*Warren Buffett y la interpretación de estados financieros* Rubén Villahermosa  
Der Fortsetzungstitel zu "The Warren Buffett Way" vom gleichen Autor.  
Hagstrom gilt in der Investmentbranche als ausgezeichneter Analytiker, der zudem die Fähigkeit besitzt, komplizierte Sachverhalte einfach und verständlich zu vermitteln. Das Kernthema des Buches

heißt Focus Investing. Hagstrom erklärt anschaulich, was man unter 'Focus Investing' versteht, wie diese Anlagestrategie funktioniert, und wie jeder Anleger sie nutzen kann. Darüber hinaus demonstriert er, wie Buffett seine Aktien zu einem 'Focus Portfolio' zusammenstellt, und warum diese Methode für Buffetts außergewöhnliche Gewinne ebenso entscheidend ist, wie die Auswahl der einzelnen Aktienwerte. Auch diese Technik, die hervorragende Ergebnisse verspricht, wird genau erläutert. Hagstrom beschreibt Philosophie und Strategien des

Focus Investing ausführlich und zeigt, wie man sie in die Praxis umsetzt. Dabei greift er auf den großen Erfahrungsschatz einer Reihe von Experten zurück, wie z.B. Warren Buffett, John Maynard Keynes, Philip Fisher, Bill Ruane, Lou Simpson und Charlie Munger.  
Financial Accounting A&C Black  
Inspirándose en las obras de Benjamin Graham, mentor de Warren Buffett, los autores nos acercan a una de las claves del éxito del Oráculo de Omaha: la interpretación de los estados financieros de las empresas en las que se pretende

invertir. A través de la perspectiva única de Mary Buffett y David Clark, el lector conocerá de primera mano la aproximación y lectura de los estados financieros del inversor más célebre de la historia, buscando siempre empresas con una ventaja competitiva que le brinde réditos sostenidos durante un largo periodo de tiempo. Huyendo, asimismo, de movimientos especulativos y estrategias ávidas de ganancias rápidas. Warren Buffett y la interpretación de los estados financieros es un libro útil, claro y accesible para todo aquel que busque emular los métodos del inversor más reconocido del mundo.

Cengage Learning

"A road map for investing that I have now been following for 57 years." --From the Foreword by Warren E. Buffett First published in 1934, Security Analysis is one of the most influential financial books ever written. Selling more than one million copies through five editions, it has provided generations of investors with the timeless value investing philosophy and techniques of Benjamin Graham and David L. Dodd. As relevant today as when they

first appeared nearly 75 years ago, the teachings of Benjamin Graham, "the father of value investing," have withstood the test of time across a wide diversity of market conditions, countries, and asset classes. This new sixth edition, based on the classic 1940 version, is enhanced with 200 additional pages of commentary from some of today's leading Wall Street money managers. These masters of value investing explain why the principles and techniques of Graham and Dodd are still highly relevant even in today's vastly different markets. The contributor list includes: Seth A. Klarman, president of The Baupost Group, L.L.C. and author of Margin of Safety James Grant, founder of Grant's Interest Rate Observer, general partner of Nippon Partners Jeffrey M. Laderman, twenty-five year veteran of BusinessWeek Roger Lowenstein, author of Buffett: The Making of an American Capitalist and When America Aged and Outside Director, Sequoia Fund Howard S. Marks, CFA, Chairman and Co-Founder, Oaktree Capital Management L.P. J. Ezra Merkin, Managing Partner, Gabriel Capital Group . Bruce Berkowitz, Founder, Fairholme Capital Management. Glenn H.

Greenberg, Co-Founder and Managing Director, Chieftain Capital Management Bruce Greenwald, Robert Heilbrunn Professor of Finance and Asset Management, Columbia Business School David Abrams, Managing Member, Abrams Capital Featuring a foreword by Warren E. Buffett (in which he reveals that he has read the 1940 masterwork "at least four times"), this new edition of Security Analysis will acquaint you with the foundations of value investing—more relevant than ever in the tumultuous 21st century markets.

**The Essays of Warren Buffett** Simon and Schuster

Give a man a fish and he eats for a day. Teach him to arbitrage, and he will eat for a lifetime! Warren Buffett Warren Buffett and the Art of the Stock Arbitrage is the first book to explore the secret world of Buffett's arbitrage and special situations investing. Long considered one of the most powerful and profitable of Buffett's investment operations, but the least understood, these special types of investments have been the edge that has made Warren Buffett the world's greatest investor. This book examines Buffett's

special brand of arbitrage investing, which involves taking advantage of short term price discrepancies that often occur when one company offers to buy another company. Buffett and David Clark, the authors of four best-selling books on Warren Buffett's investment methods, take the reader deep into the world of Buffett's arbitrage and special situation operations, giving us his strategies, his equations for determining value, and dozens of examples of his investments in this very lucrative segment of Buffett's investment operations. They offer detailed analysis and explanations of Buffett's arbitrage and special situations operations and techniques for the first time ever.

[The Tao of Warren Buffett](#) Simon and Schuster

Analyzes the principles of stock selection and various approaches to investing, and compares the patterns and behavior of specific securities under diverse economic conditions

**The Nowhere Office** Simon and Schuster  
 "All investors, from beginners to old hands, should gain from the use of this guide, as I have." From the Introduction by Michael F. Price, president, Franklin Mutual

Advisors, Inc. Benjamin Graham has been called the most important investment thinker of the twentieth century. As a master investor, pioneering stock analyst, and mentor to investment superstars, he has no peer. The volume you hold in your hands is Graham's timeless guide to interpreting and understanding financial statements. It has long been out of print, but now joins Graham's other masterpieces, *The Intelligent Investor* and *Security Analysis*, as the three priceless keys to understanding Graham and value investing. The advice he offers in this book is as useful and prescient today as it was sixty years ago. As he writes in the preface, "if you have precise information as to a company's present financial position and its past earnings record, you are better equipped to gauge its future possibilities. And this is the essential function and value of security analysis." Written just three years after his landmark *Security Analysis*, *The Interpretation of Financial Statements* gets to the heart of the master's ideas on value investing in astonishingly few pages. Readers will learn to analyze a company's balance sheets and income statements and arrive at a

true understanding of its financial position and earnings record. Graham provides simple tests any reader can apply to determine the financial health and well-being of any company. This volume is an exact text replica of the first edition of *The Interpretation of Financial Statements*, published by Harper & Brothers in 1937. Graham's original language has been restored, and readers can be assured that every idea and technique presented here appears exactly as Graham intended. Highly practical and accessible, it is an essential guide for all business people--and makes the perfect companion volume to Graham's investment masterpiece *The Intelligent Investor*.

[The Ultimate Dividend Playbook](#) Deusto

From atom bombs to rebounding slinkies, open your eyes to the mathematical magic in the everyday. Mathematics isn't just for academics and scientists, a fact meteorologist and blogger Peter Lynch has spent the past several years proving through his Irish Times newspaper column and blog, *That's Maths*. Here, he shows how maths is all around us, with chapters on the beautiful equations behind designing a good concert venue,

predicting the stock market and modelling the atom bomb, as well as playful meditations on everything from coin-stacking to cartography. If you left school thinking maths was boring, think again! *Principles of Corporate Finance* Gestión 2000

What if your favourite YouTuber's life was a lie? What if you were the one to expose it? YouTuber LilyLoves has an amazing life: a rockstar boyfriend, a totally Insta-worthy London flat and a collection of beauty products that seems to grow daily (thanks, PO Box). Sixteen-year-old Melissa's life is way less amazing - LilyLoves is the only thing getting her through it. She's Lily's biggest fan and spends hours each night watching her videos and liking her posts. Melissa wants that life for herself - or at least to look like she has it . . . As Melissa starts to grow in confidence - and followers - she discovers a crushing secret about Lily - the ultimate YouTube lie. Does she share Lily's secret and crush her fame? Or will they both continue to live a lie - both online and off? My [Secret] YouTube Life is the addictive debut novel from Charlotte Seager.

**Warren Buffett and the Art of Stock**

**Arbitrage** Simon and Schuster

In the past eighteen months, investors have seen rapid, often intimidating changes in the stock market-tech stocks have soared and crashed and assets that shifted away from traditional blue chip companies have quickly shifted back again. In spite of this volatility however, there has been one constant: Warren Buffet's value investing strategies make money. In *BUFFETOLOGY*, Mary Buffet and David Clark unveiled the analysis techniques that made Warren Buffet the billionaire and investment icon he is today. Now in this companion workbook, the authors explain Buffet's system of business perspective investing, focusing on specific mathematical ratios and calculations. Written in clear, easy-to-understand language, *THE BUFFETTOLOGY WORKBOOK* offers everyone with or without an Internet connection the tools they'll need to apply the same kind of value analysis to readily available financial data that Warren Buffet does.

[The Warren Buffett Portfolio](#) John Wiley & Sons

A collection of the inspiring words and wisdom from America's favorite

businessman that reveal his secrets of success from the bestselling authors of *Buffettology* and *The New Buffettology*. Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's worldly wisdom is deceptively simple and enormously powerful in application. In *The Tao of Warren Buffett*, Mary Buffet—author of three books on Warren Buffett's investment methods—joins noted Buffettologist and international lecturer David Clark to bring you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders of Berkshire Hathaway, so enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book exemplify Warren's practical strategies and provide useful illustrations for every investor—large or small—and models everyone can follow. The quotes are culled from a variety of sources, including personal conversations, corporate reports, profiles, and interviews.

The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. As Warren says: "You should invest in a business that even a fool can run, because someday a fool will." "No matter how great the talent or effort, some things just take time: You can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and able people and buy them at sensible prices. That's all I'm trying to do." The Tao of Warren Buffett inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly browsable and entertaining book is destined to become a classic. *Winning with Difficult People* John Wiley & Sons

The authors point out twelve difficult personality types that can be found in business environments, then offer tips to help readers understand what makes them tick and how the rest of us can best cope with them. Advice includes methods for

transforming potential problems into "getting-ahead" advantages.

The Little Book That Builds Wealth Irwin Professional Pub

With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Buffett's successful perspective. They clearly outline Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired by the seminal work of Buffett's mentor, Benjamin Graham, this book presents Buffett's interpretation of financial statements with anecdotes and quotes from the master investor himself. Destined to become a classic in the world of investment books, Warren Buffett and the Interpretation of Financial Statements is the perfect companion volume to The New Buffettology and The Tao of Warren Buffett.

**The Warren Buffett Stock Portfolio**  
Simon and Schuster

Warren Buffett is the most famous investor of all time and one of today's most admired business leaders. He became a billionaire and investment sage

by looking at companies as businesses rather than prices on a stock screen. The first two editions of The Warren Buffett Way gave investors their first in-depth look at the innovative investment and business strategies behind Buffett's spectacular success. The new edition updates readers on the latest investments by Buffett. And, more importantly, it draws on the new field of behavioral finance to explain how investors can overcome the common obstacles that prevent them from investing like Buffett. New material includes: How to think like a long-term investor – just like Buffett Why "loss aversion", the tendency of most investors to overweight the pain of losing money, is one of the biggest obstacles that investors must overcome. Why behaving rationally in the face of the ups and downs of the market has been the key to Buffett's investing success Analysis of Buffett's recent acquisition of H.J. Heinz and his investment in IBM stock The greatest challenge to emulating Buffett is not in the selection of the right stocks, Hagstrom writes, but in having the fortitude to stick with sound investments in the face of economic and market uncertainty. The

new edition explains the psychological foundations of Buffett's approach, thus giving readers the best roadmap yet for mastering both the principles and behaviors that have made Buffett the greatest investor of our generation.

**Security Analysis: Sixth Edition, Foreword by Warren Buffett** John Wiley & Sons

Words of wisdom from Charlie Munger—Warren Buffett's longtime business partner and the visionary Vice Chairman of Berkshire Hathaway—collected and interpreted with an eye towards investing by David Clark, coauthor of the bestselling *Buffettology* series. Born in Omaha, Nebraska in 1924 Charlie Munger studied mathematics at the University of Michigan, trained as a meteorologist at Cal Tech Pasadena while in the Army, and graduated magna cum laude from Harvard Law School without ever earning an undergraduate degree. Today, Munger is one of America's most successful investors, the Vice Chairman of Berkshire Hathaway, and Warren Buffett's business partner for almost forty years. Buffett says "Berkshire has been built to Charlie's blueprint. My role has been that

of general contractor." Munger is an intelligent, opinionated business man whose ideas can teach professional and amateur investors how to be successful in finance and life. Like *The Tao of Warren Buffett* and *The Tao of Te Ching*, *The Tao of Charlie Munger* is a compendium of pithy quotes including, "Knowing what you don't know is more useful than being brilliant" and "In my whole life, I have known no wise people who didn't read all the time—none, zero." This collection, culled from interviews, speeches, and questions and answers at the Berkshire Hathaway and Wesco annual meetings, offers insights into Munger's amazing financial success and life philosophies. Described by Business Insider as "sharp in his wit and investing wisdom," Charlie Munger's investment tips, business philosophy, and rules for living are as unique as his life story; intelligent as he clearly is; and as successful as he has been.

*The New Buffettology* HarperCollins  
Warren Buffett's Stock Portfolio is the first book to take readers deep into Warren Buffett's investment portfolio. Each of Buffett's current stock investments is

analyzed in detail with information as to why Buffett found these attractive businesses and how he determined that they are good long-term investments. Each company will analyzed using the criteria outlined in *Buffettology* and Warren Buffett and the Interpretation of Financial Statements. The reader can then apply these techniques to a variety of other stocks and see if they meet Buffett's criteria. Although information about Warren Buffett's stock portfolio is available on-line, it is merely listings of the stocks Warren owns. No one else explains the criteria Warren uses to determine how and when to buy and sell. In addition this book will include stocks that are too new to be on-line. The authors will also look at a few top-performing stocks that Warren has sold in the last ten years.

Warren Buffett y la interpretación de estados financieros HarperCollins Publishers

Dieser praktische Leitfaden macht Anleger mit dem Economic Moat Konzept vertraut, der "Zauberformel" des Morningstar, mit der sich erstklassige Investmentchancen aufspüren lassen. Das Konzept ist keineswegs neu: Es wurde zunächst durch

Benjamin Graham und Warren Buffett populär, wurde dann aber lange vernachlässigt. "The Little Book that Builds Wealth" erklärt ganz genau, wie man den Economic Moat, d.h. die Wettbewerbsbarriere bzw. den Wettbewerbsvorteil (wie z.B. geringe Produktionskosten, ausgebautes Vertriebsnetz, gutes Markenimage etc.) ermittelt, durch den sich ein Unternehmen deutlich von Konkurrenzunternehmen abgrenzt. Dabei geht es aber weder um reines Value Investing, noch um reines Growth Investing, sondern vielmehr darum, erstklassige Nischen-Wachstumswerte zu einem attraktiven Kurs zu kaufen. Das Buch demonstriert anschaulich Schritt für Schritt, was einen Economic Moat ausmacht, wie man ihn ermittelt, wie man verschiedene Moats gegeneinander abwägt, und wie man auf der Basis dieser Daten am besten eine Investmententscheidung trifft. Mit begleitender Website. Sie wird vom Morningstar betrieben und enthält eine Reihe von Tools und Features, mit deren Hilfe der Leser das Gelernte in der Praxis testen kann. Autor Pat Dorsey ist ein renommierter Finanzexperte. Er ist Chef

der Morningstar Equity Research und Kolumnist bei Morningstar.com. Ein neuer Band aus der beliebten 'Little Book'-Reihe. [That's Maths](#) John Wiley & Sons  
 \*\*\* AN INSPIRATIONAL MANIFESTO FOR RE-IGNITING OUR PASSION FOR LIFE AND OUR INNER DRIVE FROM SHARATH JEEVAN, A LEADING EXPERT ON MOTIVATION. 'An essential guide for re-discovering our motivation and for living more fulfilling lives.' NIR EYAL, author of Indistractable 'Intrinsic provides a way out of the malaise many of us have been feeling. Essential reading.' JONAH BERGER, author of Contagious 'A thoughtful and inspiring book. Readers should rush to embrace the lessons of Intrinsic.' DAN HEATH, co-author of Switch We are in a motivational mess today. Many of us feel like we are going through the motions - as workers, managers, spouses and partners, parents and citizens. We feel jaded and unhappy with the organizations we are part of, whether that's the company we work for or our child's school. And some of us feel deeply alienated from the wider societies in which we live, particularly in the face of vast social problems - from climate change to our increasingly 'winner

takes all' world. But life doesn't need to be this way. Motivation thinking holds the key to this promise. Intrinsic uses motivation thinking not just to accurately diagnose these problems, but to find solutions. As a leading expert on motivation, Sharath Jeevan helps us see how we can achieve more lasting fulfilment and success in our work, careers, relationships, parenting, and as citizens. Jeevan applies the concepts of Purpose (how what we do helps others), Autonomy (our ability to positively change things) and Mastery (our sense of continually getting better) to help us see our motivation in these key life areas in a radically new light. Jeevan takes us on a journey around the world to find practical and inspirational answers to solving our motivational crisis, harnessing ground-breaking research, from psychology and economics to philosophy and behavioural science. Intrinsic shows us how we can fall back in love with our lives, and create the lives we want. [HBR Guide to Office Politics](#) Zondervan Named one of the Financial Times' BEST BUSINESS BOOKS OF 2022 What has changed in the workplace? Everything. The traditional office was probably

doomed anyway. Then a global shutdown changed everything we thought we knew about work, including where and when it needed to take place. Automation and the Fourth Industrial Revolution have accelerated, and perhaps as much as one third of the world's permanent workforce will soon become remote. In *The Nowhere Office*, Julia Hobsbawm offers a strategic and practical guide to navigating this pivotal moment in the history of work and provides lessons for how both employees and employers can adapt. Hobsbawm draws on her extensive networks in business, academia, and entrepreneurship across generations to offer new ideas about how to handle hybrid working, as well as provides deep insight into how the way we work is being transformed by larger issues such as community,

hierarchy, bias, identity, and security. *The Nowhere Office* describes a unique moment in the history of work which, if understood and handled correctly, can provide a springboard for the biggest transformational change in the workplace for a century: something better, more meaningful, and more workable for everyone.

*Warren Buffett* Simon and Schuster Many people believe that the key to success in the stock market is buying low and selling high. But how many investors have the time, talent, and luck to earn consistent returns this way? In *The Ultimate Dividend Playbook: Income, Insight, and Independence for Today's Investor*, Josh Peters, editor of the monthly Morningstar DividendInvestor newsletter, shows you why you don't have to try to beat the market and how you can use

dividends to capture the income and growth you seek.
