led to the election of America’s first African-American president. With vibrant colors, amusing illustrations and informative text, Yes We Can! How Barack Obama Became President of the United States takes its readers on an unforgettable journey through American history. More than a picture book, its a lesson that through the best and worst of times, America has never given up its fight

for justice and equality for all, and though often times it seemed impossible, America has always said, 'Yes We Can!'

The Noisy Paint Box: The Colors and Sounds of Kandinsky's Abstract Art New York : Farrar, Straus & Giroux
 #1 NEW YORK TIMES BESTSELLER • The brilliant coming-of-age-and-into-superstardom story of one of the greatest artists of all time, in his own words—featuring never-before-seen photos, original scrapbooks and lyric sheets, and the exquisite memoir he began writing before his tragic death NAMED ONE OF THE BEST MUSIC BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND ONE OF THE BEST BOOKS OF

THE YEAR BY THE WASHINGTON POST AND THE GUARDIAN • NOMINATED FOR THE NAACP IMAGE AWARD Prince was a musical genius, one of the most beloved, accomplished, and acclaimed musicians of our time. He was a startlingly original visionary with an imagination deep enough to whip up whole worlds, from the sexy, gritty funk paradise of "Uptown" to the mythical landscape of Purple Rain to the psychedelia of "Paisley Park." But his most ambitious creative act was turning Prince Rogers Nelson, born in Minnesota, into Prince, one of the greatest pop stars of any era. The Beautiful Ones is the story of how Prince became Prince—a first-person account of a kid

absorbing the world around him and then creating a persona, an artistic vision, and a life, before the hits and fame that would come to define him. The book is told in four parts. The first is the memoir Prince was writing before his tragic death, pages that bring us into his childhood world through his own lyrical prose. The second part takes us through Prince's early years as a musician, before his first album was released, via an evocative scrapbook of writing and photos. The third section shows us Prince's evolution through candid images that go up to the cusp of his greatest achievement, which we see in the book's fourth section: his original handwritten treatment

for *Purple Rain*—the final stage in Prince's self-creation, where he retells the autobiography of the first three parts as a heroic journey. The book is framed by editor Dan Piepenbring's riveting and moving introduction about his profound collaboration with Prince in his final months—a time when Prince was thinking deeply about how to reveal more of himself and his ideas to the world, while retaining the mystery and mystique he'd so carefully cultivated—and annotations that provide context to the book's images. This work is not just a tribute to an icon, but an original and energizing literary work in its own right,

full of Prince's ideas
and vision, his voice

and image—his
undying gift to the
world.
