*The Return of Ulysses* Routledge

"A lively tale of historical innovation, the thrill of the bibliophile's hunt, greed and betrayal." - The New York Times Book Review  
"An addictive and engaging look at the 'competitive, catty and slightly angst-ridden' heart of the world of book collecting." - The

Houston Chronicle The never-before-told story of one extremely rare copy of the Gutenberg Bible, and its impact on the lives of the fanatical few who were lucky enough to own it. For rare-book collectors, an original copy of the Gutenberg Bible--of which there are fewer than 50 in existence--represents the ultimate prize. Here, Margaret Leslie Davis recounts five centuries in the life of one copy, from its creation by Johannes Gutenberg, through the hands of monks, an earl, the Worcestershire sauce king, and a nuclear physicist to its ultimate resting place, in a steel vault in Tokyo. Estelle Doheny, the first woman collector to add the book to her library and its last private owner, tipped the Bible onto a trajectory that forever changed our understanding of the first mechanically printed book. The Lost Gutenberg draws readers into this incredible saga, immersing them in the lust for beauty,

prestige, and knowledge that this rarest of books sparked in its owners. Exploring books as objects of obsession across centuries, this is a must-read for history buffs, book collectors, seekers of hidden treasures, and anyone who has ever craved a remarkable book--and its untold stories.

*Sicilian Odyssey* Bloomsbury Publishing

In June 1792, amidst the chaos of the French Revolution, two intrepid astronomers set out in opposite directions on an extraordinary journey. Starting in Paris, Jean-Baptiste-Joseph Delambre would make his way north to Dunkirk, while Pierre-François-André Méchain voyaged south to Barcelona. Their mission was to measure the world, and their findings would help define the meter as one ten-millionth of the distance between the pole and the equator—a standard that would be used “for all people, for all time.” The Measure of All Things is the astonishing tale of one of history’s greatest scientific adventures. Yet behind the public triumph of the metric system lies a secret error, one that is perpetuated in every subsequent definition of the meter. As acclaimed historian and novelist Ken Alder discovered through his research, there were only two people on the planet who knew the full extent of this error: Delambre and Méchain themselves. By turns a science history, detective tale, and human drama, The Measure of All Things describes a quest that succeeded as it failed—and continues to enlighten and inspire to this day.

**Shout It Out Loud** Princeton University Press

When Alice Cooper became the stuff of legend in the early '70s, their shows were monuments of fun and invention. Riding on a string of hits like "I'm 18" and "School's Out," they became America's highest-grossing act, producing four platinum albums

and hitting number one on the U.S. and U.K. charts with Billion Dollar Babies in 1973. As teenagers in Phoenix, Dennis Dunaway and lead singer Vince Furnier, who would later change his name to Alice Cooper, formed a hard-knuckles band that played prisons, cowboy bars and teen clubs. Their journey took them from Hollywood to the ferocious Detroit music scene. From struggling for recognition to topping the charts, the Alice Cooper group was entertaining, outrageous, and one-of-a-kind. Dennis Dunaway, the bassist and co-songwriter for the band, tells a story just as over-the-top crazy as their (in)famous shows. Snakes! Guillotines! Electric Chairs! is the riveting account of the band's creation in the '60s, strange glory in the '70s, and the legendary characters they met along the way.

**Where Men Win Glory** Rowman & Littlefield

The life and times of one of the most provocative thinkers of the twentieth century Worldly Philosopher chronicles the times and writings of Albert O. Hirschman, one of the twentieth century's most original and provocative thinkers. In this gripping biography, Jeremy Adelman tells the story of a man shaped by modern horrors and hopes, a worldly intellectual who fought for and wrote in defense of the values of tolerance and change. This is the first major account of Hirschman's remarkable life, and a tale of the twentieth century as seen through the story of an astute and passionate observer. Adelman's riveting narrative traces how Hirschman's personal experiences shaped his unique intellectual perspective, and how his enduring legacy is one of hope, open-

mindedness, and practical idealism.

*KISS: the Elder Vol. 2:* Chalice Press

"If the Iliad is the first tragedy ever written, then the Odyssey is the first comedy. Whereas the first gives us man the warrior, seeking glory on the battlefield, the second gives us man the husband and father, seeking domestic bliss with his family."

~From Dr. Markos's Introduction. After the sack of Troy, the hero Odysseus travels the high seas homeward bound and finds himself confronted by every imaginable danger the angry god Poseidon can throw at him. Whether it's escaping the one-eyed Cyclops, avoiding getting turned into a pig by an enchantress, or resisting the deadly songs of Sirens, Odysseus remains determined to reach his homeland and save his faithful wife and young son from suitors who are destroying his livelihood and legacy. This Canon Classic is an ancestral fairy tale about a man who fights monsters and comes home to save his bride, translated into verse by the famous poet William Cullen Bryant. The Canon Classics series presents the most definitive works of Western literature in a colorful, well-crafted, and affordable way. Unlike many other thrift editions, our classics are printed on thicker text stock and feature individualized designs that prioritize readability by means of proper margins, leading, characters per line, font, trim size, etc. Each book's materials and layout combine to make the classics a simple and striking addition to classrooms and homes, ideal for introducing the best of literary culture and human experience to the next generation. This Worldview Edition features an introduction divided into sections on The World Around, About the Author, What Other Notables Said, Setting, Characters, & Plot Summary, Worldview

Analysis, 21 Significant Questions & Answers, and Further Discussion & Review"--

Worldly Philosopher Kissfaq Publishing

A blending of art and cultural criticism, travel writing, and personal narrative, Sicilian Odyssey is Francine Prose's imaginative consideration of the diverse cultural legacies found juxtaposed and entangled on the Mediterranean island of Sicily. She writes of the intensity of Sicily, the "commitment to the extreme," where the history is more colorful, the sun hotter, the cooking earthier, the violence more horrific, the carnival more raucous, the politics more Byzantine than other places on Earth, and how much the island can teach us about the triumph of beauty over violence and life over death. Prose examines architectural sites and objects and looks at the ways in which myth and actuality converge. Exploring the intact and beautiful Greek amphitheaters at Siracusa and Taormina, the cathedral at Monreale, the Roman mosaics at Piazza Armerina, and some of the masterpieces of the Baroque scattered throughout the island, Prose focuses her keen insight to imagine them in their own time, to examine the evolution and decline of the cultures that produced them, and to deconstruct powerful responses each evokes in her.

Tales from the Odyssey Watson-Guptill Publications

First in a trilogy, Book One presents extraordinary information gathered from the inner consciousness levels of the minds, bodies, and spirits of thousands of ordinary people. Knowledge gathered by the authors in their healing, motivational, and channeling work with and for others opens the mind and excites the spirit to the inherent abilities of the soul. Written simply, even

complex subjects such as healing, hypnosis, re-incarnation, channeling, therapy, spirit possession, multiple personalities, inner children, astral matter, metaphysics, the soul, and Higher Self become clear and understandable. Personal stories add light, humor, motivation, and a sense all is possible and knowable. Presents a lighted path to self-mastery for the enlightenment of self and others, while succinctly outlining why the past is important to this path. Explains the dynamics of trauma, including childhood abuse, and how the mind stores, as well as buries, trauma. Explains why memories - whether "false" or "real" - are important to healing and achieving personal and professional goals. Delineates the levels of the mind and spirit in a way that is meaningful to every day reality. Lures and keeps the interest of both beginners and experts in metaphysical studies, even as it brings forward information that enhances both mainstream and alternative healing. Miracles are explained, as well as why medications, surgery, prayer, guided imagery, visualizations, affirmations, hypnosis, herbs, and other healing aids sometimes do not work and what needs to be done so they will. It is a book written by experts who explain why no expert knows more about a person's mind, body, or spirit than that person's own mind, body, and spirit. Explains how such information can be accessed both in and out of trance states. Channeling is introduced in a manner that eliminates fear, dread, and foolhardiness. Parts of the book and all of chapter eight are written by LIGHT, which says it is The Light, the creator energy of The Creator of All That Is. Light outlines a plan for healing the earth, balancing nature, and enlightening humans. The plan is powerful and perfect for people of all religions and no religion. So

ingenious is this plan, so simple, so positively focused, it could only have been written by a consciousness of light leading to the thought that if a consciousness of light does not lie, this must, indeed, be The Creator Light. Just knowing such a consciousness is present and active in the world lessens the rampart fear presently escalating naturally occurring earth changes. Most importantly, this book, as it makes clear how the mind creates, makes clear how prophecy works. It becomes understood prophecy is not for the ego of the prophet; it is for the good of the people. If one does not like a prophecy, one has the ability and the right to positively shift the mental focus and physical actions in the present, which alters the future, thus nullifying the prophecy. Being created in the image of the Creator means we are spirit with will and the ability to choose what we will. A great prophet does not care about being right. A great prophet cares about doing right. Doing right is to warn and when the warning is heeded, the great prophet rejoices, knowing the prophecy will be rendered untrue. Book One explains how the mind truly works so the soul of one and the souls of many may alter the future to bring greater good and joy.

#### The Odyssey SparkNotes Literature Guide Penguin

Published in 1970, this important work interprets the poem with a focus on the idiosyncrasies of its originally oral composition. In part I, the main themes of the Odyssey such as 'guest-friendship' and 'testing' are investigated. The incorporation of these and other themes, such as 'omens' and the 'homecomings of the Achaeans', into the dramatic construction of the whole epic is also examined. In Part II, the main characters of the Odyssey are described: the Suitors, Telemachus, Odysseus and Penelope. So

too are Theoclymenus and Laertes, whom traditional criticism has maligned or disregarded. The analysis of the characters tries to illumine features which are challenging for the contemporary reader. In the conclusion, the 'plan' of the Odyssey is reconstructed. The author argues that it would probably have been performed over the course of three days: two sessions each day, with each recitation maintaining its own artistic unity.

*The Essential Odyssey* Omnibus Press

The explosive narrative of the life, captivity, and trial of Bowe Bergdahl, the soldier who was abducted by the Taliban and whose story has served as a symbol for America's foundering war in Afghanistan "An unsettling and riveting book filled with the mysteries of human nature." —Kirkus Private First Class Bowe Bergdahl left his platoon's base in eastern Afghanistan in the early hours of June 30, 2009. Since that day, easy answers to the many questions surrounding his case—why did he leave his post? What kinds of efforts were made to recover him from the Taliban? And why, facing a court martial, did he plead guilty to the serious charges against him?—have proved elusive. Taut in its pacing but sweeping in its scope, *American Cipher* is the riveting and deeply sourced account of the nearly decade-old Bergdahl quagmire—which, as journalists Matt Farwell and Michael Ames persuasively argue, is as illuminating an episode as we have as we seek the larger truths of how the United States lost its way in Afghanistan. The book tells the parallel stories of a young man's halting coming of age and a nation stalled in an unwinnable war, revealing the fallout that ensued when the two collided: a fumbling recovery effort that suppressed intelligence on Bergdahl's true location and bungled multiple opportunities to

bring him back sooner; a homecoming that served to deepen the nation's already-vast political fissure; a trial that cast judgment on not only the defendant, but most everyone involved. The book's beating heart is Bergdahl himself—an idealistic, misguided soldier onto whom a nation projected the political and emotional complications of service. Based on years of exclusive reporting drawing on dozens of sources throughout the military, government, and Bergdahl's family, friends, and fellow soldiers, *American Cipher* is at once a meticulous investigation of government dysfunction and political posturing, a blistering commentary on America's presence in Afghanistan, and a heartbreaking story of a naïve young man who thought he could fix the world and wound up the tool of forces far beyond his understanding.

*Odyssey* ICRL Press

Translated into dactylic hexameter, this edition of the *Odyssey* recaptures the oral-formulaic experience as never before

**Odyssey of the Soul, a Trilogy** Quick Book Pub

*Giants and Cannibals! Wonders and Witches! One Amazing Hero.* Brave Odysseus is far from home, tossed by stormy seas, and cursed by an angry one-eyed giant. If he ever wants to see his family again, he will have to face hungry cannibals, outwit a beautiful witch, and sail past a six-headed serpent. His journey is the ultimate test of endurance and courage. In this exciting series, best-selling author Mary Pope Osborne retells Homer's *Odyssey*, one of the most thrilling adventure stories of all time.

**People and Themes in Homer's Odyssey** Simon & Schuster

There is a common misconception about KISS, one of the greatest hard-rock/heavy metal-bands of all-time: that their 'non-make-up'

era of 1983-1996 is not as enduring as the period when they stalked stages as the Starchild, the Demon, the Spaceman, and the Cat. This is untrue. In fact, this period helped resuscitate KISS's career, as they reestablished themselves in arenas, on the charts, and via MTV, and yielded some of their most popular songs - including Lick It Up, Heaven's On Fire, Tears Are Falling, Crazy Crazy Nights, Hide Your Heart, Forever, Unholy, and more - many of which consistently found their way into the band's set lists. While the majority of KISS books are focused on the glitz and glamour of the iconic makeup era, the non-makeup years are ripe to be explored in book form, and *Take It Off* does just that, zeroing in on the eleven albums KISS issued during this period - including such gold- and platinum-certified hits as Lick It Up, Animalize, Revenge, and Alive III - as well the resulting tours, videos, and other escapades. *Take It Off* draws on all-new interviews with KISS experts and associates, including the band's lead guitarist throughout most of this period, Bruce Kulick, plus Crazy Nights producer Ron Nevison and video director Paul Rachman (*Unholy/I Just Wanna/Domino*). Among the other contributors are Charlie Benante (*Anthrax*), K.K. Downing (ex-Judas Priest), Derek Sherinian (ex-Dream Theater), and rock music experts Eddie Trunk, Katherine Turman, and Lonn Friend. The book also includes a foreword by Fozzy frontman Chris Jericho and an afterword by acclaimed producer Andreas Carlsson, as well as rare photographs and memorabilia from the period. With KISS currently in the midst of their last ever tour, now is the time to get Truly Unmasked.

Odyssey Tuttle Publishing

Profiling individual, legendary authors, best-selling author Jerry

Hopkins combines his research and his own experiences as a longtime expatriate with an intimate knowledge of Asia and offers us a unique perspective on the impact of Eastern culture in Western literature. From the time of Marco Polo's trek across the Central Asian desert to the empire of the mighty Kahn, no other place on earth, not the languid South Pacific or even deepest, darkest Africa has so challenged and enchanted the Western imagination as have the fabled lands of the East! However soaked in blood its history and no matter how unsettling its social conditions and poverty, Asia has never lost its irresistible attraction or mystic. It has long been an inspiration for Western novelists, so much so that more than 5000 novels have been set in Asia in the English language alone. Storied names like Rudyard Kipling, Joseph Conrad, Pearl S. Buck, George Orwell, Graham Greene, E.M. Forster and many more have used their experiences in Asia as a vibrant backdrop for some of the world's most famous works of literature.

Space Odyssey Little, Brown Books for Young Readers

Brave Odysseus is far from home, tossed by stormy seas, and cursed by an angry one-eyed giant. If he ever wants to see his family again, he will have to face hungry cannibals, outwit a beautiful witch, and sail past a six-headed serpent. His journey is the ultimate test of courage.

*Gene, Ace, Peter & Paul* Penguin

Upon its release in November 1981, KISS' "Music From The Elder" was confusingly received and by the time the calendar had turned to 1982, the album was essentially a commercial failure. Through a series of in-depth interviews, original features and related special content, "Odyssey" shines a spotlight on "The

Elder" like never before.

*Kiss and Sell* Kissfaq Publishing

This generous abridgment of Stanley Lombardo's translation of the *Odyssey* offers more than half of the epic, including all of its best-known episodes and finest poetry, while providing concise summaries for omitted books and passages. Sheila Murnaghan's Introduction, a shortened version of her essay for the unabridged edition, is ideal for readers new to this remarkable tale of the homecoming of Odysseus.

*Ultimate High Anchor*

Parents often feel at a loss with popular culture and how it fits in with their families. They want to love their children well, but it can be overwhelming to navigate the murky waters of television, movies, games, and more that their kids are exposed to every day. Popular culture doesn't have to be a burden. The *Pop Culture Parent* equips mothers, fathers, and guardians to build relationships with their children by entering into their popular culture-informed worlds, understanding them biblically, and passing on wisdom. This resource by authors Ted Turnau, E. Stephen Burnett, and Jared Moore, provides Scripture-based, practical help for parents to enjoy the messy gift of popular culture with their kids. By engaging with their children's interests, parents can explore culture while teaching their children to become missionaries in a post-Christian world. By providing realistic yet biblical encouragement for parents, the coauthors guide readers to engage with popular culture through a gospel lens, helping them teach their kids to understand and answer the challenges raised by popular culture. The *Pop Culture Parent* helps the next generation of evangelicals move beyond a posture

of cultural ignorance to one of cultural engagement, building grace-oriented disciples and cultural missionaries.

*The Measure of All Things* Open Court Publishing

KISS is the most outrageous and yet the most enduring of rock bands, with an unparalleled, almost religious level of devotion from millions of die-hard fans. In *KISS and Philosophy*, professional thinkers of diverse outlooks provide much-needed insights into the motivating ideas and metaphysical foundations of the KISS take on life. According to some, the true message of KISS is self-actualization through the hard work of following your dreams. Others focus on the existential aspect of KISS thinking, drawing upon Camus and Sartre to show that KISS is preoccupied with empowering the individual to achieve self-greatness. By contrast, there is a view of KISS which identifies a "destroyer" attitude, leading some listeners to reject KISS outright, while encouraging others to become the most dedicated of followers. Yet another view sees KISS's "letting loose" as essentially Dionysian. Some chapters gain access to KISS thinking by tracing the band's cultural and historical impact, finding meaning in the way generations of fans make sense of KISS's always evolving output, the changing line-up, and the archetypal characters represented by the band's use of make-up and presentation. Other chapters look at the aesthetic quality of the band's output, especially their most controversial album, *Music from "The Elder."* Several chapters examine KISS's orientation to bodily pleasures, notably sex, extracting the band's philosophy of sex and love from different clues and indications. How does KISS's unashamed indulgence relate to various pleasure-governed ethical systems throughout history? Is getting the most out of

pleasure key to living the good life? And does a life of gratifying one's body ultimately yield fulfillment? What are the limitations and hazards of a pleasure-oriented lifestyle? The biography of band members also provides material for reflection, looking at the nature of forgiveness through the lens of KISS's notorious

feuds, and determining how to reconcile the apparently conflicting accounts of some famous squabbles. The changing line-up of the band raises questions about the meaning of "KISS" and whether KISS could last forever
