When Luke
O'Neil isn't
angry, he's
asleep. When
he's awake,

he gives vent
to some of the
most heartfelt,
political and
anger-fueled
prose to
power its way
to the public
sphere since
Hunter S.
Thompson
smashed a
typewriter's

keys.
Welcome to
Hell World is
an
unexpurgated
selection of
Luke O'Neil's
finest rants,
near-poetic
rhapsodies,
and
investigatory
journalism.

Racism, sexism, immigration, unemployment, Marcus Aurelius, opioid addiction, Iraq: all are processed through the O’Neil grinder. He details failings in his own life and in those he observes around him: and the result is a book that is at once intensely confessional and an energetic, unforgettable condemnation of American mores. Welcome to Hell World is, in the author’s

words, a “fever dream nightmare of reporting and personal essays from one of the lowest periods in our country in recent memory.” It is also a burning example of some of the best writing you’re likely to read anywhere. *Dispatches from an Anxious Life* Catapult Roxanne Gay collects original and previously published pieces that address what it means to live in a world where women

have to measure the harassment, violence, and aggression they face and where they are blown off, discredited, shamed, and insulted for speaking out. *Dispatches from rape culture* The Creative Company “Attention reveals a fresh, vital literary voice as it covers seemingly every imaginable topic relating to modern life.”—Entertainment Weekly “Joshua Cohen may be America’s

greatest living writer.”—The Washington Post NAMED ONE OF THE BEST BOOKS OF THE YEAR BY WIRED One of Granta’s Best of Young American Novelists, Joshua Cohen arrives with his first collection of nonfiction, the culmination of two decades of writing and thought about life in the digital age. In essays, memoir, criticism, diary entries, and letters—many appearing here for the first time—Cohen

covers the full depth and breadth of modern life: politics, literature, art, music, travel, the media, and psychology, and subjects as diverse as Google, Donald Trump, Bernie Sanders, fictional animals, Gustav Mahler, Aretha Franklin, John Zorn, landscape photography, fake Caravaggios, Wikipedia, Gertrude Stein, Edward Snowden, Jonathan Franzen,

Olympic women’s fencing, Atlantic City casinos, the closing of the Ringling Bros. circus, and Azerbaijan. Throughout ATTENTION, Cohen directs his sharp gaze at home and abroad, calling upon his extraordinary erudition and unrivaled ability to draw connections between seemingly unlike things to show us how to live without fear in a world overflowing with information. In each piece, he

projects a quality of thought that is uniquely his, and a voice as witty, profound, and distinct as any in American letters. At this crucial juncture in history, ATTENTION is a guide for the perplexed—a handbook for anyone hoping to bring the wisdom of the past into the culture of the future. Praise for ATTENTION “Dazzling in its scope . . . If curiosity is a writer’s greatest innate gift, Joshua Cohen may be

America’s greatest living writer.”—The Washington Post “Cause for celebration and close study . . . [Cohen] will hunt after neglected shards of the past, minor histories, and charge them with an immediacy in the present. . . . He is experimenting with the essay form much more, and more cleverly, than any major American writer today.”—The Wall Street Journal “In Attention,

Joshua Cohen makes an eclectic argument for how to improve our lives. . . . [He] tackles a surprising range of subjects to underline distraction’s role in our fraught predicament and to argue that paying attention could help us get out of it. . . . When it comes to making sense of our times with verve and imagination, few authors are more rewarding.”—Financial

 a young

woman discovering her own genius, through the people she meets—and dreams up—along the way. In a working-class town in a county west of London, a schoolgirl scribbles stories in the back pages of her exercise book, intoxicated by the first sparks of her imagination. As she grows, everything and everyone she encounters become fuel for a burning talent. The

large Russian man in the ancient maroon car who careens around the grocery store where she works as a checkout clerk, and slips her a copy of *Beyond Good and Evil*. The growing heaps of other books in which she loses—and finds—herself. Even the derailing of a friendship, in a devastating violation. The thrill of learning to conjure characters and scenarios in her head is matched by

the exhilaration of forging her own way in the world, the two kinds of ingenuity kindling to a brilliant conflagration. Exceeding the extraordinary promise of Bennett's mold-shattering debut, *Checkout 19* is a radical affirmation of the power of the imagination and the magic escape those who master it open to us all. **God Land** Harper Collins A chronicle of recent events that have

shaken the world, from the author of *Capital in the Twenty-First Century* Praise for Time for Socialism: “Lively, thought-provoking, grounded in facts, and resolutely optimistic—these essays grapple with the big questions of our time, from the rise of Trumpism and Brexit, to gender inequality and wealth taxation.”—Gabriel Zucman, University of California, Berkeley Praise for

Capital in the Twenty-First Century: “Piketty [is] arguably the world’s leading expert on income and wealth inequality.”—Paul Krugman, New York Times “Piketty has emerged as a rock star of the policy-intellectual world. . . . But make no mistake, his work richly deserves all the attention it is receiving.”—Lawrence H. Summers, Democracy As a correspondent for the French newspaper *Le*

Monde, world-renowned economist Thomas Piketty has documented the rise and fall of Trump, the drama of Brexit, Emmanuel Macron’s ascendance to the French presidency, the unfolding of a global pandemic, and much else besides, always from the perspective of his fight for a more equitable world. This collection brings together those articles and is prefaced by

an extended introductory essay, in which Piketty argues that the time has come to support an inclusive and expansive conception of socialism as a counterweight against the hypercapitalism that defines our current economic ideology. These essays offer a first draft of history from one of the world's leading economists and public figures, detailing the struggle against inequalities

and tax evasion, in favor of a federalist Europe and a globalization more respectful of work and the environment. The Line Becomes a River Penguin A seemingly ordinary village participates in a yearly lottery to determine a sacrificial victim. **Not That Bad** HarperCollins From the New York Times–bestselling author of *Hunger* and *Bad Feminist*, a powerful short story

collection exploring the Haitian diaspora experience. In *Ayiti*, a married couple seeking boat passage to America prepares to leave their homeland. A young woman procures a voodoo love potion to ensnare a childhood classmate. A mother takes a foreign soldier into her home as a boarder, and into her bed. And a woman conceives a daughter on the bank of a river while

fleeing a horrific massacre, a daughter who later moves to America for a new life but is perpetually haunted by the mysterious scent of blood. Roxane Gay is an award-winning literary voice praised for her fearless and vivid prose, and her debut collection *Ayiti* exemplifies the raw talent that made her “one of the voices of our age” (National Post, Canada). Praise for *Ayiti* “Highly dimensioned characters

and unforgettable moments. . . . Dismantling the glib misconception of her complex ancestral home, Gay cuts and thrills. Readers will find her powerful first book difficult to put down.” —Booklist “The themes explored in Gay’s nonfiction, such as the transactional nature of violence and the ways in which stereotypes of poverty add another layer of

dehumanization, are just as potent here. Even her more lyrical mode is filtered through a keen sense of the lost promise of one country and the blinkered privilege of the other. It’s Gay’s unflinching directness—the sense that her characters are in the room with you, telling it like it is—that makes her irresistible.” —Vogue “A set of brief, tart stories mostly set amid the Haitian-

American community and circling around themes of violation, abuse, and heartbreak . . . This book set the tone that still characterizes much of Gay's writing: clean, unaffected, allowing the (often furious) emotions to rise naturally out of calm, declarative sentences. That gives her briefest stories a punch even when they come in at two pages or fewer, sketching out the challenges

of assimilation in terms of accents, meals, or 'What You Need to Know About a Haitian Woman'. . . . This debut amply contains the righteous energy that drives all her work." —Kirkus Reviews Dispatches from Rape Culture Atlantic Books A fresh and provocative debut novel about a reclusive young woman saving up for weight loss surgery when she gets

drawn into a shadowy feminist guerilla group called "Jennifer"—equal parts Bridget Jones's Diary and Fight Club **On Rape** Andrews McMeel Publishing "Roxane Gay is so great at weaving the intimate and personal with what is most bewildering and upsetting at this moment in culture. She is always looking, always thinking, always passionate, always

careful, always right there.” — Sheila Heti, author of *How Should a Person Be?* A New York Times Bestseller Best Book of the Year: NPR • Boston Globe • Newsweek • Time Out New York • Oprah.com • Miami Herald • Book Riot • Buzz Feed • Globe and Mail (Toronto) • The Root • Shelf Awareness A collection of essays spanning politics, criticism, and feminism from

one of the most-watched cultural observers of her generation In these funny and insightful essays, Gay takes us through the journey of her evolution as a woman (Sweet Valley High) of color (The Help) while also taking readers on a ride through culture of the last few years (Girls, Django in Chains) and commenting on the state of feminism today (abortion, Chris Brown). The portrait that emerges is not only one

of an incredibly insightful woman continually growing to understand herself and our society, but also one of our culture. *Bad Feminist* is a sharp, funny, and spot-on look at the ways in which the culture we consume becomes who we are, and an inspiring call-to-arms of all the ways we still need to do better, coming from one of our most interesting and important cultural critics.

South and West

HarperCollins New York Times bestselling author Roxane Gay (World of Wakanda, Difficult Women) adapts her short story “We Are the Sacrifice of Darkness” as a full-length graphic novel with writer Tracy Lynne Oliver (This Weekend), and artist Rebecca Kirby (Biopsy.) Expanding an unforgettable world where a tragic event forever bathes the world in darkness, The

Sacrifice of Darkness follows one woman’s powerful journey through this new landscape as she discovers love, family, and the true light in a world seemingly robbed of any. This young adult drama challenges notions of identity, guilt, and survival in a graphic novel for fans of On A Sunbeam and Are You Listening? **Ayiti** Grove Press
A brilliant collection of essays by a

young writer who is already a star in the intellectual firmament. As William Deresiewicz has written in Harper’s Magazine, “[Mark Greif] is an intellectual, full stop . . . There is much of [Lionel] Trilling in Greif . . . Much also of Susan Sontag . . . What he shares with both, and with the line they represent, is precisely a sense of intellect—of thought, of mind—as a conscious actor in the

world.” Over the past eleven years, Greif has been publishing superb, and in some cases already famous, essays in *n+1*, the high-profile little magazine that he co-founded. These essays address such key topics in the cultural, political, and intellectual life of our time as the tyranny of exercise, the tyranny of nutrition and food snobbery, the sexualization of childhood (and everything

else), the philosophical meaning of Radiohead, the rise and fall of the hipster, the impact of the Occupy Wall Street movement, and the crisis of policing. Four of the selections address, directly and unironically, the meaning of life—what might be the right philosophical stance to adopt toward one’s self and the world. Each essay in *Against Everything* is learned, original, highly

entertaining, and, from start to finish, dead serious. They are the work of a young intellectual who, with his peers, is reinventing and reinvigorating what intellectuals can be and say and do. Mark Greif manages to reincarnate and revivify the thought and spirit of the greatest of American dissenters, Henry David Thoreau, for our time and historical situation. **Essays Not**

What would a
fair and equal
society
actually look
like? The
world-
renowned

economist and
bestselling
author Yanis
Varoufakis
presents his
radical and
subversive
answer in a
work of
speculative
fiction that
recalls William
Morris and
William
Gibson The
year: 2035. At
a funeral for
Iris, a
revolutionary
leftist
feminist,
Yango is
approached
by Costa, Iris's
closest
comrade, who
urges him to
carry out Iris's
last wish:
plough into
her secret
diaries to tell

their story.
“But”, Costa
insists “leave
out anything
that might
help Big Tech
replicate my
technologies!”
That night
Yango delves
into Iris's
diaries. In
them he
discovers a
chronicle of
how Costa's
revolutionary
technologies
had unveiled
an actually
existing, fully
democratized,
postcapitalist
society.
Suddenly he
understands
Costa's
obsession with
the hackers
trying to steal
his secrets. So
begins Yanis

Varoufakis's extraordinary novelistic thought-experiment, where the world-famous economist offers an invigorating and deeply moving vision of an alternative reality. Another Now tells the story of Costa, a brilliant but deeply disillusioned, computer engineer, who creates a revolutionary technology that will allow the user a "glimpse of a life beyond their dreams" but will not

enslave them. But an accident during one of its trial runs unveils a cosmic wormhole where Costa meets his DNA double, who is living in a 2025 very different than the one Costa is living in. In this parallel 2025 a global hi-tech uprising, begun in the wake of the collapse of 2008, has birthed a post-capitalist world in which work, money, land, digital networks and politics have been truly

democratized. Banks have been eliminated, as well as predatory, data-mining digital monopolies; the gig economy is no more; and the young are free to experiment with different careers and to study "non-lucrative topics, from Sumerian pottery to astrophysics." Intoxicated, Costa travels to England to tell Iris, his old comrade, and her neighbor, Eva, a recovering banker turned neoliberal

economics professor, of the parallel universe he has discovered. Costa eventually leads them back to his workshop in America where Iris and Eva meet their own doubles, and confront hard truths about themselves and the daunting political challenge that "the Other Now" presents. But, as their obsession with the Other Now deepens, time begins to run out, as the

wormhole begins to deteriorate and hackers begin to unleash new attacks on Costa's technology. The trio have to make a choice: which 2025 do they want to live in? Varoufakis has been claiming for a while that we already live in postcapitalist times. That, since the 2008 crisis, capitalism has been morphing into technofeudalism. Another Now, a riveting work of speculative fiction, shows

that there is a realistic, democratic alternative to the technofeudalpostcapitalist dystopia taking shape all around us. It also confronts us with the greatest question: how far are we willing to go to bring it about? Desert Notebooks Yale University Press A New York Post Best Book of 2016 Winner of the 2016 IWMF Courage in Journalism Award Winner of the 2016

<p>Hay Festival Medal for Prose "Destined to become a classic." —Lisa Shea, Elle A masterpiece of war reportage, <i>The Morning They Came for Us</i> bears witness to one of the most brutal internecine conflicts in recent history. Drawing from years of experience covering Syria for <i>Vanity Fair</i>, <i>Newsweek</i>, and the front page of the <i>New York Times</i>, award-winning journalist Janine di Giovanni</p>	<p>chronicles a nation on the brink of disintegration, all written through the perspective of ordinary people. With a new epilogue, what emerges is an unflinching picture of the horrific consequences of armed conflict, one that charts an apocalyptic but at times tender story of life in a jihadist war zone. The result is an unforgettable testament to resilience in the face of nihilistic human</p>	<p>debasement. <i>Not That Bad</i> Random House From the author of the bestselling <i>Motherfoclóir</i>, Non-fiction Irish Book of the Year. A TLS BOOK OF THE YEAR. What do we talk about when we talk about Irish? When we talk about saving or supporting a language do we mean the musical combination of syllables, or something more profound? How do new words enter a language, and what is the</p>
---	--	---

relationship between that strange dialect called Hiberno-English and its parent language? Craic Baby picks up exactly where Motherfoclóir left off and explores the very new and very old parts of the Irish language from a personal perspective. While Motherfoclóir was steeped in memory and a father-son relationship, Craic Baby hinges on the beginnings of a father-daughter

relationship, and how watching a child learn to communicate changes how you think about language. Craic Baby will share more Irish words and issues connected to the language, in the same style as Motherfoclóir, but treated with greater confidence and more depth. Little Panic Melville House Part medical mystery, cultural criticism, and rallying cry, Editor of the Funny Women

column at The Rumpus shares her journey to reclaim her authentic voice in a culture that doesn't want to hear or understand women. Throughout the first half of President [BLEEP]'s term, Elissa Bassist saw seventeen medical professionals, joining millions of American women who suffer from indescribable chronic pain. She consulted a psychologist, psychiatrist,

ophthalmologist, neurologist, radiologist, psychopharmacologist, allergist, Ear/Nose/Throat specialist, gastroenterologist, orthopedic hand surgeon, occupational therapist, physical therapist, massage therapist, acupuncturist, herbalist, and an obsessive-compulsive disorder specialist. It was the acupuncturist who inquired about caged fury as a contributing factor of the

physical maladies, as if the problem had something to do with her voice and what she hadn't expressed. As if treating the voice would treat the problem. Turns out, it did. In sharing her story, Elissa explains how women and girls internalize and perpetuate directives about what to do with their voice, making it hard to "just speak up" and "burn down the patriarchy."

Today's mind-body doctors theorize that some physical pain is, in fact, repressed emotional pain finding expression, that emotions pile up in the unconscious, going unarticulated until they hit max capacity and tell the brain to create physical symptoms. When the mind denies itself language, it gives the body pain. If you don't share your story, your pain will tell it for you. Hysterical is inspired by

Elissa's own journey to reclaim her authentic voice in a culture that weaponizes silence, noise, and language against women. She offers new ways to think about the female voice and calls on other women to unleash their unheard cry, which was theirs before the world intervened, the one they can learn to hear above all others and use again without regret.

[A Story of Faith, Loss,](#)

[and Renewal in Middle America](#) The New Press Edited and with an introduction by Roxane Gay, the New York Times bestselling and deeply beloved author of *Bad Feminist* and *Hunger*, this anthology of first-person essays tackles rape, assault, and harassment head-on. *Vogue*, 10 of the Most Anticipated Books of Spring 2018 *Harper's Bazaar*, 10 New Books to Add to Your

Reading List in 2018 *Elle*, 21 Books We're Most Excited to Read in 2018 *Boston Globe*, 25 books we can't wait to read in 2018 *Huffington Post*, 60 Books We Can't Wait to Read in 2018 *Buzzfeed*, 33 Most Exciting New Books of 2018 In this valuable and timely anthology, cultural critic and bestselling author Roxane Gay collects original and previously published pieces that address what

it means to live in a world where women have to measure the harassment, violence and aggression they face, and where sexual-abuse survivors are 'routinely second-guessed, blown off, discredited, denigrated, besmirched, belittled, patronized, mocked, shamed, gaslit, insulted, bullied' for speaking out. Highlighting the stories of well-known actors, writers and experts,

as well as new voices being published for the first time, *Not That Bad* covers a wide range of topics and experiences, from an exploration of the rape epidemic embedded in the refugee crisis to first-person accounts of child molestation and street harassment. Often deeply personal and always unflinchingly honest, this provocative collection both reflects the world we live in and offers a

call to arms insisting that 'not that bad' must no longer be good enough. *Another Now* Grove Press From one of America's leading reporters comes a deeply personal, extraordinarily powerful look at the most volatile crises he has witnessed around the world, from New Orleans to Baghdad and beyond. *Dispatches from the Edge of the World* is a book that gives us a rare up-close

glimpse of what happens when the normal order of things is suddenly turned upside down, whether it's a natural disaster, a civil war, or a heated political battle. Over the last year, few people have witnessed more scenes of chaos and conflict than Anderson Cooper, whose groundbreaking coverage on CNN has become the touchstone of twenty-first century journalism.

This book explores in a very personal way the most important - and most dangerous - crises of our time, and the surprising impact they have had on his life. From the devastating tsunami in South Asia to the suffering in Niger, and ultimately Hurricane Katrina in New Orleans, Cooper shares his own experiences of traversing the globe, covering the world's most astonishing stories. As a

television journalist, he has the gift of speaking with an emotional directness that cuts through the barriers of the medium. In his first book, that passion communicates itself through a rich fabric of memoir and reportage, reflection and first-person narrative. Unflinching and utterly engrossing, this is the story of an extraordinary year in a reporter's life. *Hysterical* Grand Central Publishing From the New

York Times bestselling author of *Bad Feminist*: a searingly honest memoir of food, weight, self-image, and learning how to feed your hunger while taking care of yourself. “I ate and ate in the hopes that if I made myself big, my body would be safe. I buried the girl I was because she ran into all kinds of trouble. I tried to erase every memory of her, but she is still there, somewhere. . .

. I was trapped in my body, one that I barely recognized or understood, but at least I was safe.” In her phenomenally popular essays and long-running Tumblr blog, Roxane Gay has written with intimacy and sensitivity about food and body, using her own emotional and psychological struggles as a means of exploring our shared anxieties over pleasure, consumption, appearance, and health. As

a woman who describes her own body as “wildly undisciplined,” Roxane understands the tension between desire and denial, between self-comfort and self-care. In *Hunger*, she explores her past—including the devastating act of violence that acted as a turning point in her young life—and brings readers along on her journey to understand and ultimately save herself. With the bracing

candor,
vulnerability,
and power
that have
made her one
of the most
admired
writers of her
generation,
Roxane
explores what

it means to
learn to take
care of
yourself: how
to feed your
hungers for
delicious and
satisfying
food, a
smaller and

safer body,
and a body
that can love
and be
loved—in a
time when the
bigger you
are, the
smaller your
world
becomes.
