Since the publication of her best-selling book *Earth Angels* (more than 80,000 copies sold), Doreen Virtue presented workshops about these lightworkers to several international audiences, which yielded additional information about the various realms that these beings originate from. In addition to the core

realms that Doreen discussed in the first book (*Incarnated Angels, Incarnated Elementals, Star People, and Wise Ones*), some new realms have been discovered. In *Realms of the Earth Angels*, Doreen discusses the original *Earth Angels* book, plus gives updated descriptions about the new realms, which include *Mystic Angels* (half-angel, half-wise one); *Leprechauns* (half-elemental, half-wise one); *Merpeople*; *Knights*; and more. As with the original book, you, the reader, can take an expanded quiz to help you recognize your own realm. Each realm

has its own chapter, with Earth Angel characteristics, suggestions, advice, and case studies.

Join the Chicken Squad for their many (mis)adventures with the first four chapter books in the hilarious series that

has been called “lip-bitingly funny” (School Library Journal) by the bestselling author of Click, Clack, Moo and Diary of a Worm. Dirt, Sweetie, Poppy, and Sugar might be chicks, but they sure aren’t chicken. They’re the Chicken Squad, the barnyard’s best crime fighters. And these chicks are not your typical barnyard puffs of fluff, oh no! They’ve taken on UFOs, led the search for a kidnapped house, traveled deep into the wild, and confronted a mysterious, shoe-napping shadow. Fueled by bravery and jelly beans, no mystery is too big or too small for the Chicken Squad (at least THEY don’t think so).

Saints & Angels Hay House, Inc

Flower Therapy is the art of working with flowers, flower essences, and angels for healing, manifestation, and abundance. With flowers as your allies, your dreams really can come true, and you'll see that nature truly has the ability to heal! In this book, Doreen Virtue and Robert

Reeves give in-depth information about 88 common flowers, illustrated with gorgeous, full-color photographs. You'll find out about the flowers' energetic and healing properties, discover which angels are connected to each one, and learn to associate different species with the various chakras (beyond simply categorizing them by color). In addition, there's a loving, channeled message of guidance and support directly from each flower's energy. Doreen and Robert also share with you new and exciting ways to work with Flower Therapy: Create custom bouquets for dear friends. Gather wildflowers to heal and deepen your spirituality. Or choose the perfect blooms for your garden to enhance your connection to the angels. They discuss flower essences, picking fresh blossoms,

and purchasing floral arrangements. You'll even be guided through energetic clearing methods and receive detailed instructions about how to perform a Flower Therapy reading. While flowers have an energy that must be experienced, it's not necessary for you to gather any in order to do so. The photos inside, which have been infused with healing energy, are all you need to begin your journey. So, whether you have a green thumb or not, Flower Therapy can start making a difference in your day . . . and bring blessings into your life!

Osho Zen Tarot, from the #1 bestselling mystic and spiritual author Osho! When life seems to be full of doubt and

uncertainty we tend to look for a source of inspiration: what will happen in the future? What about my health, the children? What will happen if I make this decision and not that one? This is how the traditional tarot is often used, to satisfy a longing to know about the past and future. The Osho Zen Tarot focuses instead on gaining an understanding of the here and now. It is a system based on the wisdom of Zen, a wisdom that says events in the outer world simply reflect in the outer world simply reflect our own thoughts and feelings, even though we ourselves might be unclear about what those thoughts and feelings are. So it helps us to turn our attention away from outside events so we can find a new clarity of understanding in our innermost hearts. The conditions and

states of mind portrayed by the contemporary images on the cards are all shown as being essentially transitional and transformative. The text in the accompanying book helps to interpret and understand the images in the simple, straightforward and down to earth language of Zen.

"In the heart of this world, the Lord of life, who loves us so much, is always present. He does not abandon us, he does not leave us alone, for he has united himself definitively to our earth,

and his love constantly impels us to find new ways forward. Praise be to him!" – Pope Francis, *Laudato Si'* In his second encyclical, *Laudato Si'*: On the Care of Our Common Home, Pope Francis draws all Christians into a dialogue with every person on the planet about our common home. We as human beings are united by the concern for our planet, and every living thing that dwells on it, especially the poorest and most vulnerable. Guide to Working and Healing with Divinities and Deities. Archangels and Ascended Masters is a thoroughly researched book in a lively encyclopedia format, listing 77 divinities from Greek, Roman, Egyptian, Asian, Babylonian, Tibetan, Buddhist, Celtic, Theosophical, New Age, Catholic, Cabalistic, Jewish, and Christian roots. Doreen Virtue carefully studied and wrote about the history of each of the deities, what role

they serve today, how they can help us with specific life problems, and how to call upon each one. Doreen spent time in communication with each divinity to ensure that the being was reachable, and to discover the essence of his or her personality and current dealings with the world - and within these pages, she includes a channeled message or impression from each of the ascended masters and archangels. Many of her channelings were conducted at power points throughout the world, such as Stonehenge in England; the Irish coast; Kona, Hawaii; and the New Zealand rain forest. A comprehensive chart lists a number of life situations such as Addictions, Finding a Soulmate, Emergency Money, Healing Physical Illness, and various personal and family

concerns. Beneath each topic is a list of whom to call upon when dealing with that particular challenge. Doreen also includes prayers to help you call upon multiple divinities for specific issues such as "increased clairvoyance" and "resolving conflict."

Revelation Hay House, Inc
Crystal Children reflect the new generation that has come to the Earth plane after the Indigo Children. They are approximately ages 0 through 5, although some members of the first wave of Crystal Children are as old as 7.

These children are like Indigos—highly psychic and sensitive—but without the dark edge and the anger energy. The term Crystal Children is already taking hold worldwide, and people everywhere are talking about these special kids. Since Doreen is the only researcher who is publicly giving speeches on the subject, her audiences have been asking her for a book on the topic. It's a natural sequel to her book *The Care and Feeding of Indigo Children*. As babies, Crystal Children may take longer than normal to begin talking. They are highly telepathic, and their tuned-in mothers communicate with them nonverbally. Because they're so sensitive, the Crystal Children babies may fuss and cry a lot in crowded places. They're also very fond of nature. Doreen once watched one Crystal Child

walk from tree to tree, giving each one a big hug. Crystal Children are beautiful inside and out, like magnificent little high-priests and priestesses. One look in their eyes, and you'll recognize Divine love and wisdom. Their auras are bright, radiant, and opalescent—they seem to glow from the inside! They talk about past lives, distant galaxies, and profound insights concerning peace and love. Most Crystal Children's parents are aware that their kids are special, and they're thrilled to be parenting such delightful children. The book includes many interviews with Crystal Children, their parents, and teachers. It discusses parenting and teaching methods that are essential to keeping these children happy and healthy, and how to avoid pitfalls that could spoil their special gifts.
