Drain the Swamp Encounter Books

This comprehensive biography of Francis Marion, the Swamp Fox, covers his famous wartime stories as well as a private side of him that has rarely been explored. In the darkest days of the American Revolution, Francis Marion and his band of militia freedom fighters kept hope alive for the patriot cause during the critical British "southern campaign." Employing insurgent guerrilla tactics that became commonplace in later centuries, Marion and his brigade inflicted enemy losses that were individually small but cumulatively a large drain on British resources and morale. Although many will remember the stirring adventures of the "Swamp Fox" from the Walt Disney television series of the late 1950s and the fictionalized Marion character played by Mel Gibson in the 2000 film *The Patriot*, the real Francis Marion bore little resemblance to either of those caricatures. But his exploits were no less heroic as he succeeded, against all odds, in repeatedly foiling the highly trained, better-equipped forces arrayed against him. In this action-packed biography we meet many colorful characters from the Revolution: Banastre Tarleton, the British cavalry officer who relentlessly pursued Marion over twenty-six miles of swamp, only to call off the chase and declare (per legend) that "the Devil himself could not catch this damned old fox," giving Marion his famous nickname; Thomas Sumter, the bold but rash patriot militia leader whom Marion detested; Lord Cornwallis, the imperious British commander who ordered the hanging of rebels and the destruction of their plantations; "Light-Horse Harry" Lee, the urbane young Continental cavalryman who helped Marion topple critical British outposts in South Carolina; but most of all Francis Marion himself, "the Washington of the South," a man of ruthless determination yet humane character, motivated by what his peers called "the purest patriotism." In *The Swamp Fox*, the first major biography of Marion in more than forty years, John Oller compiles striking evidence and brings together much recent learning to provide a fresh look both at Marion, the man, and how he helped save the American Revolution.

President Donald J. Trump said he wants to "drain the swamp." But is it a swamp or an ocean? It's about time the American people had some hard facts regarding the federal bureaucracy. In *Operation Drain The Swamp*, we expose all of it. We showcase who receives how much, where they work, and what they do. Most importantly, we reveal how much these bureaucrats cost the American taxpayer. During the 2016 presidential election, the supporters of Donald Trump on the right - and even those supporting Bernie Sanders on the left - felt that the "system was rigged" for insiders. Now, we highlight the facts and stories to prove it. In *Operation Drain The Swamp*, we offer a step-by-step guide to civil service reforms.

Sugar, a little boy growing up in the 1950s, encounters death in its many forms as he discovers a dead man in the swamp, digs up a dead woman from under the house, and sits on a dead druggist in the drugstore

[The Okefenokee Swamp](#) Da Capo Press

Working in an American primitive style animated by the humor and storytelling genius for which he is renowned, Caldecott Winner artist Paul O. Zelinsky puts oils to cherry and maple for this tall-tale competition between a Tennessee woods-woman extraordinaire and a hungry, fearsome bear. *Thundering Tarnation* has a bottomless appetite for settler's grub. When word goes out about a competition to hunt this four-legged forest of stubble, a young woman, second to none in buckskin bravery, signs up. "How about baking a pie, Angel?" the other hunters taunt. "I aim to," says Swamp Angel. "A bear pie." What follows is as witty a round of roughhousing as ever jostled the ranks of Americana. Anne Isaacs' original text unfolds in a crackling combination of irony, exaggeration, and bold image-making. Zelinsky's paintings respond with deft yet hilarious expressions, rhythmic shapes, and a sense of monumental motion, as benefits a heroine who can wield a tornado like a lasso, drink a lake dry, and snore down a forest. In the course of these grand shenanigans, the Great Smoky Mountains are stirred up, Montana's short-grass prairie laid down, and *Thundering Tarnation's* fate proves to have no less a reach than the starry heavens. *Swamp Angel* marks the debut of a promising new storyteller and adds to the tall-tale traditions a pictorial counterpart that will entertain and endure for a long time to come.

Swamp Wars Simon and Schuster

Swamp Souths: Literary and Cultural Ecologies expands the geographical scope of scholarship about southern swamps. Although the physical environments that form its central subjects are scattered throughout the southeastern United States—the Atchafalaya, the Okefenokee, the Mississippi River delta, the Everglades, and the Great Dismal Swamp—this evocative collection challenges fixed notions of place and foregrounds the ways in which ecosystems shape cultures and creations on both local and global scales. Across seventeen scholarly essays, along with a critical introduction and afterword, *Swamp Souths* introduces new frameworks for thinking about swamps in the South and beyond, with an emphasis on subjects including Indigenous studies, ecocriticism, intersectional feminism, and the tropical sublime. The volume analyzes canonical writers such as William Faulkner, Zora Neale Hurston, and Eudora Welty, but it also investigates contemporary literary works by Randall Kenan and Karen Russell, the films *Beasts of the Southern Wild* and *My Louisiana Love*, and music ranging from swamp rock and zydeco to Beyoncé's visual album *Lemonade*. Navigating a complex assemblage of places and ecosystems, the contributors argue with passion and critical rigor for considering anew the literary and cultural work that swamps do. This dynamic collection of scholarship proves that swampy approaches to southern spaces possess increased relevance in an era of climate change and political crisis.

Re Levels of the Lake of the Woods and Its Tributary Waters and Their Future Regulation and Control Penguin

When Washington D.C. was first built, it was on top of a swamp that had to be drained. Donald Trump says it's time to drain it again. In *The Swamp*, bestselling author and Fox News Channel host Eric Bolling presents an infuriating, amusing, revealing, and outrageous history of American politics, past and present, Republican and Democrat. From national political scandals to tempests in a teapot that blew up; bribery, blackmail, bullying, and backroom deals that contradicted public policies; cronyism that cost taxpayers hundreds upon hundreds of millions of dollars; and personal conduct that can only be described as regrettable, *The Swamp* is a journey downriver through the bayous and marshes of Capitol Hill and Foggy Bottom. The presidential election of 2016 was ugly, but it exposed a political, media, industry, and elite establishment that desperately wanted to elect a politician who received millions of dollars from terror-funding states over a businessman willing to tell the corrupt or incompetent, "You're fired." The book concludes with a series of recommendations for President Trump: practical, hard-headed, and concise ways to drain the swamp and force Washington to be more transparent, more accountable, and more effective in how it serves those who have elected its politicians and pay the bills for their decisions. Last year President Trump declared *Wake Up America* to be a "huge" book; Eric Bolling's second book is sure to build on that success. Entertaining and timely, *The Swamp* is the perfect book for today's political climate.

Where the Crawdads Sing Deluxe Edition LSU Press

Two of Washington's most meddling reporters take readers on a deep dive into the murky underworld of President Trump's Washington. Markay and Suebsaeng dish the hilarious and frightening dirt on the charlatans, conspiracy theorists, ideologues, and run-of-the-mill con artists who have infected the highest echelons of American political power. The result is an uncompromising account of the financial and moral degradation of our capital, told with righteous indignation and through the lens of key power players and foot soldiers whose own antics have often escaped the notice of the overworked press corps. -- adapted from jacket.

A beautiful, deluxe edition of the #1 New York Times bestseller—with over 15 million copies sold—that will make the perfect holiday gift or treat for yourself. A Reese Witherspoon x Hello Sunshine Book Club Pick A Business Insider Defining Book of the Decade "I can't even express how much I love this book! I didn't want this story to end!"—Reese Witherspoon At once an exquisite ode to the natural world, a heartbreaking coming-of-age story, and a surprising tale of possible murder, *Where the Crawdads Sing* has touched the hearts of millions of readers around the world, and this beautiful deluxe edition features: • new, personal note from the author • updated linen jacket with foil • foil-stamped case with cloth spine • four-color endpapers • premium interior stock • four-color map and newly colored interior illustrations For years, rumors of the "Marsh Girl" have haunted Barkley Cove, a quiet town on the North Carolina coast. So in late 1969, when handsome Chase Andrews is found dead, the locals immediately suspect Kya Clark, the so-called Marsh Girl. But Kya is not what they say. Sensitive and intelligent, she has survived for years alone in the marsh that she calls home, finding friends in the gulls and lessons in the sand. Then the time comes when she

yearns to be touched and loved. When two young men from town become intrigued by her wild beauty, Kya opens herself to a new life—until the unthinkable happens. Through Kya's story, Owens reminds us that we are forever shaped by the children we once were, and that we are all subject to the beautiful and violent secrets that nature keeps.

Swamp Water Xlibris Corporation

"[...]party of gentlemen in their drinking, and were burning with curiosity, which as I have said, was mixed with deep disappointment, to know what kind of an appearance he might present. The men of the command were by no means as captious regarding him as we two nephews of the man whom we believed to be the rightful commander. Those Carolinians who took part in the defense of Charleston knew him to be a brave colonel, and expected much of him as a general; but we lads were more than disappointed in the appearance of the soldier who had already made for himself a worthy name. [...]"

River Regulation, Flood Control and Water Conservation and Utilization Eerdmans Books For Young Readers

"Whether you spell it as Okefinokee like Wright (1931) or Okefenokee like *The New Georgia Guide* (1996), the big swamp nestled in the southeastern corner of Georgia and northern edge of Florida with its distinctive flora, fauna, and natural history is the largest swamp in North America."--from the Foreword *The Okefenokee Swamp*, named a National Wildlife Refuge by President Franklin Delano Roosevelt in 1937, is the country's largest intact wetland. Its continued protection is essential to native amphibian populations. Albert Hazen Wright's survey of the life histories of the frogs found in the Okefenokee at the beginning of the twentieth century is a classic of natural history, long out of print. Wright's "Acknowledgments to Residents" provide a fascinating portrait of the human context of his research. Wright goes on to outline the status of explorations of the region and offers an extensive general discussion of the Okefenokee and its frogs, including habitats, range, coloration, measurements, vocalization, mating, structural differences, ovulation, life periods, tadpoles, growth rates, food, and predators. The book's species accounts give clear and extensive details about the species found in Georgia, still applicable today to frogs throughout the East Coast of the United States. A new foreword by J. Whitfield Gibbons highlights appreciation for Wright's work in the context of amphibian studies today and puts into perspective the value of the Okefenokee Swamp as a nature preserve and as a refuge for native amphibian fauna now in serious decline. It updates common and scientific names and notes the current status of all taxa. Gibbons provides a history of the Cornell Expeditions and mentions the importance and later influence of some of the students who took part.

The Call of the Swamp Kevin Lovegreen

Illustrated in black-and-white. When a creepy fortune-teller moves into Boogle Bay, spooky things start happening. One by one, people disappear, and those who remain begin acting very oddly. Otto is convinced that zombie monsters are up to some sneaky tricks--he even spotted one skulking by the movie theater! Will the swamp zombies take over the town before Otto, his Cousin Olivia, and their Uncle Tooth solve the mystery and save everyone?

Music of the Swamp Simon and Schuster

I have nothing against snakes, provided that they're hundreds of miles away from me. And I have nothing against my dad, given the same set of conditions. In a fit of questionable judgment, consummate indoorsman John Sellers tags along on a journey to search for snakes with his eccentric, aging father—an obsessive fan of Bob Dylan, a giver of terrible gifts, a drinker of boxed wine, a minister- turned-heretic, and, most importantly, the self-designated guardian of the threatened copperbelly water snake. The quest is their fumbling attempt to reconnect. Decades of bitterness, substance abuse, acrimonious divorce, and divergent opinions about personal hygiene have conspired to make the two estranged. Sellers has just begun to develop a new appreciation for the American wilderness, and all the slithering creatures that populate it, when his father's deteriorating health thwarts their mission and disturbs their tentative peace. Determined to finish what they started, he ventures back into the swamp— alone, but more connected to his dad than ever. With big-hearted humor and irreverence, *The Old Man and the Swamp* tells the story of a father who always lived on his own terms and the son who struggled to make sense of it all.

The Encyclopedic Digest of North Carolina Reports Eerdmans Books For Young Readers

Swamp Water, the first novel by a young native of south Georgia, was an immediate critical and financial success. The setting is the mysterious Okefenokee in southern Georgia--"the Swamp that pulled a man down and never let him go." Movie versions were made in 1941 (by Jean Renoir) and in 1951.

Tator's Swamp Fever John Wiley & Sons

"When a frog discovers a crown at the bottom of the pond, she is instantly pronounced queen over all the other frogs"--

Swamp St. Martin's Press

Would our world be a better place if some of us were benders? Can Katara repair the world through care? Is Toph a disability pride icon? What does it mean for Zuko to be bad at being good? Can we tell whether uncle Iroh is a fool or a sage? The world is out of sorts. The four nations, Water, Earth, Fire, and Air, are imbalanced because of the unrelenting conquest of the Fire Nation. The only one who can restore balance to the world is the Avatar. On the face of it, *Avatar: The Last Airbender* is a story about a lone superhero. However, saving the world is a team effort, embodied in Team Avatar, aka the Gaang. Aang needs help from his friends and tutors, even from non-human animals. Through the teachings of Guru Pathik and Huu he comes to realize that though the world and its nations seem separate, we are all one people. We all have the same roots and we are all branches of the same tree. *Avatar: The Last Airbender and Philosophy* brings to the fore the Eastern, Western, and Indigenous philosophies that are implicit in the show. Following Uncle Iroh's advice that it is important to draw wisdom from many traditions, this volume features contributions by experts on Buddhist, Daoist, Confucian, and Indigenous schools of thought, next to focusing on Western classical authors such as Plotinus, Kant, and Merleau-Ponty. The volume is also unique in drawing on less common traditions such as black abolitionism, anarchism, and the philosophy of martial arts. Intertwining experience and reflection, *ATLA and Philosophy* helps readers to deeply engage with today's burning questions, such as how to deal with ecological destruction, the aftermath of colonialism and genocide, and wealth inequality, using the tools from a wide range of philosophical

traditions.

The Secret of the Swamp King Tundra Books

Named a Best Book of the Year by The New Yorker and Literary Hub! *A 2022 NBCC Awards Nonfiction Finalist and a 2023 Phillip D. Reed Environmental Writing Award Finalist* From Pulitzer Prize winner Annie Proulx, this riveting deep dive into the history of our wetlands and what their systematic destruction means for the planet "is both an enchanting work of nature writing and a rousing call to action" (Esquire). "I learned something new—and found something amazing—on every page." —Anthony Doerr, author of *All the Light We Cannot See* and *Cloud Cuckoo Land* A lifelong acolyte of the natural world, Annie Proulx brings her witness and research to the subject of wetlands and the vitally important role they play in preserving the environment—by storing the carbon emissions that accelerate climate change. Fens, bogs, swamps, and marine estuaries are crucial to the earth's survival, and in four illuminating parts, Proulx documents their systemic destruction in pursuit of profit. In a vivid and revelatory journey through history, Proulx describes the fens of 16th-century England, Canada's Hudson Bay lowlands, Russia's Great Vasyugan Mire, and America's Okefenokee National Wildlife Refuge. She introduces the early explorers who launched the destruction of the Amazon rainforest, and writes of the diseases spawned in the wetlands—the Ague, malaria, Marsh Fever. A sobering look at the degradation of wetlands over centuries and the serious ecological consequences, this is "an unforgettable and unflinching tour of past and present, fixed on a subject that could not be more important" (Bill McKibben). "A stark but beautifully written Silent Spring-style warning from one of our greatest novelists." —The Christian Science Monitor

Operation Drain the Swamp Simon and Schuster

Lavish parties. Committee chairmanships for sale. Pay-to-play corruption. Backroom arm-twisting. Votes on major legislation going to the highest bidder. Welcome to Washington, D.C., the swamp that President Donald Trump was elected to drain. Congressman Ken Buck is blowing the whistle on the real-life House of Cards in our nation's capital. Elected in 2014 as president of one of the largest Republican freshman classes ever to enter Congress, Buck immediately realized why nothing gets done in Congress, and it isn't because of political gridlock—in fact, Republicans and Democrats work together all too well to fleece taxpayers and plunge America deeper into debt. "It is an insular process directed by power-hungry party elites who live like kings and govern like bullies," Buck reports. Buck has witnessed first-hand how the unwritten rules of Congress continually prioritize short-term political gain over lasting, principled leadership. When Buck tangled with Washington power brokers like former Speaker John Boehner, he faced petty retaliation. When he insisted Republicans keep their word to voters, he was berated on the House floor by his own party leaders. When other members of Congress dared to do what they believed to be right for America instead of what the party bosses commanded, Buck saw them stripped of committee positions and even denied dining room privileges by the petty beltway bullies. In *Drain the Swamp*, Buck names names and tells incredible true stories about what really happened behind closed doors in Congress during legislative battles that have ensued over the last two years including budget, continuing resolutions, omnibus, trade promotion authority, Iran, and more. If the Trump administration is going to bring real change to Washington, it first needs to get the whole story—from deep inside the swamp.

The Secret Spiral of Swamp Kid Algonquin Books

Donald Trump's insurgent candidacy and subsequent presidency are larger than the man. He has ridden a wave of populist anger, conservatism, and fervor for reform that is aimed directly at The Swamp: the entrenched powers-that-be in Washington and elsewhere, the Old Order of an elite government-media-academia triad. Swamp rulers and warriors alike have set the tone for American politics virtually unchallenged for a generation; now, however, they are caught surprised and flat-footed by the populist revolt that threatens their stranglehold on our nation's policy and politics. Predictably, the Old Order has spent the Trump presidency attempting to delegitimize the New Populism—defining legitimate popular dissent as an outgrowth of racism, sexism, and other forms of bigotry, while executing vicious personal assaults on the character of anyone who speaks for the movement, whether it's Donald Trump, members of his administration, his few admirers in the media, or even average Trump-supporting Americans who have had the audacity to speak out. These explosive Swamp Wars, erupting almost daily in "breaking news" headlines, represent a pitched battle for the heart, soul, and future of America.

The Swamp Random House Books for Young Readers

Swamp Fox is the story of a southern revolutionary hero. Francis Marion was a lawyer and a successful plantation owner in South Carolina. He was no longer a young man in 1776. Marion had already served with distinction in the South Carolina militia during the Indian uprisings years before. And yet when his country needed him he answered the call and took up his old position as a major in the militia. The British were sending a fleet of warships against Charles Town and he had volunteered to defend the city. The story, *Swamp Fox*, begins as Francis constructs a fortress using the only materials available. Even his superiors believe any attempt at defense is futile, but Francis perseveres. The defense of the city is successful, Marion is elevated to the rank of Colonel, and for a period of time the war doesn't seem to impact the south. The story touches upon the elegant life of the wealthy southerners as Marion and Mary are guests at a ball giving in honor of the Marquis de La

Fayette upon his arrival in America. Francis begins to get on with his life and proposes marriage to the beautiful Mary Videau. Unfortunately he chooses the very day that Savannah is attacked and falls to the British. The British again turn their attention on Charles Town. On the evening of the attack, all officers meet to finalize their plans and in a freak accident, Francis breaks his ankle and is ordered to go home. Protesting the situation Francis is taken home by Oscar, his plantation overseer and friend since childhood. Oscar, and all the blacks who work on Marion's plantation, are freed men and women since Marion is very much against slavery. Charles Town falls to the British and all the American officers are either killed or captured. The British know of Colonel Francis Marion and are searching for him as he is the only remaining American officer in the south. To hide from the British, Francis takes to the swamp with a handful of close friends. From the safety of the swamp, Francis Marion plans to rally others to the American cause of Liberty and Freedom and strike at the British. Other southerners hear that Colonel Marion is in the swamp calling for recruits and slowly a small band of men come together. They begin to harass the British who are still searching for him. Just when they seem to have captured him he slips away like a ghost into the swamp. It is the frustrated British who dub him 'The Swamp Fox'. Throughout the tale, Francis fights discrimination and prejudice against blacks. He staunchly defends his beliefs even voicing them to his superiors. In one instance, he and his men offer their services to General Gates who laughs at them and mocking promotes Marion to the rank of general. The title sticks as Francis shrugs off the insult and continues fighting on his own. On occasion, and then only at night, Marion is able to go to the Videau plantation to see Mary. He dare not go to his beloved plantation, Pond Bluff, as the British watch it constantly. Marion's band grows in size and he is able to attack the British on a larger scale, but he always is depressed as he doesn't have any contact with the American forces. Working alone, without orders, he claims that he wouldn't know if the war was over or who won. He just continues to fight and
