Monsoon Afternoon

HarperThorsons

A delightful picture book about a wonderfully wet walk. Simple text and colourful illustrations introduce the science of rain to very young children. This is a highly illustrated ebook that can only be read on the Kindle Fire or other tablet.

Rainy Day Journal Simon and Schuster

For anyone going through a difficult passage, this uplifting, beautifully illustrated picture book is about finding optimism in the darkest of places. Rain before rainbows, clouds before sun, night before daybreak—a new day's begun. In this heartfelt story about courage, change, and moving on, a girl and her companion fox travel together away from a sorrowful past, through challenging and stormy times, toward color and light and life. Along the way they find friends to guide and support them, and when the new day dawns, it is full of promise. With gorgeous, richly realized illustrations and immense hope at its heart, *Rain Before*

Rainbows holds out a ray of sunshine for anyone looking for light.

A History of Graphic Design for Rainy Days University of Arizona Press

Drawing and doodling is an engaging and stimulating activity. This lightweight activity pad features 40 different activities and ideas for dreary days inside; mazes, puzzles, games, doodles and many more. The convenient size is a perfect on-the-go format. Take it with you in the car, in a restaurant, when traveling. Children can play alone or with friends or parents.

The Rainy Day: For tablet devices Penguin

Learn fun facts about rain! Rainy days are not always dim, let the characters show you all the beautiful things about precipitation and how it effects the environment. Water is such an important part of our world and to us! It helps create life and so many other wonderful things. Enjoy your rainy day exploration!

The Jewish Way Die Gestalten Verlag

Describes how to draw various rain forest animals, including the toucan, howler monkey, sloth, poison dart frog,

emerald tree boa, green iguana, gorilla, and jaguar.

How to Draw Noir Comics: The Art and Technique of Visual Storytelling is an instructional book based on the cinematic, high contrast noir style of acclaimed comic book and graphic novel illustrator, Shawn Martinbrough. Martinbrough's work has been published by DC Comics, Vertigo and Marvel Comics, illustrating stories ranging from Batman to the X-Men. This is his first book, released through Watson-Guption Publications and The Nielsen Company. In *How to Draw Noir Comics*, Martinbrough shows how the expert use of the color black is critical for drawing noir comics. He demonstrates how to set a mood, design characters and locations, stage action and enhance drama, and discusses important topics like page layout, panel design, and cover design. *How to Draw Noir Comics* includes *The Truce*, an original graphic novel

written and illustrated by Martinbrough which incorporates the many lessons addressed throughout the book, and has an introduction by critically-acclaimed novelist Greg Rucka, author of the graphic novel *Whiteout*, currently in production as a major motion picture.

Universal Science Or the Cabinet of Nature and Art, Comprising Above One Thousand Entertaining and Instructive Facts and Experiments Powerkids Press

Fall in love with Hanna Karlzon's *Daydreams Coloring Book* with intricate illustrations of delicate flowers, buzzing bees, storybook homes, underwater worlds, and more. A rearing unicorn, a strutting cat, stately sailing ship, an ornate crab, and other fanciful images await. . . . This 96-page hardbound edition lends a luxurious feel, encouraging artists to display their volume on a coffee table or bookshelf. Complete your collection with *Daydreams Artist's Edition* containing 20 oversized art card illustrations and *Daydreams postcards* to color and share with friends. More coloring book series available from

Hanna Karlzon include *Summer Nights* and *Magical Dawn*. Let your imagination roam (inside or outside the lines)! *Another Rainy Day* Independently Published *Bringing Up Bébé* meets *Last Child in the Woods* in this "fascinating exploration of the importance of the outdoors to childhood development" (Kirkus Reviews) from a Swedish-American mother who sets out to discover if the nature-centric parenting philosophy of her native Scandinavia holds the key to healthier, happier lives for her American children. Could the Scandinavian philosophy of "There's no such thing as bad weather, only bad clothes" hold the key to happier, healthier lives for American children? When Swedish-born Linda Åkeson McGurk moved to Indiana, she quickly learned that the nature-centric parenting philosophies of her native Scandinavia were not the norm. In Sweden, children play outdoors year-round, regardless of the weather, and letting babies nap outside in freezing temperatures is common and recommended by physicians. Preschoolers spend their days climbing trees, catching frogs, and

learning to compost, and environmental education is a key part of the public-school curriculum. In the US, McGurk found the playgrounds deserted, and preschoolers were getting drilled on academics with little time for free play in nature. And when a swimming outing at a nearby creek ended with a fine from a park officer, McGurk realized that the parenting philosophies of her native country and her adopted homeland were worlds apart. Struggling to decide what was best for her family, McGurk embarked on a six-month journey to Sweden with her two daughters to see how their lives would change in a place where spending time in nature is considered essential to a good childhood. Insightful and lively, *There's No Such Thing as Bad Weather* is a fascinating personal narrative that illustrates how Scandinavian culture could hold the key to raising healthy, resilient, and confident children in America.

A young boy and his grandfather find much they can do together on a rainy day during monsoon season in India.

The Art of Racing in the Rain Grosset & Dunlap

It's Prince Pip's birthday, and he can't wait to choose a pair of pants to wear on his special day. But where have all his pants gone? Could it be that the palace has planned a very special, pants-tastic surprise party? A royally funny picture book by an award-winning duo, with glow-in-the-dark undies on the final page.

How to Draw Animals of the Rain Forest Kids Can Press Ltd

One Zentangle A Day is a beautiful interactive book teaching the principles of Zentangles as well as offering fun, related drawing exercises. Zentangles are a new trend in the drawing and paper arts world. The concept was started by Rick Roberts and Maria Thomas as a way to practice focus and meditation through drawing, by using repetitive lines, marks, circles, and shapes. Each

mark is called a "tangle," and you combine various tangles into patterns to create "tiles" or small square drawings. This step-by-step book is divided into 6 chapters, each with 7 daily exercises. Each exercise includes new tangles to draw in sketchbooks, teaches daily tile design, and offers tips on related art principles, and contains an inspirational "ZIA" (Zentangle Inspired Art) project on a tile that incorporates patterns, art principals, and new techniques.

Rain Forest Scratch and Sketch Peachtree Publishing Company
Called "enriching" and "profoundly moving" by Elie Wiesel, *The Jewish Way* is a comprehensive and inspiring presentation of Judaism as revealed through its holy days. In thoughtful and engaging prose, Rabbi Irving Greenberg explains and interprets the origin, background, interconnections, ceremonial rituals, and religious significance of all the Jewish holidays, including Passover, Yom Kippur, Purim, Hanukkah, Holocaust Remembrance Day, and Israeli Independence Day. Giving detailed instructions for observance—the rituals,

prayers, foods, and songs—he shows how celebrating the holy days of the Jewish calendar not only relives Jewish history but puts one in touch with the basic ideals of Judaism and the fundamental experience of life.

Insightful, original, and engrossing, *The Jewish Way* is an essential volume that should be in every Jewish home, library, and synagogue.

H.O. Pub Cico Kidz

Use this grid notebook for plans, three dimensional design, architecture, landscaping or designing. Ideal for planning 3D printer projects, or just plain fun to draw in. 6x9 inches with 110 blank isometric grid pages. Makes a top gift for your favorite designer. Cover features rainy weather art by Nic Squirrel.

The Art of Dancing in the Rain Peter Pauper Press

Enzo knows he is different from other dogs: a philosopher with a nearly human soul (and an obsession with opposable thumbs), he has educated himself by watching television extensively, and by listening very closely to the words of his master, Denny Swift, an up-and-coming race car driver. Through Denny, Enzo has gained

tremendous insight into the human condition, and he sees that life, like racing, isn't simply about going fast. Using the techniques needed on the race track, one can successfully navigate all of life's ordeals. On the eve of his death, Enzo takes stock of his life, recalling all that he and his family have been through: the sacrifices Denny has made to succeed professionally; the unexpected loss of Eve, Denny's wife; the three-year battle over their daughter, Zoë, whose maternal grandparents pulled every string to gain custody. In the end, despite what he sees as his own limitations, Enzo comes through heroically to preserve the Swift family, holding in his heart the dream that Denny will become a racing champion with Zoë at his side. Having learned what it takes to be a compassionate and successful person, the wise canine can barely wait until his next lifetime, when he is sure he will return as a man. A heart-wrenching but deeply funny and ultimately uplifting story of family, love, loyalty, and hope, *The Art of Racing in the Rain* is a beautifully

crafted and captivating look at the wonders and absurdities of human life . . . as only a dog could tell it.

Sunday Rain

AuthorHouse

Here you'll find the world's most colorful birds, the slowest creature, the most ferocious fish, and the stinkiest flower. Explore the forest floor, swing from tree to tree, and look out from the highest perch as you use the handy wooden stylus, copying 20 sketches of rain forest life. Scratch away the black coating, and discover the wildlife and swirl patterns and holographic colors that appear in your artwork like magic. Ages 8 and up. Shrinkwrapped with wooden stylus. 64 pp. wire-o binding lies flat for ease of use. 20 scratch pages, 20 illustrated pages, 20 sketch pages. 6 3/8" x 8 1/2"

When Will It Rain? Clever Publishing

A boy, a science project and an answer to a critical problem. During monsoon season in Bangladesh, Iqbal's mother must cook the family's meals indoors, over an open fire, even though the smoke makes her and the family sick. So when Iqbal hears that his school's science

fair has the theme of sustainability, he comes up with the perfect idea for his entry: he'll design a stove that doesn't produce smoke! Has Iqbal found a way to win first prize in the science fair while providing cleaner air and better health for his family at the same time? Sometimes it takes a kid to imagine a better idea — make that an ingenious one!

[The Art of Racing in the Rain LP](#) Lerner Digital™

An imaginative adventure for any child hoping to make a new friend, and for when a new place doesn't yet feel like home. Elliott has just moved into a new house. He spends his days with his fictional friends, immersed in a book. When an inviting Sunday rain gathers the local kids to play in the puddles, Elliott longs to join in, but he's too shy to go outside. Soon, Elliott discovers that new friendships are like a new book—you just have to plunge into the adventure. "While a storm rages on the other side of the ship curtains at his bedroom window, Elliott buries himself in a book. A princess endlessly fights a dragon and a watercolor sea keeps 'swallowing the royal boat,' with Elliott at the helm. Later, he peeks

out shyly at two puddle-jumping children on the sidewalk. 'Make some friends while I finish unpacking,' his mother urges. He joins them with a toy boat. Soon the S.S. Elliott is life-size, the puddles are an ocean and the dragon is a kite. Elliott's new house feels like home."—The New York Times Book Review, 8 Picture Books about Imagination and Identity "The imagination-fueled adventures will restore your faith in the kindness of kids"—Parents Magazine, 5 Parents-Approved Children's Books to Read Right Now "A quiet, sweet story blending common themes of moving, imagination, and friendship"—Kirkus Reviews "A gorgeous book demonstrating perfectly, with understanding and empathy, the importance of gentle encouragement to face our fears and the positive effects which result from leaping right into life and right into those glorious, rainy day

puddles!"—Book Monsters "Moving may be hard, but new places can offer friendly guides to worlds of adventure, if we're brave enough to seek them out!"—Jennifer Broedel, children's author Rainy Days Simon and Schuster Meet Enzo, the unforgettable canine narrator of this bittersweet and transformative story of family, love, loyalty, and hope. Enzo is a philosopher with a nearly human soul, and he's gained a wealth of knowledge from hours spent in front of the TV. Memory Drawing Usborne Publishing Ltd From the Introduction: If you think about it, all life drawing and painting is at some point being done from the artist's memory, even if that memory is only a few seconds old. Every time the artist takes their eyes off of the model or scene and looks at their paper or canvas, their visual memory is involved. What if that artist's visual memory

was highly trained? That artist might need the model for a shorter period of time, or she might have a more productive time when the model is in pose. He might be better at painting all of the fleeting effects that nature throws at us when we are landscape painting en plein air. Although I encourage you to consistently engage in memory-drawing practice, it should not supplant your regular art exercises. Memory-drawing ought to be done in addition to your regular art training, not instead of it. In a perfect world it would be integrated into traditional arts instruction, but the reality is that you will most likely be training your visual memory on your own. Memory Drawing: Perceptual Training and Recall exists to guide you in doing just that. It will also help you improve your abilities to remember fleeting effects, seize essentials, and even enhance your imagination.
