 If ghostly counselor and librarian extraordinaire Graciela Harper thought life in Heron Creek would slow down long enough for her to figure out how she feels about one Leo Boone's declaration of love, well, she's dead wrong. With the threat from her father's family far from resolved and a frightening ghost from Charleston's long gone - but not dead - past determined to terrorize her, Gracie's personal life gets set on the back burner. Gracie knows that something - or someone - is luring her out into the mountains, to a cabin where she and her mother almost lost their lives decades ago. There, she'll find answers that will force her to rethink

everything she thought she knew.. Secrets that could cost her and the ones she loves everything...including their lives. p.p1

Tea with Oliver Weidenfeld & Nicolson

It Doesn't Have to Hurt to Work is a transformational memoir about breaking free from the physical pain and mental misery of achieving the "perfect" body, and a guide to helping you find strength and whole-body health through the practice of functional fitness. As a former cardio-junkie and champion calorie-counter, author Erin Paruszewski grew up believing that "more is more" when it came to exercise and "less is more" when it came to food. On the outside, she was in great shape. But on the inside, her body

was falling apart thanks to the wear and tear of overexercising and fueling herself with a chemically processed, low-fat, high-sugar diet. After hitting rock-bottom, this

reality set her on a new trajectory in both body and mindset. Erin's lived experience and functional lifestyle pivot are the

inspiration behind this how-to message as she blends narrative stories and research-based explanations of how our bodies and minds work best.
