Knitted Toys Penguin

Storyton Hall, Virginia, is a top travel destination for book lovers and the perfect spot for literary events. But as a children's book publisher hosts a gathering there, some folks aren't going to live—happier ever after or otherwise . . . Jane Steward's resort is hopping—not only is Peppermint Press's conference in full swing, there are also lots of families staying on the premises, bringing their kids to events like a scavenger hunt through the Fairy Tale Forest. Then a woman dressed like Little Red Riding Hood is found dead from a plot device straight out of a fairy tale—with a rare and valuable copy of Grimm's Fairy Tales in her basket. Not long after, a second victim is killed, with yet another treasure—a volume by Hans Christian Andersen worth thousands of dollars—nearby. It looks like a big bad wolf may be lurking among the guests, and Jane can't just wait for a handsome prince to come to the rescue . . . “Readers will find themselves wanting to live in Storyton, no matter how many people end up dead there.” —Suspense Magazine on Murder in the Locked Library Visit us at www.kensingtonbooks.com

My Knitted Doll BoD - Books on Demand

Sheds light on the history of food, cooking, and eating. This collection of essays investigates the connections between food studies and women's studies. From women in colonial India to Armenian American feminists, these essays show how food has served as a means to assert independence and personal identity.

The Watsons Martingale

Few topics evoke so much anxiety and pleasure, pain and hope, discussion and silence as sexuality. Throughout the Christian era it has been a major moral preoccupation. Since the eighteenth century it has also been the focus of 'scientific' exploration and political activity. But, despite this obsessive concern, we are still as baffled as our predecessors about the 'true' meaning of sex. In this book Jeffrey Weeks unravels the dense web of historical, theoretical and political forces that have culminated in the contemporary crisis of sexual meanings and values. The book begins with a powerful evocation of our present discontents and their potent signs: the rise of the New Right, the retreat of progressive forces and a wave of moral panics around sex. It argues that this crisis is rooted in a tradition which has ascribed an inflated importance to sexuality, whilst claiming a privileged access to truth. The author then examines radical debates of recent years, and asks whether they contain the potentiality for taking us beyond the existing boundaries of sexuality. From this analysis emerges a controversial 'radical pluralist' approach to sexuality built on an acceptance of diversity and choice. By linking our present discontents to a clear understanding of the past, Jeffrey Weeks presents a rational, optimistic and challenging

vision of a realizable future.

Love rabbits? Love knitting? Then this book is for you! Packed with 20 brilliant, bouncing bunnies to knit and love, this book has a carrot-crunching character for everyone! From fluffy, cuddly rabbits and bean bag bunnies to egg cosies, finger puppets and even a bunny bride and groom, this fun book includes rabbits for knitters of all abilities. It contains practical advice, basic techniques and a handy list of abbreviations. Using a mix of yarns and weights, from fluffy and textured to cottons and naturals, she shows how to create different looks and how to maximise bunny personality. The patterns are suitable for beginners and more advanced knitters, with techniques ranging from easy basic stitches to more decorative ideas. Including fun photography and clearly written patterns, these different bunny characters have wide appeal and are almost too cute to handle!

OOPS! I'm the Paparazzi Indiana Historical Society

Mr. Watson is a widowed clergyman with two sons and four daughters. The youngest daughter, Emma, has been brought up by a wealthy aunt and is consequently better educated and more refined than her sisters. But when her aunt contracts a foolish second marriage, Emma is obliged to return to her father's house. Living near the Watsons are the Osbornes, a great titled family. Emma attracts some notice from the boorish and awkward young Lord Osborne, while one of her sisters pursues Lord Osborne's arrogant, social-climbing friend, Tom Musgrave. Emma is chagrined by the crude and reckless husband-hunting of two of her sisters, but gets involved in it whether she likes it or not.

RICE'S ARCHITECTURAL PRIMER covers the grammar and vocabulary of British buildings, explaining the evolution of styles from Norman castles to Norman Foster. Its aim is to enable the reader to recognise, understand and date any British building. As Matthew Rice says, 'Once you can speak any language, conversation can begin, but without it communications can only be brief and brutish. The same is the case with Architecture: an inability to describe the component parts of a building leaves one tongue-tied and unable to begin to discuss what is or is not exciting, dull or peculiar about it.'

RICE'S ARCHITECTURAL PRIMER will explain the language of architecture. With it in your hand, pocket or car, buildings will break down beguilingly into their component parts, ready for inspection and discussion. There will be no more references to that curly bit on top of the thing with the square protrusions. Ungainly and inept descriptions will be a thing of the past and, fluent in the world of volutes, hood moulds, lobed architraves and bucrania, you will be able to leave a cathedral or country house with as much to talk about as a film or play. RICE'S ARCHITECTURAL PRIMER starts with an explanation of the basic 'Grammar' of buildings: elevation, plan, roof, gable and eave. This will enable the reader to better make use of what is to follow. It will also cover the Orders of Architecture – Doric, Tuscan, Ionic, Corinthian and Composite – so that the vital basics of Classicism are covered. Following this is the 'Vocabulary'. This will be a chronological reference section covering, period by period, the windows, doors and doorcases, columns, chimneys, arches, balustrades and pediments that make up the built environment.

At a glance, high fashion and feminism seem unlikely partners. Between the First and Second World Wars, however, these forces combined femininity and modernity to create the new, modern French woman. In this engaging study, Mary Lynn Stewart reveals the fashion industry as an integral part of women's transition into modernity. Analyzing what female columnists in fashion magazines and popular women novelists wrote about the "new silhouette," Stewart shows how bourgeois women feminized the more severe, masculine images that elite designers promoted to create a hybrid form of modern that both emancipated women and celebrated their femininity. She delves into the intricacies of marketing the new clothes and the new image to middle-class women and examines the nuts and bolts of a changing industry—including textile production, relationships between suppliers and department stores, and privacy and intellectual property issues surrounding ready-to-wear couture designs. Dressing Modern Frenchwomen draws from thousands of magazine covers, advertisements, fashion columns, and features to uncover and untangle the fascinating relationships among the fashion industry, the development of modern marketing techniques, and the evolution of the modern woman as active, mobile, and liberated.

Simon Norfolk is a landscape photographer based in London. His previous book, 'For Most Of It I Have No Words: Genocide, Landscape, Memory' about the places where there have been Genocides, was published in 1998 by Dewi Lewis Publishing. The pictures in 'Afghanistan: chronotopia' were made in December of 2001 and May of 2002 and won the European Publishers Award for Photography.

Jane's Patisserie DigiCat

Leading designer Debbie Bliss takes you, lesson by lesson, through the techniques and stitches of knitting, from casting on the first stitch to creating an intricate Fair Isle cardigan. Presented as nine workshops, each lesson builds on the skills already learned to ensure steady, confident progress. As well as teaching new skills, each workshop finishes with projects specially designed to put them into practise. The first lesson looks at materials and equipment, then takes you through most of the basic stitches and techniques. Subsequent lessons cover simple stitch patterns, Aran knitting, entrelac, and finishing and design techniques. Each lesson also presents a collection of stitches that builds into a library, and projects range from clothing for the family to cushions and a throw for the home. Packed with hundreds of colour photos and illustrations, this is an ideal how-to for beginners and a valuable reference for more experienced knitters.

[Quilt As-You-Go Made Clever](#) B.E.S. Publishing

A supplemental textbook for middle and high school students, Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways,

Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

The Urban Sketcher David and Charles

Qualitative Research Methods - collection, organization, and analysis strategies This text shows novice researchers how to design, collect, and analyze qualitative data and then present their results to the scientific community. The book stresses the importance of ethics in research and taking the time to properly design and think through any research endeavor.

Make the world your studio! Capture the bustle and beauty of life in your town. Experience life as only an artist can! Join the rapidly growing, international movement of artists united by a passion for drawing on location in the cities, towns and villages where they live and travel. Packed with art and advice from Marc Taro Holmes, artist and co-founder of Urbansketchers.org, this self-directed workshop shows you how to draw inspiration from real life and bring that same excitement into your sketchbook. Inside you'll find everything you need to tackle subjects ranging from still lifes and architecture to people and busy street scenes. • 15 step-by-step demonstrations cover techniques for creating expressive drawings using pencil, pen and ink, and watercolor. • Expert tips for achieving a balance of accuracy, spontaneity and speed. • Practical advice for working in the field, choosing subjects, coping with onlookers, capturing people in motion and more. • Daily exercises and creative prompts for everything from improving essential skills to diverse approaches, such as montages, storytelling portraits and one-page graphic novels. Whether you are a habitual doodler or a seasoned artist, The Urban Sketcher will have you out in the world sketching from the very first page. By completing drawings on the spot, in one session, you achieve a fresh impression of not just what you see, but also what it feels like to be there . . . visual life stories as only you can experience them.

[Dressing Modern Frenchwomen](#) Yale University Press

The ability to pay attention is a key component of effective learning. Just think of all the times in your life when parents, teachers, bosses, and coaches have told you to pay attention to what you are doing. You would think that with all of the attention paid to paying attention, we would be pretty good at it. The problem is we're not, because most of us have never been taught how. Commonly adopted methods like forced concentration are actually counterproductive to learning and achieving our goals. In addition, too much focus on future goals and rewards takes our attention away from what we need to be doing in order to achieve them. Luckily, there is another way, a better way: the mindful way. The Mindful Way To Study: Dancing With Your Books is a guide to help students, professionals, and other lifelong learners develop a better approach to their educational and career pursuits. By using mindfulness, or the practice of bringing full awareness to the present moment, the authors blend the latest research with entertaining stories and specific techniques to teach readers how to truly pay attention, and even learn to enjoy it.

[Palladio's Venice : Architecture and Society in a Renaissance Republic](#) Collins & Brown

A collection of twelve knitting patterns for animals and birds, accompanied by the author's sketches and studies of the natural world. Nature lover Claire Garland has studied animals and birds in the environment around her home in rural Cornwall, England—and designed this delightful collection of patterns based on the wildlife she sees there. Choose your favorite from a dozen animals and birds, whether it's a grey squirrel, barn owl, yellow-necked field mouse, wolf, fox, wild rabbit, or roe deer fawn. The patterns, accompanied by striking photography and illustrations, are cleverly designed with the same markings and colors as their real life counterparts, making them irresistible—and capturing the magic of spotting a wild animal in their natural habitat.

[Qualitative Research Methods for the Social Sciences](#) Routledge

Collects pages from the private sketchbooks of architects and studios from around the world, and includes comments from the artists as well as details on how they use sketching to evolve inspirations and concepts into more developed ideas.

Pretty Patchwork Gifts Penguin
